Subject: Tons Of G-ld. Part 2.

Dec. 31, 2011

.....  
.....

This is, quite literally, the "final nail in their coffin." I will now step aside and let your/my friend, the Ascended M-ster St. Germain, to now communicate to everyone his own very important feelings and thoughts regarding these very recent developments that have been revealed and documented, and the ultimate implementation/Activation of this new planetary N.-.S.A.R.A. economic system.

We are gearing up now for not only Official Discloser by your g-vernments of our presence in your skies over this planet and of our history of visiting planet Earth, but how we have protected and guided you for many centuries and ages. So, too, the rest of your history, of economic and p-litical facts long suppressed, is now being revealed and documented.

This has always been our plan, working with the Ascended Ma-ters, and the Agarthians of the Inner Earth, we planned to end the reign of the c-bal or power e-ite. To help you all to transform your world with this new economic system, and how much has been hidden from the masses, but is now truly beginning to be Officially and totally revealed for all to see and acknowledge.

One more thing that I want to mention, as I also t-lepathically told this c-annel a few days ago, that we of the Federation of Light and of the Ashtar Command, are definitely going to start making much more open appearances of our ships both in greater numbers over your major cities and population areas, sometimes with whole fleets of our craft, as well over many of your homes.

So we would definitely strongly suggest for all of you, and to have your friends and family members do this as well, to make sure that you now, more than any other time in you past, to make sure you carry with you at all times, your cameras, I-phones and digital recorders because it would be important to continue even more now for anyone still skeptical of our existence, to get more used to more images and footage of our ships.

For things will now begin to step up as we will begin to show ourselves much more now and as stated, in greater numbers, so that all people of Earth can get used to the greater numbers of our ships leading up to eventual even greater mass appearances, and ultimately mass Landings all over the planet.

And for those few who happen to also have a pair of 3rd Gen. M-litary Night Vision Goggles, you will also, of course, really start to have even better views of our ships even further out in the night skies. And, of course, now that this ch-nnel has recently helped in setting up a way so that whatever is observed thru these special goggles over the Phoenix, AZ area, can now be seen, over the Internet, by everyone else, who are scattered all throughout the entire planet [ UFOSkyWatch.com ]

We are definitely very excited now that the final "home stretch" to what we all have been waiting for so many ages and years, has now finally arrived, as we get Ready for these next major events!

Blessing to all for the glorious times and the Golden A-e to soon manifest upon Earth. Blessings to all! This has been L-rd Ashtar, of the Ashtar Command, Federation of Light, and yes, "Keep Your Eyes on the Skies! Adonai Vassu Berogus!

Greetings to all, I Am That I Am, I Am the Ascended Mas-er St. Germain, and I thank both my long time friend, Lord Ashtar and this cha-nel for having

a chance to "add my two cents"-- or rather TRILLIONS AND TRILLIONS OF DOLLARS WORTH of sense, to these very recent public exposure rev-lations which, as Ashtar, himself, has already conveyed quite accurately and clearly, how these new developments are truly helping to bring all of us so much closer for the N.-.S.A.R.A. economic system to be fully and Officially Activated/ Implemented.

As many have already heard in recent years and even decades, of this ultimate plan of Economic R-form, of the N.E.-.A.R.A. system, otherwise known as the "National Economic Se-urity and Reformation Act." And I and

all my friends, fellow Ascended Mas-ers, Cosmic Mast-rs of the Galactic Federation, Agarthians, and to all my many friends, brothers and sisters of Earth, who have been working long and hard to finally help make this a real reality.

I thank you all for all of your dedication, efforts and support to make this now become a reality for everyone on Earth who is aligned with the Light.

I also acknowledge the disappointing set backs when the ca-al stopped earlier attempts to implement and Announce this Reformation economic system. I also thank all of those many "w-ite hats" (and "wh-te dragons") "behind the scenes" and some not so "behind the scenes" and those in the "An-nymous" organization, who I have been working with.

And -- many leaders from around the planet who I have both "directly" and "indirectly" been working with quite closely to help bring this system about. And, of course, one of the obvious first steps has been to more openly and Officially, expose how much, or at least, as stated earlier by Ashtar, only just SOME, of exactly HOW MANY MILLIONS OF TONS of gol- and other precious treasures actually do exist upon this planet, that are, "directly" and "indirectly" part of the vast economic resources that are

an intrical part of my World Trust that makes up the sources of economic freedom of the N.E.-.A.R.A. system.

For many who have been aware of this revoluti-nary economic system, have known for many years, that I have for many centuries, "behind the scenes", been meeting with the various heads of state and world leaders.

I had, gradually, formulated in detail, me and the S-iritual Hi-rarchy's plan to "outsmart" the power el-te to create and ultimately carry out part of what Ashtar referred to as the "Cosmic Sting Operation" against these forces of the il-uminati. Yes, making them think that they had been able to secure and hide all of these vast economic resources in locations that would never be accessible or available to the masses or people's of Earth.

These imbalanced forces, many of a negative reptilian origin & agenda, really thought in their "cognitive dissonance" that they had succeeded at this insidious plan for ultimate world control, which has included plans for human genocide, martial law and the complete destruction of all of the original Con-titutional Rights that were Guaranteed in that sa-red Documents known as the U.S. C-nstitution and the Bill of Rights.

And it is also true, as many of you know, that I did, indeed did appear, or rather physically materialize on the balcony overlooking the room, right after the Forefathers, who had just finished writing/chann-ling the U.S. Constitution, but had not yet signed it. For the negative me-aphysical/spiri-tual forces attempted to make these noble men (and Volunteers in Earth embodiment) start to doubt and not believe that this Di-ine Plan of human freedom would succeed.

So it was, as this cha-nel has heard, that yes, I did, indeed, make a sudden appearance before all that were there, and that I did indeed give a short, few minute speech to them, to inspire them, about Freedom and one's Rights that are given & Granted to you and us all by your/our Divi-e Creator/G-d. And I did end that very spontaneously, Divi-ely Inspired speech with the words, "Now Sign that Document!" And they did.

It is also true, that on the back of the U.S. \$2 bill, I Am the man in the background who is wearing the hat. As is also referred to in the movie "National Treasure", it is true that many of these noble men were F-eemasons and R-sicrucians, and that even though the ill-inati did infiltrate these organizations, most of those today who are members of these and other "Fraternal Orders", are truly noble individuals, who only want to see the Golden Ag- come to this planet.

But as was conveyed in the movie, the Knight Templars, who later formed the Fr-emasons and other Fraternal Orders, did recover huge amounts of go-d and treasures, many from King Solomon's Treasures and the Library of Alexandra.

Some of these treasures were, in fact, moved from the East and also se-retly brought over to help fund the early colonies in America, and the American Rev-lution, and these hidden treasures will also all be found when the time is right.

As this recent release of information has documented, one of the main sources of the accumulation of this g-ld and other treasures is presently in Asia, as well as many other locations scattered throughout the planet. Not only from numerous locations above or near the surface of Earth, but also from within the Earth, from Agartha. So, quite literally, there is actually no end to, or rather there is an infinite amount of gol- and other precious substances from an infinite number of sources, BESIDES the numerous secure storage facilities on the outer Earth these recent Documents refer to.
