This shows the comments of people who have gone to see Braco.

Adriana - Hawaii

I am looking at his eyes now from one of the postcards that circulated before and during his presence here. My experience with Braco returned me to my most essential Self. I often left the room in awe, gratitude, and a complete open-heart while at the same time feeling very grounded. I am grateful for that! I appreciated being so joyful while at the same time grounded.

Celeste Eaton - Hawaii

The first time I went I wasn't able to turn my neck to one side for almost 2 years I began to feel such love coming from Braco when a hot energy hit the side of the neck. It was amazing & the next day I could turn my neck again.

Jean Love - Hawaii

Braco has truly connected me to the source of love and light I have always known was within me, and somehow through his loving gaze I remember who I am.

Pat Ganaban - Hawaii

I had the opportunity to experience the gazing session both indoors (Oahu) and outdoors (Kona). On Oahu I attended the gazing sessions once a day for five days and had such blessings and m-racles not only for myself but others connected to my life.

I also have to share that I am so completely amazed to not only have my dreams back, but a knowingness that I can actually LIVE them!!!! I have experienced such a profound inner transformation since October. Sooo much Love, peace, and JOY! After many, many years of depression! I will share in greater detail soon.

~Namaste~

There is a sense of happiness, gratefulness and love within me since I experience Braco that remains with me and expands with every time I attend his gazing. Thanks!!!

Zacksgirl - Oregon

Today was my first ever experience with Braco, I loved it. My hands got so hot with Reiki and my heart Chakra was so full of love. I feel amazing. I am sure my healing will be enhanced because if Braco having touched me so deeply. Thank you Braco for coming to Oregon and seeing me as Perfect.

Barbara Cannon - New Jersey

I am looking forward to attending the gazing session next week in N.J. My daughter who is 6 and has speech difficulty and conitive issues saw the picture of Braco and said, the man stares at people and don't talk. Children are amazing in what they know.

Rev Julie Uli - 3/27/2011

It is a challenge to express all that transpired during a short session. I am still resonating to the high frequency of energy I experienced. I feel I was touched by The M-ster in my s-ul. Words are inadaquate to express my gratitude. Namaste!

Susan S - Phoenix

I was recently at a gazing session in Phoenix. Wow. Wow. Wow. I have been on oxygen 24/7 for the past two years, diagnosed with end stage COPD, such a harsh diagnosis as I'm not very old. I walked out with a great feeling of being able to

finally reach the bottom of my lungs, I took my oxygen off half way out to the car and have been just flying ever since!
Thanks Braco!

Wesa - 1/6/11

This is so intense. Thank you for publishing & sharing his pictures. A true brother of Atlantis the power & healing of the Almighty comes through his pictures too. Thank you so much.

Diana - Houston, Texas

Loved every gazing session and the feeling that I left with after each one. Just cannot find words to describe it. I felt pure love and I felt that I was being raised higher to a different level of spirituality. My main focus was my daughter and her asthma/breathing issues.
Love & Light to all!!

Lin Mogitz - Miami

I attended a Braco gazing session yesterday in King of Prussia, PA. It was my first session, and what a powerful experience it was! Only a few seconds into the gazing, the energy became very powerful.

Light shifted into white, gold and purple, and I experienced a floating sensation. A lot went on inside me at once, and the powerful energy sensation stayed with me for quite a while afterwards... G-d bless Braco and all concerned for his work!

John Ramsey - 7/20/10

I visited Braco's website a couple of weeks ago. At the time, I thought nothing of it. From the following day onwards I began to feel a feeling that has stayed with me since: a feeling of profound peace and love. I was worried about money all the time now I have no worries about it. In the days following looking at the videos on Braco's website I also had a strong sense of love for others and connectedness something I have never experienced before to this extent. Also, three good things happened at work in quick succession. I feel a new sense of, the only way I can describe it is a gold glow in my heart that feels so wonderful.

Erick Morton - Hawaii

I went to Braco once as a very skeptical person but with an open mind, I came out with a terrible back injury healed. I wasn't sure if it was real until weeks later when I could honestly say that I had no back pain since seeing Braco. The thing with Braco is he lets us heal ourselves in a way, giving us a positive environment to re-channel our positive energy right back into ourselves through his gazing. The other miracle in this process is that it's free. Thanks Braco for giving me hope!

Liza S - Los Angeles

Just returned from my second LA experience and brought my skeptical daughter. A couple of minutes into the first session, a severe vision issue she has had for over a year cleared up. As an energy-sensitive person, she was able to describe for me quite a lot of detail about how the energy flowed out, gathered the energy threads from the participants, wove them together, and sent them up to the Matrix grid of energy that surrounds us all. We both got a visual of Ivica standing behind him at the second session, and I saw his face change several times, possibly to those healers and ancient figures that have done similar deeds?
Cannot wait to see what things continue to change for us, as the last month's single session already helped so much!

Lois Marsing - Los Angeles

I experienced Braco in LA last weekend. It was profound and unspeakable. The intensity of the energy affected me deeply and on multiple levels. I was pierced to the core and found myself sobbing uncontrollably about something I understood but could find no words to describe. I also experienced burning in parts of my body. There truly are no words to express the inexpressible. I look forward to what is next. I am like a moth to the flame.

Resident of Maui, Hawaii 2010

My friend Beryl from Maui, is 85 and had a very purple, large skin cancer on her shoulder. Over a period of days after Braco in June, it just kept shrinking, so she decided to postpone the scheduled surgery a bit, and watched as it simply disappeared. I had seen it originally and am so Grateful and astounded to see her normal, pink

healthy shoulder that looks like nothing was ever there.

Spinnaker Wyss - Honoka-, Big Island

I was in a car accident 10 years ago, had a ruptured disc in my neck and have been dealing with chronic pain ever since. I also have many illnesses, diseases such as Endometriosis, adrenal Fatigue, etc. I have seen endless doctors, a vast array of alternative healers. Most have not helped, many have caused an intensification of my symptoms . . . In January I attended 2 Braco sessions . . .

It's been over a month now, and I have experienced a dramatic change in my body as well, my neck no longer hurts after 10 years, I have been able to cut back significantly on my pain meds. I stand taller, can move more freely, my body is flexible and feels different in many ways. I feel incredibly light, positive, physically warmer, fortified. I am aware for the first time in my life that I can access the universal energy and that anything is possible, including significant instantaneous changes in body and so-l.

I was in a car accident in 2009 that led to brain damage and several physical limitations. Since gazing with Braco, I have had tremendous health improvements! I have been cleared to return to work, which my doctors can't even believe! My brain function has improved quickly and I feel no more pain! So I thank you Braco with all the love and light in my heart and I am forever grateful!

Mariola Ziemiuk

Something wonderful happened with my mother , she is in Poland. I did take her picture on Braco gaze and after one week mi-acle happened. She was blind on one eye. Now she can see. Doctors told her they can't help her, any surg-ry won't help her. After Braco she can see.
Thank you for Braco, loving energy and for all of you.
