Oct. 20,

Here is the latest information coming from The Ashtar Command.

Galactic Federation or Federation of Light?, Cosmic Solidarity for the Re-Occupation of Planet Earth, Underground Bases Gone, and Related Important Topics

Greetings in the Light of our Radiant One, this is Lord Ashtar, of the Ashtar Command. And Greetings to all peoples of planet Earth, to all of our fellow Ground Crew or Cosmic Clean up Crew the Volunteers presently in Earth embodiment. I speak specifically to you all, in your courage and dedication, and we of the Universal Fleets of Light, from all over this Universe and many other Universes, that surround this planet in Guardian Action, want to Officially express our Cosmic Intergalactic Universal Solidarity for the powerful Occupy movement of change and Transformation of Consciousness of the people's of Earth, that is very quickly spreading around the planet.

As this channel is aware of, of many other fellow channels & contactees who have been receiving many other very clear channeling-transmissions-communications from various fellow Beings of Light from various Commands and fleets scattered around Earth, and there is, as of recent months, so many ships of Light surrounding this planet it is like Cosmic Rock Star Parking, with almost hardly anymore parking spaces available up here, as we're getting Ready for the even more exciting Events soon to occur!

We wish to share with everyone more of our insights regarding this historical moment when the people of Earth have officially on a mass level Awakened in a planetary Apetheni of Empowered Self Realization, of Self Determination, to take back, to Reclaim or Re-Occupy Mother Earth, out of the hands of the cabal. This vast planetary movement has been building up for quite some time, and it was the combination of each soul's individual & collective mission to ultimately do this, in this New Time Line, along with those of us of the Higher Realms of Light who powerfully Overshadowed, Inspired and helped Activate this entire movement with our recently updated and more powerful Elohim Consciousness Technologies.

This also helped to intensify the entire planetary Awakening and a powerful but peaceful Call to Action. As this channel tuned into, it is also true that for so many of the ones who first received this simultaneous Cosmic 100th Monkey Affect planetary wide Self Realization Signal from us to help initially organize and instigate this movement, that it has been their mission, as Volunteers in Earth embodiment from our Command and all Commands of the Federation, to do this very thing, at this time.

I also wish to comment and confirm what this channel telepathically tuned into a few nights ago, while speaking to another of our fellow Volunteers on the phone, about our plans regarding the Occupy the planet movement.

[Ashtar is referring to Lance Campbell, who I was speaking to on the phone and I did receive a strong telepathic message from Ashtar about something that will be occurring soon in the near future. For those who have not read the e-mail that I have sent to others on my e-mail list describing this awesome sighting on the night of Jan. 19, 2011, Lance had observed a huge Light Ship hover overhead while he was driving his truck along the highway, while I was being interviewed by George Noory on the Coast to Coast AM show.

I have shared in detail about this event in the e-mail I have sent to many people, titled, Recent UFO Sighting Confirms Authenticity of Book, Prepare For The Landings! (PrepareForTheLandings.com)

. Briefly, as Lance shared with me after I had a chance to speak with him over the phone for the first time, about the particular group of Light Beings that he was in telepathic communication with, who had been for well over a year, since 2010, when they first began physically coming down to hover overhead in their 1000 ft. and larger sized space ships. While he was in telepathic communication with them, they began to confirm to him many things by maneuvering their craft in such a way to specifically answer his questions that he had telepathically would ask them, to Verify the Authenticity of various individuals within the UFO community who were often guests on the Coast to Coast show (Ashtar had also already confirmed to me of this fact as well, of the different guests on the show, of who within the UFO community were sincerely telling the truth or who were not being sincere and straight forward. Unfortunately most so-called UFO investigators appear to always have some kind of hidden agenda of not telling all that they know, while those very few contactees, that Noory has even allowed on his show, like James Gililland, are very sincere and authentic). Whenever Lance would specifically ask his space contacts if he should even believe what so many of these so-called UFO experts or researchers were saying and if they were really being sincere and should he even listen to their information that they were sharing on the show, usually he would get a NO answer, with the ship making a specific maneuver as verification of this fact, and only rarely, once in awhile, would they move their ship in a Yes maneuver. According to Lance, on the night of Jan. 19th, while listening to me on the show as I was also speaking about my book, Prepare For The Landings! Are YOU Ready?, when he telepathically asked specifically about whether I was authentic and should my book be believed, he stated that they made a very strong Yes maneuver, and he got very excited about this, since as stated, only a few times had he ever gotten this strong Yes Confirmation about any of the other guests that Noory had been interviewing regarding UFO's & ETs.

Nothing like getting it from the Cosmic Horses Mouth! (Fellow contactee & channel James Gililland was also one of the very few other guests who had also received this Cosmic Kosher Stamp of Approval)]

We want to confirm about this earlier brief telepathic message that was received about us ultimately very soon indeed putting on some shows of Cosmic Solidarity of appearing and/or hovering overhead with our Light ships, to give support and inspiration to the entire Occupy movement that is continuing to build up with more and people quickly Awakening and joining this movement. And just as was observed by Lance, when moments later, some of the Federation fleet did, in fact, fly overhead, in a maneuver to Verify the telepathic message, just as was also done on that earlier evening months ago, to also Confirm the contents of this channel's book. Yes, and as we have stated many times to this channel and to many others, that as we have stated many times how we mean business, and how this channel also experienced one of many times, those numerous synchronisities and sypendipities while riding along in the earth vehicle of his friend, and he happened to mention to his friend who was driving, as he had referred to how we had many times channeled and communicated this fact to him and other fellow channelers and contactees, that quote, We Mean Business about us truly much more openly will be making our mass appearances and open contact with everyone on planet Earth. And this particular time, as this channel happened to mention this fact again, of repeating this specific phrase to his friend, that we mean business, a split second later as he glanced up at the local city bus that was just passing the car he was in, and he saw the sign on it. That, while it was about something else being advertised, it was still no accident that at that very moment he would see this sign that read, We Mean Business, in another of many syncranicities of Confirmation that truly WE MEAN BUSINESS and will fulfill our Sacred Promise and it is, indeed, a Cosmic Done Deal!

But to return back to the subject that was being discussed, of giving Cosmic Solidarity to the planetary Occupy movement and the fact that the entity incarnated on Earth in one of his past lifetimes, who was known as Guy Fawks, and of the

holiday that is named after him. While it is true that he did initially experience some negative karma, for instigating an attempted violent overthrow of the British government on the date of Nov. 5th, it could be argued that he was, never-the-less, philosophically speaking, justified, at believing any form of tyranny or too much power should be overthrown or rather stopped, and that there are ways to much more peacefully cause a overthrow of those in positions of power. Instead of a violent overthrow or ending of such corruption and lack of Accountability, it is possible to cause, incite and inspire a powerful but peaceful uprising, a Revolution of Consciousness or Spiritual Revelation of Change. Yes, in which the people of the entire planet, simultaneously, all rise up in mass, and cause an overthrow of those who have been in positions of corrupt power by forcing Accountability through peaceful but powerful Acts of Peaceful Protest & Civil Disobedients.
