Subject: What David I. Thinks The Reptilians Look Like.  
2011.

Nov. 2,

Here is what David I. says about the reptilians.

.....  
.....

WHAT DO THE REPTILIANS LOOK LIKE?

<http://www.greatdreams.com/reptlan/repleo.htm>

King Leo: (This is one of the good types)

Other Types

The Reptilian Aliens which are called Reptoids are proportional in size to modern humans. They have a snake like or lizard appearance. These are highly advanced entities but viewed as being of a negative, hostile or dangerous disposition since they regard humans as a totally inferior race. They would perceive us much the way we would perceive a herd of cattle. The information about these creatures varies from source to source. Supposedly they consider Earth their ancient outpost and want to have complete control over it because their planet is becoming unable to adequately support life.

The so-called "Reptilians", or "Reptoids", is noted that there is no implication in these descriptors other than of intelligent, communicative persons. What distinguishes these "Reptilian" extraterrestrials is their skin, which has small, fine scales, rather than smooth, their face, which has larger-than-human yellowish-green eyes with a "starburst"-shaped pupil, the eyes often oval, and an almost snout-like blunt process in the area of the nose and mouth, giving this type an almost dragon-like humanoid appearance.

Another group of extraterrestrials for convenience, I call the "Jawas", after their resemblance to the creatures in the film, Star Wars. This group is distinguished by their clothing. They wear hoods and robes, are generally short (three to four-and-a-half feet tall), and their faces are concealed by the shadows thrown by their hoods. Sometimes there is a much taller hooded and robed one on board the UFO, who often stands to the Experiencer's left as she/he lies on the ET medical examining table.

This Tall One appears to direct the procedures, and often is the one who telepathically communicates with the Experiencer. A few Experiencers have noted glowing eyes under the "Jawas'" hoods.

Other Experiencers have reported that when they got a glimpse of the Being whose face was shadowed by the hood, it was a type of "Gray". Still others saw neither glowing eyes nor "Grays" under the hoods, but rather never could distinguish the features in the shadows of the hoods. There are often mixed-race crews on the UFO's. In such cases there could be "Jawas" or "Praying Mantis" types or "Reptoids" or "Grays", joining in a coordinated effort in carrying out scientific or medical tasks.

Few Experiencers have noted robot-like figures, whose movements and "vibes" (or rather lack thereof) strongly suggest that these are robots sent remotely by the extraterrestrials to observe, reconnoiter, and possibly retrieve objects. The robot-like figures appear to be relegated to the more impersonal tasks of information-gathering and stealthy surveillance, without the risk to the extraterrestrials that they would otherwise run of possibly encountering hostile human responses.

Upon closer looking, the experiencer was able to see the actual nonhuman face of the extraterrestrial behind the mentally-imposed "human" mask.

Extraterrestrials are capable of producing 'screen memories' and what the abductee sees is not necessarily what is the true version of what has been seen.

Few races today have actually remained as pure genetic stock, with the exception of two races that the Andromedans say are really genetically clean.

That is the Reptilians from Alpha Draconis, and the other is what we call, or know as the E-ohim, which are a very ancient race of humans that survived Lyra.

All other races are a varied degree of hybrid or mixture of races of different genetic stock.

#### DRACO MOTHMEN

In the constellation of Draco, there is another race of entities which has in the past visited Earth. They are 8-foot-tall, dark, nocturnal aliens who appeared around graveyards and parks. They have red eyes that glow in the dark and wings to fly. They are referred to by us as Mothmen.

They are also the source of legends of the past relating to gargoyles and Valkeries. Even some qualities of vampires have been taken from the qualities of this creature -- the ability to fly and nocturnal habits. The Mothmen have no particular influence on earth at this time other than as causing panic and a cause for curiosity. They are mostly hidden underground and do not wish to attract attention.

#### RELIGIOUS CONNECTIONS

The Vedas divide the beings of the Universe into 3 basic classifications: The Buttahs: Being that dwells in spiritual darkness. The person may be intellectually developed. The Buttah are normally associated with nightmares, abductions and the taking of small children. They usually come around at night. The Grey aliens who do abductions falls into this category. The Reptilians are also part of this group. They are usually not very physically attractive. Apparently long ago there was a visitation long ago by Buttahs called Wacshashas who were negative, powerful, aggressive beings.

#### THE RELATIONSHIP BETWEEN THE REPTILIANS AND THE GREYS

The most common encounter between Humans and Aliens appears to be with the beings called Greys. They are said to be about four feet tall and get their name from the color of their skin. They look insectoid in nature with large heads and large black eyes. They have limited facial features including a dot of a nose with a slit type mouth. They have no visible reproductive organs. It is reported that they are subservient to the Reptilians and appear to be a worker-technician class. Some people relate that they are cruel, others state that they appear benevolent. In addition, they are supposedly here to ready us for our next step. The problem is that what the next step is, varies from one source to another. Some say that they are here to infuse new life in their dying species through genetic manipulation with human DNA. Others say that they are here as a scouting type party for a full scale invasion from the Reptilians. Another opinion is that they are here to help humans move to the next step of our evolutionary process.

According to the Andromedans, the Greys are training us to fight their war against the Draconians (One of their masters) when they get here, because they are going to use us as their soldiers. Just like when our military sends in the infantry and marines, those implanted will be the first ones on the beach. While the Greys sitting back on board their ships, and wondering how the battle is going. They have chosen our world to be the battle ground. At the same time they are still going about preparing the earth for its new owners. Apparently, the Greys are going to make this attempt, but the inevitable truth is that the Reptilians from Alpha Draconis are on their way here now. And this has very serious implications for us. We have boxed ourselves into a corner and the only way we can change the outcome is that we have to consciously become aware of what our world is really about, what's really going on here.

#### WHAT IS THE PERCENTAGE OF ABDUCTIONS?

According to Britain's highly respected UFO abduction researcher and retired police officer, Anthony Dodd, reports of Greys comprise about 75-80% of alleged encounters while Nordics, Reptilians and Praying Mantis types round out the other 20-25%.

#### THE REPTILIANS VS THE RENEGADE MILITARY

The renegade military-intelligence units deliberately intimidate,

physically abuse, and even gang-r-ape the civilians they kidnap. The extraterrestrials do not. (Although the psychological warfare division of the renegade military-intelligence units, and their dupes who swallow their propaganda, put out lurid false stories in UFO magazines, books and internet newsgroups about "raiding reptilians" and other sci-fi comic book fantasies.)

WHERE DO THE REPTILIANS LIVE?

<http://www.greatdreams.com/mojave.htm>

MOJAVE CALIFORNIA

NEW YORK CITY - may prove that giant cavities exist in granite at depths of more than 11 miles, conclusions which have also been supported by Louis V. King, a mathematician who calculated that, at normal temperatures, a cavity would exist at a depth of between 17.2 and 20.9 miles. R. L. Blain-Sanders, in an article titled 'TUNNELS AND CAVERNS BENEATH NEW YORK CITY,' which appeared in the Fall, 1981 issue of SHAVERTRON, described the author's knowledge of a large triangular system of tunnels utilized by a 'M-sonic lodge', deep below the surface of New York City. There is in fact evidence that Dorr did dynamite shut the lower level of 'Kin Sabe' cave in Kokoweef Peak, and there are present-day attempts to break through into this underground system.
