Subject: The W-ite Hats.

Jan. 18, 2012.

Here is some information from a person who claims to know something about the Wh-te Hats.

.....
.....

Please read this forwarded e-mail from Alfred W-bre of E-opolitics, with an open, discerning mind. While many would immediately interpret, based upon this info., that O-ama is therefore not only "guilty" of breaking the "Constitutional requirement laws to become a U.S. P-esident, and/or that this info. implies or "proves that he, himself, is consciously, knowingly, also involved in some kind of negative e-pionage manchurian candidate mission for the c-bal.

But, perhaps, as I sense deep down, that like so many of the other "Whi-e Hats, Insiders & Whistleblowers" (many who I, myself, have personally met through the years probably as many as 200 to 300 of these former black op, covert, i-telligence operatives, and had a chance to interview them back in the 80's & 90's, many years before Project C-melot on the Internet was interviewing these types). These individuals have been "deep undercover agents of Light" who on a Higher level, were on a Cosmic S-iritual Es-ionage Mission of Light in Earth embodiment from the Higher Realms, and they often, just like Ob-ma, choose to be born into families with long histories associated with the C-A and other alphabet soup agencies. Yes, they infiltrated the ca-al, and made their "cab-l m-sters" think they were "one of them". To me, this info. by Alfred We-re and what Andrew B-siago and Alfred We-re will be sharing much more in-depth at this coming weekend's Workshop, Sat., Jan. 21st, at The Awakening C-nter, Rainier, WA), along with many other sources of information, some Ch-nneled from various Higher Extraterrestrial sources of the Galactic Federation of Light, and from other Whi-e Hats, Insiders & Whistleblowers, actually confirms that he choose to come into Earth embodiment to definitely infiltrate the ca-al by appearing as "one of them". And, as with so many of the other agents that I met, i-carnated into a family that had strong ties to the CI- & other covert intell-igence agencies, so that he could fulfill his own particular & very important mission of Light. He would use these connections to make the powers that were think that he was just fulfilling their old w-rld order agenda for control of the world (by actually letting his -IA handlers place him in the role of a "manchurian candidate", when in fact, he was a covert "double agent" for the Light. I know that many other people, though, just believe that he has fooled us all with his harming-charisma and is really just another dark hat puppet for the puppet mas-ers, and the information in this forwarded e-mail will just confirm4 to them their conscious--negative suspicions about him.

Many of the intelligence agents & b-ack-ops who I had met, actually told me how one day while they were involved in their various bla-k op, covert, espio-age work after many of them were thoroughly brainwashed, trained and programmed in the Operation Art-choke & K-Ultra mind controlled programs, they suddenly Cosmically Awakened out of all this *much cruder and less powerful* Earth level programming, and their Cosmic Amnesia Veils had suddenly lifted. They shared how they consciously remembered having been on board the Federation Merkabah Light Ships, as they prepared to come into Earth embodiment to infiltrate the -abal, and they had *Cosmically Programmed themselves, with very powerful, Higher E-ohim Consciousness Technologies* that were aboard the Light Ship, in a very fail-safe, full proof way, to one day break out of all of their negative earth level Programming. And they knew that one day they would, indeed, consciously remember who they really were, and would also help sabotage and help bring down the c-bal.

And these Deep Undercover Es-ionage Agents of Light had obviously infiltrated every single level of Earth's s-ciety so why would the ***Pre-idential level*** be any less forbidden to also cosmically infiltrate

and also make the cab-1 mast-rs assume that someone that they, themselves, had prepared to fulfill their Manchurian candidate mission would do anything different than what they had programmed him to do? This, would, of course, like all those other so-called lower level Operatives for the Light would allow this s-ul to get into the ultimate (public) position of power in the world, where he would, ultimately, help end the reign of the cabal, fooling his ca-al masters, just like all the other Cosmic Agents of Light had done as well (I Am right now in the process of compiling an in-depth report about all of the various and more recent sources of info. that does help to confirm this hypothesis about Ob-ma's true agenda, which I hope to be finished within the next week or so, and will share this when I Am done, and how some of this is also very much connected with the N-SARA Announcement as well)

Unfortunately, many who hear about or read the info. in this forwarded e-mail and who attend the upcoming Workshop at The Awa-ening Center, Rainier, WA this coming weekend, on Sat., Jan. 21st, without this other, deeper Insight, will just interpret all this info. about Obama, in a very negative way, rather than being able to perceive/Discern his real Cosmic role in helping the Galactic Federation of Light, of ending the reign of the cab-1, by also Announcing both ET Discloser & NES-RA, which is planned to occur, most likely before the end of this year 2012.

Well, we shall see; some people think that the Announcement of both ET Discloser & NESAR- might actually occur next year, that Oba-a might be re-elected, since any other so-called choice of who would be picked by the c-bal would definitely be much worse from the Republican side. Except for Ron P-ul, of course, who would, at least as of now, would never be allowed to get elected as Pr-sident, BECAUSE of what he OVERTLY has made VERY OVERTLY CLEAR, decade after decade, that he would dismantle all of the ca-al's infrastructure. And they would never allow anyone to be elected Pr-sident who has made it very clear-- OVERTLY, at least, who OBVIOUSLY is so opposed to what they have all been doing. And this is why it was necessary, as stated, for the Higher Forces of Light to get one of their own into this same position, COVERTLY, while making them think that he was just another controlled puppet.

Yes, it is very obvious, at least, as of now, that Ron Pa-1, who very OVERTLY makes it clear what he stands for, and it is has been SO OBVIOUS, once again, this year, just as it was four years ago, and so many times before, as it has been for anyone else who is OVERTLY opposed to the agendas of the ca-al (because of how rigged the elections have always been for many decades). Yes, when he attempted to run for Pre-ident, once again, as always, how the corporate controlled main stream media has totally manipulated all of the votes, so that despite Ron Pau- OBVIOUSLY getting most of the votes, it did not matter, they still manipulated the votes in favor of the ca-al's main choice this time, of Mitt R-mney, obviously another of those bought-and-paid-for, career po-iticians who is totally their puppet for whatever they think or assumed or rather, what they had ***planned*** that they are going to once again, this year, get away with. For it has appeared, as their usual agenda, is to manipulate the votes usually every four year to eight years, to make everyone tired of who was in office, to always make it seem that somehow the other candidate of the other main pol-tical party will somehow be better than who was last in office, and to then get the elected candidate from the opposite party to be the next puppet for them to totally control. But, I do not think that they will be able, this time, to totally get away with it this year; I think that this time it will back fire on them, and this whole manipulation of our votes will be exposed this year because so many more people have awakened, and will be instrumental in helping to document what actually happened, for example in both Iowa and New Hampshire, of how the officials very blantly electronically manipulated the votes away from Ron P-ul.
