These people seem to think that the good type people have million of tons of go-d stored away.

Look for this in 2012. Use your discernment, of course, but it sounds wonderful to me. We CAN visualize it into being....

Intel Update "Tons & Tons of -old, N.E.-.A.R.A. and our GFL `Cosmic Sting' Operation" The Rumor Mill News Reading Room

NOTE: Best that you read all of the content, up to the very end... Helen "Greetings in the Light of our Radiant One, this is L-rd Ashtar, of the Ashtar Command, Federation of Light. It is a time of great joy and excitement, that we are all feeling, those of you of Earth and we who are members of your "Extended Cosmic Family" that so many important and vital Truths are now being Officially revealed and Documented, into the "public domain", for the masses of humanity, the "99%", that have for so long been either "rumored", theorized or only briefly referred to up until now.

I refer specifically to these very recent R-velations concerning the information that two of your fellow Volunteers in Earth embodiment, he known as David W-lcock and Benjamin F-lford, have officially released to the world, so that everyone else will now know for sure of the fact of well, at least just SOME, or rather more accurately, ONLY A REALLY SMALL AMOUNT of the ACTUAL AMOUNT OF TONNAGE of the vast majority of EXACTLY HOW MUCH gold and other precious metals, and treasures that actually DOES exist; have always existed for many years and centuries, scattered all around the planet.

Yes, of the fact, that as this C-annel and so many others of you have sensed and known, from within yourselves, and which you were told about in our communications with you in the past, and which as stated, is now Documented, that this Re-lation is only one of many yet to be exposed and officially Documented in the coming months. But of this immediate one, of these

millions of tons of gold and other precious metals and treasures are indeed, actually, "indirectly" part of a vast "planetary Trust" that my/your friend, Ascended M-ster St. Germain, is in charge of and is also part of what is funding the new planetary economic system known as "N.E.-.A.R.A."

First, I wish to comment on & Confirm what this ch-nnel and many others of you were sensing and specifically receiving messages from we "Galactics" in the last few days, regarding Protection of both David & Ben, in making sure that they both are Protected from any threats and/or actual attempts on their lives. And especially David for having had the courage of Officially releasing this very important and critical Documentation to Verify & Prove these facts that Ben had received & had shared in his earlier interviews with David from his contacts & sources connected with the "W-ite Dragons" & "Wh-te Hats". These, of course, are also both "directly" & "indirectly" definitely working with those of us of the Galactic Federation, as we all gear up for even more important Reve-ations yet to be revealed and documented for the whole world to now see and acknowledged as historical fact, to now become very well known in the "public domain."

So rest assured, that these two courageous individuals, as well as all our many millions of fellow Volunteers in Earth embodiment, fellow Lightworkers,

are always being watched over and Protected. As this Chan-el has often stated to himself and many others, that when interference does occur, even though it is usually not allowed as being "d-adly" to those of you who are Volunteers, it can SEEM or APPEAR initially as extremely de-dly, or at least dangerous.

But as he has stated many times, when numerous initially "irritating" examples of his e-mails and/or phone calls would be interfered with, or ATTEMPTS to block or sabotage certain projects that he was in the process of completing were experienced, it dawned upon him that as he stated, "Well, if I'm THAT MUCH of a threat, then I must be doing something RIGHT, or I would NOT have experienced those many attempts to not only k-ll me or at least totally block or stop me from what I was in the process of doing.

So I really APPRECIATE those moments of "tender lovin' care" that these agents would go out of their way to try to stop me and even ATTEMPT to literally kil- me! Wow, what an AWESOME example of TOTAL CONFIRMATION that I was obviously 'doing something right', that I was RIGHT ON, and so I will just 'turn the thumb screw a little TIGHTER' on these forces.

Don't they understand that this so-called 'interference' is only making me MORE DETERMINED & MORE DEDICATED to exposing these plans and agendas of the c-bal? So I THANK them for this (one more) wonderful CONFIRMATION of the IMPORTANCE of my deeds and actions! G-D BLESS them for these examples that we all, at times, have experienced, which has helped us all to develop even greater Discernment and Cognitive Deductive Reasoning,"

Or as it is also referred to by those of us in the Federation of Light, of being "Cosmically-Galactically Street Wise" for being on planet Earth. Now, of course, as this Chann-l experienced, there are some rare exceptions, in his case, of his very brief dea-h at the hands of the ca-al, and of him then immediately right afterwards of being physically taken aboard one of our Light Ships and brought back to life and actually made stronger on all levels of his being, from this attempt upon him. But this, of course, was planned for him to go through it, long before it had actually occurred. So, yes, in this particular situation, which is a rare exception, after it was all over, he was made stronger and immune to any other attempts to use any form of "p-ychic deadly force" [also known as "ps-chotronics"] against him by the cab-l.

This experience allowed us, directly, physically on board the ship to powerfully improve & strengthen his own DNA for his Transformational Chan-eled Readings, of helping to Activate, Enhance and Strengthen the DNA/RNA of other fellow Volunteers/Lightworkers [the "Cosmic Downloading" thru Elohim "Consciousness Technologies" of Higher Light Encodements onto the CD of these sessions] from also being immune from such attempts of "psy-hic a-sassination" that was actually attempted upon many Volunteers in years past.

[This and many more experiences are described in detail in the book, "Prepare For The Landings!"] (WWW.PrepareFortheLandings.com)

But getting back to the subject at hand, and of the fact that now the true facts are indeed being documented about how many or at least just SOME of the ACTUAL amount of how MANY, MANY MILLIONS OF TONS of gold and treasures have been available for many years and centuries.

We of the Galactic Federation and the Ascended Mas-ers of Earth, and those of Agartha, of the Inner Earth, feel that it is indeed very important for everyone to finally and fully acknowledge the vast implications of what this truly means. Especially now, as this knowledge in the last few days has quite literally become knowledge in the "public domain" level; that the genie has gotten out of the bottle and will never get back in" But, again, this is only one of many more very important Rev-lations to be fully and Officially Documented for everyone else upon planet Earth.

But from a financial or economic standpoint, of course, the implications are enormous, to put it mildly, and as stated earlier, this fact, of how much g-ld and precious treasures do actually exist, helps to make it a "no brainer" of how obvious and factual the N.E.S.-.R.A. economic system actually is--despite various "disinformation" attempts, by the "powers that were" and skeptical type people, to make this system seem only as some "fictional fable" or just mere unsubstantiated "urban legend" with no basis of historical facts.

But despite those attempts by the caba-, in so many different ways, to sabotage this eventual plan of St. Germain, this has always been our plan, we of the Federation of Light, and of the Ascended Mas-ers of Earth, to ultimately help bring into reality this new and uncorrupted economic system, that would AND WILL VERY SOON--completely replace the old corrupt fed-ral res-rve & us-ry-credit system.

As I had also once communicated with this chann-l a number of years ago, right after he had watched the movie titled "The Sting" [Paul Newman & Robert Redford played in it], I had stated to him about how we of the Federation had our own "Cosmic Sting" Operation in motion, and that one day we would literally outsmart the entire -abal and force them to step down from power (which would, of course, include a new and uncorrupt planetary economic system for the people of Earth).

Well, these recent developments are definitely part of the steps to help force this new system into place and begin to expose all of the rest of the complete history of how the i-luminati has ruled and manipulated humanity for centuries and ages upon this planet. And this is, as stated, the beginning of more revela-ions that have always needed to be completely and fully documented for the masses of Earth's humanity, so that not only would the cabal never be able to ever manipulate humanity, economically, p-litically or in any other way ever again, but that this would also result with the final and complete end of the il-uminati once and for all.
