Benjamin Fulford 11-24-11

A lawsuit was filed today (November 23rd US time) that could end the s-cret g-vernment that has ruled Western civilization for at least the past 300 years. The lawsuit claims that close to \$1 trillion was s-olen by, among others, UN S-cretary General Ban Ki M-on and the -N, former Italian Prime Min-ster Silvio B-rlusconi and the I-alian g-vernment, Giancarlo B-uno and the D-vos World Economic forum and others believed to include many of the owners of the US F-deral Reserve Board. The lawsuit was filed in New York by Neil K-enan, acting as representative of the D-agon family, a reclusive group of wealthy A-ian families. This filing is the result of extensive evidence gathering by international p-lice and law-enforcement agencies including Int-rpol, the C-A, the Japanese Secu-ity Pol-ce, Eastern European se-ret services and has the backing of the P-ntagon as well as the armed forces of Russia and China.

The ultimate defendants in this legal action are believed to be the same ca-al behind the ass-sination of US P-esident John F. K-nnedey and many other major international crimes.

This particular lawsuit was triggered by the illegal detainment of two Japanese citizens, Akihiko Y-maguchi and Mitsuyoshi W-tanabe, as well as the seizure of \$134.5 billion in bonds they were holding in It-ly on June 3, 2009. After the bonds were st-len, self-described 33rd degree Fr-emason Leo Z-gami contacted this writer and said the Montecarlo P2 ma-onic lodge could cash the bonds with the help of Va-ican banker Daniel Dal Bo-co. This writer forwarded the information, via a member of the UK Ro-al family, to the dragon family who entrusted a further \$1 trillion worth of similar bonds to the plaintiff Neil Ke-nan. Kee-an then, after much negotiation, entrusted the bonds to Dal Bos-o.

Dal Bos-o subsequently absconded with the bonds and was followed 24-hours a day by various int-elligence service agents to see what he would do with them. The Dal Bosc- trail led to the Davos W-rld forum, the U-, the Italian go-ernment and the Vatic-n, among other places. Following this, K-enan was approached by a who's who of powerful figures including top Vat-can officials, Wall St-reet bankers, European nobl-s and former US pr-sidents, most offering him astronomical bribes to go away. He was also pois-ned with ricin and nearly k-lled.

According to K-enan "The roots of this case go back to between 1927 and 1938, when, under arrangements made between T.V. So-ng (Finance Minister of China) and Henry Mor-ethau, Secretary of the Tre-sury, The U-ited St-tes Gov-rnment purchased some 50 million ounces of silver and leased vast amounts of gold from the Nationalist Ch-nese Gov-rnment, known as K-omintang. For all the treasure handed in, certificates were given to those who surrendered their precious metals."

Many of the bonds seized by Dal Bo-co are backed with the Chinese gold taken by the Fe-eral Re-erve Board during those years and never returned to its legal owners.

Other bonds seized were Ke-nedy bonds. These bonds were backed by gold

held in trust for the people of the planet and were supposed to be used to finance the economic development of the world. Instead they have mostly been stolen and misused by members of the cabal that has seized control of the Western financial system on behalf of private interests.

The original signatory to the Kennedy bonds was former Indonesian President Soekarno. Soekarno's heir Dr. Seno Edy Soekanto has given Keenan power of attorney to return their rightful owners the Kennedy bonds and other property allocated to the people of the world via something known as the global collateral accounts.

The lawsuit is only the first salvo in a legal battle to restore control of the global financial system to the people and governments of the world as well as the rightful owners of historical assets that have been seized by members of the banking cartel.

The lawsuit has been filed as Civil Action #8500 at the United States District Court for the Southern District of New York on November 23, 2011.

Background information on the problems with the global financial system

By Neil Keenan and Keith Scott.

The entire cause of the problem.

The United States is a private corporation owned by the British Crown (Rothchilds), the Bank of England (Rothchilds) and the Vatican (Rothchilds again). It was previously called the Virginia Company until 3/9/33 when it was dissolved by Roosevelt under the Emergency Banking Act. On 5/5/33 Congress elected to dissolve the Gold Standard and Sovereign Authority of the U.S. and all of its official capacities including government offices, departments and officers. The U.S. is a corporation, not a nation. The Federal Reserve is neither Federal, nor a Reserve. It is a private counterfeiting organization run by Jewish bankers who lend the money they print out of thin air at interest while we keep on paying these criminals to fleece the People.

That technology of theft and deception that has been exported from the United States through their promotion of this fraud as the paradigm of global finance is an obscenity that has set the seeds of its own destruction.

This has been compounded by the refusal of ordinary people to realize, know and understand that it is the duplicity of Governments and the deceit and endless greed of bankers that combined to simply fleece them like the apathetic sheep they are. Apathy and ignorance of the truth, creates belief in the lie. The truth is self-evident, but most people choose to neither hear it nor understand it. The debts of the Federal Reserve are the debts of a private corporation that is robbing the people of the United States.

The United States Dollar is a Federal Reserve Note and the obligations against the currency are the obligations of the Federal Reserve, not the people of the United States.

Understanding the History

1. Between 1927 and 1938, under arrangements made between T.V. Song (Finance Minister of China) and Henry Morgenthau, Secretary of the Treasury, The United States Government purchased some 50 million ounces of silver and leased vast amounts of gold from the Nationalist Chinese Government, known as Kuo-intang. During this period China was partly occupied by Japanese troops and there was the fear of China being overrun by the Japanese.

2. For all the treasure handed in, certificates were given to those who surrendered their precious metals. The surrendered precious metals and gemstones were sent to the United States under a lease agreement made between T.V. Song and Henry Morgenthau. The Certificates became the underlying funds of the Ku-mintang and were good and accepted securities.

3. In 1934 a new Securities Act was promulgated in the United States, together with the Gold Act, which required all bullion gold and gold coin to be surrendered to the Federal Reserve, a private corporation chartered to operate as the Central Bank of the United States and to be the issuer of the currency known as the United States Dollar.

4. Domestically owned gold was purchased. Foreign Gold held by the

Treasury was also surrendered to the Fed-ral Reserve, so, was leased to the Fe-eral Reserve. This began the series 1934 Notes issued by the Fede-al Reserve. These have never been redeemed and the interest cost was met by further issuances of the 1934 series FRN's.

5. These 1934 FRN's guarantee the lease payments and to allow the Chinese Gov-rnment to continue financially. These came under the control of the K-omintang, the Nationalist Go-ernment in China from whom the Gold had been received. Many were left in China when the Kuomi-tang had to flee to Taiwan. The Gold had been nationalized by the Ku-mintang who moved much of the FRN's (but not all) to Taiwan which was built on these notes. These Notes were the underlying wealth of Taiwan and they were good for value as they were backed by gold.

6. During the war in China, most owners of the depository notes issued by Chinese Banks were ki-led by the Japanese, others later being kill-d by both the Ku-mintang and the Chinese Com-unists, thus the Gold became property of the Nation, especially so, the Kuo-intang. In Europe, Je-s who had owned wealth were stripped of that wealth through various means and were then eliminated. The gold was taken either by stealth or by force, that is a reality of history.
