Subject: Latest Reptilian Base Destroyed. Part 2 of 2.

Nov. 4,

2011.

This explains the purpose of this base.

.....  
.....

Explains a lot doesn't it.

Reptilian base under Gulf of Aden is a priority target.

Both of these bases, the one south of the Saudi Arabian, UAE, Yemen, Oman peninsula, this is the one in the Gulf of Aden, and the one off of the coast of China -both are well fortified, re-enforced fortresses, if you will, deep under water bases located on the ocean floor. Each is a large operational, underwater base with a domed roof, and an energy shield protecting each base. They are simply well protected.

A Matter of Importance

But, taking out the Reptilian base on the floor of the ocean south of the Saudi Arabian, UAE, Yemen, Oman peninsula is a priority, a much more pressing matter. The reason is simple. As you know, Earth's history continues to repeat itself year after year. The squabbling, the skirmishes in this region, these have gone on for thousands of years. And the original reasons for these skirmishes have gotten blown way out of proportion. With help from the Reptilian undersea base, as you can understand.

And, the constant bombardment of this region with a highly disruptive -agitation, confusion, anger & fear based sonic energy beamed from the transmitter from this specific undersea base' continues to escalate the possibility of full blown w-r in this region. Constant fighting, constant irritation, constant bickering' even among their own people. And they don't even realize what is going on. They don't even know the reason why - The undersea base with its transmitter.

In closing, I'm going to quote the commander of primary Andromeda Council biosphere, when I asked him about this situation, he said, The people in this area are being played much like what you call pawns on a chess board, and they have no knowledge as to how, why, or how long this has taken place. We have to and we will put a stop to this. This undersea base will be taken out.

Yes, outside parties, with outside interests, have attempted n-clear strikes in order to start a full-scale wa- in this region. Which we have stopped, disabled and neutralized their b-mbs, a few times. Yes, we had a hand in this.

Understand, a full-scale nu-lear -ar cannot and will not happen in this region. We will not allow actions that permit nuc-ear w-r to start by either side. The impact would be far too great to your planet, your people, and the rest of your solar system. What you do on Earth affects us all.

Anything else I might say about this situation would get into tactical or strategic information. I can't and won't do this.

The goal is simply to put an end to the mostly unknown, unaware 'enslavement' of the people of Earth.

And the end of this wa- in space is concluding with the destruction of the underground & undersea bases on Earth, and removal of these malevolent Reptilians and their regressive Grey associates from our world.

Earth IS our planet. And we have a right to be free, sovereign people.

Andromeda Council: Removing Reptilian undersea bases from Middle East & China

<http://www.examiner.com/exopolitics-in-seattle/andromeda-council-removing-reptilian-undersea-bases-from-middle-east-china>

How to evaluate correlation of the 5.0 Gulf of Aden earthquake and the reported Andromeda Council destruction of an undersea reptilian base

1. Independent evidence/Convergence There is no independent evidence of the actual communications from a reported Andromeda Council extraterrestrial representative regarding the destruction of reported Gulf of Aden undersea Draco and Hydra reptilian base at the time of the Oct. 31, 2011 Gulf of Aden earthquake. The evidence that exists are Tolec's communications to us of experiences and communications he is having with the reported Andromeda Council extraterrestrial representatives themselves.

In this case, the location of the Gulf of Aden reptilian base as reported by the Andromeda Council is identical to the epicenter of the earthquake as reported by the US Geological Survey. This convergence adds a measure of credulity to the possible reality of the Andromeda Council as the actual source of the communication, and of the veracity of the reported destruction of the reptilian base.

One can also evaluate the possible reality of the reported Andromeda Council scenario for destruction of the Gulf of Aden undersea reptilian base by testing its congruence with other independent findings or reliable assertions.

2. Congruent independent analysis regarding advanced ET frequency wea-ons destroying reptilian deep bases at multiple locations Independent researchers have come to similar conclusions that previous Andromeda Council sonic beam we-pons against deep bases under Washington, DC, Denver, CO and elsewhere are the result of advanced ET frequency weap-ns.

Therefore it is reasonable to conclude that the Andromeda Council's p-lice action with sonic beam weapo-s may have resulted in the destruction of the deep reptilian bases under Washington, DC on Aug. 23, 2011, under Denver, CO and elsewhere in the USA.

It is reasonable also to conclude that these same galactic gov-rnance Andromeda Council sonic beam wea-ons systems and methods were applied in destroying the Gulf of Aden undersea reptilian bases on Oct. 31, 2011.
