German Pres-dent Ch-istian Wulff Resigns Amid Corruption Scandal

Posted: 17 Feb 2012

Christian Wulff

Reposted from International Business Times @ tv.ibtimes.com

Story by Jessica Menton

German p-esident Chris-ian Wulff resigned from his position Friday due to increasing criticism over corruption allegations. Wulff reportedly announced his decision saying it was no longer possible for him to continue with his job since it required full dedication. The troubled head of state resigned a day after prosecutors had asked the parliament to lift his immunity from prosecution.

"I am ... today stepping down from the office of federal pr-sident to free up the way quickly for a successor," Wulff was quoted as saying in a televised statement from his Bellevue pres-dential palace. Wulff was the second German Presi-ent to quit in less than two years, forcing Chancellor Angela Merkel to look for a new candidate with cross- party support for the largely ceremonial post, Bloomberg reported. The 52-year-old was a former deputy leader of Merkel's C-ristian Democratic Union party and was selected by the chancellor to replace the earlier preside-t, Horst Koehler, after his surprise resignation in May 2010.

"Developments in the past days and weeks have shown that this confidence and my ability to act are lastingly damaged," Wulff told reporters. "For this reason, it is no longer possible to carry out the office of presiden- both domestically and abroad the way it needs to be done. I have made mistakes, but I was always honest."

Merkel, who was about to leave for Rome to hold talks with Italian prime minister Mario Monti, canceled her trip and regretted Wulff's departure in a brief statement. "During his time in office, Ch-istian Wulff worked with all his energy for a modern, open Germany," Al Jazeera quoted Merkel as saying.

"He made it clear to us that the strength of this country lays in its diversity. It's a strength of this country and the rule of law here that everybody is treated the same," she added.

Wulff was accused of offensively accepting benefits during his tenure as governor of Lower Saxony state. Allegations have been made against him since mid-December largely because of his connections to wealthy businessmen, and also due to a profitable home loan from a friend's wife. He was also accused of trying to cover up everything, including reports of free holidays accepted from friends.

Message from the Councils of Light 2/17/12

.....

Hold to Howard Hughes ♦ ♦ A few Principles of Thought ♦

There are 21 councils that exist and take a leading role in the affairs of your planet. We, in turn, voice our concerns and our opinions as to how your world should be governed and a vote is then taken to decide these matters. Many issues have been decided upon in this manner, and we at this time would like to discuss with you some of these issues.

The timetable for your awakening and return to full consciousness has been often discussed, and this is one of the key areas of discussion for some

time within the councils. It has been decided that your year of 2012 would be the time for such an awakening, and many projects are underway at this time to facilitate this mass awakening. How to bring about your awakening has also been a topic of much debate, and it has been decided that a slow process would be the best suitable method as it is felt a sudden awakening would be too great a shock for some of you.

Further matters of discussion have dealt with issues ranging from how each of you individually would be awakened, and it was decided that those who knew you best would handle your individual awakenings as only they know what information you can handle and at what speed you could process it. This is why so many of you are being contacted at this time by your Star Families, and this is why so many of you are receiving clues in the form of dreams and other hints as well, as some of you are finding that your lives have contained some clues along your path that have been carefully placed to jog your memory and gently remind you of your past.

Some of what you may discover about yourself will be rather surprising to you, and some of you may be a little stunned by some of this information. Remember though, many of you have lived many lifetimes over a period of many eons, and as such have an incredibly long history relative to your brief lifespan of your current incarnation. Many of you have lived not only on another planet other than Earth, but some of you have called many planets your home over the years and still do so today. Some of you are from this galaxy, the galaxy you may refer to as the Milky Way, and others, even possibly members of your own Earth families or your close friends, are from distant galaxies throughout this universe.

We, the councils that govern this experiment called Earth, have brought you here and mixed and mingled all these different races from throughout this universe in order to conduct a great social experiment that sought to discover how you would and could all work and play together, and which groups fared better in these ways when paired with certain other groups. Many goals have been reached throughout this long and vast experiment, and large amounts of information have been gleaned from your interactions with each other throughout your many lifetimes. This great experiment is now drawing to a close, though keep in mind, this experiment is not over yet, and as a matter of fact, some of the most important information has yet to be extracted from your experiences. This calendar year of 2012 will see a great many new variables inserted into the experiment, and many eyes are upon all of you as you proceed through the sometimes radical changes and disruptions to your normal lives.

The introduction of extraterrestrial beings into your world is one major insertion into your reality that is scheduled to take place rather soon in the coming days ahead. We wish you all to know at this time that this is not an alien invasion, as we are your brothers and sisters from your home worlds who have designed this entire experiment and who have been watching over you for the entire span of all your incarnations. We would never let any harm come to you, and this is the case today just as it has always been.

We wish at this time to proceed with your awakening as it is soon that we wish to land on your soil and rejoin our space family members in reunion. We of the councils have concluded that the removal of your criminal Council is a necessary step towards this goal, and this is the current phase of our operation that we are engaged in at this time. Matters are proceeding smoothly, and we see arrests beginning shortly of these various men and women from many parts of your world. The removal of these dark hearts will allow for a far safer reunion with you, our families, as this will enable us to focus on pressing matters at hand rather than to continually monitor the dark and their plots to hamper our mission.

These criminals were also a key component to our overall experiment, as nothing you have experienced was by chance. Your reality was carefully planned and meticulously orchestrated from the outset, and the Council was allowed to flourish in order for us to gain very valuable research from their thoughts and actions as well as your, the people's, reactions to their agenda to enslave you. This is one area of this wide ranging experiment that we deem a complete success, and our findings of all you have encountered and endured will be discussed with you, at length if you so wish, after the conclusion of this endeavor. This will be soon, as there remains little time left considering how many very long years you have all been a part of this experiment.

We wish at this time to thank each and every one of our participants and tell you how pleased we are for all your immense efforts through the many tests and trials you have endured in the name of science and research. Please remember that you have all volunteered for this experiment because you all felt the knowledge gained from it would be extremely beneficial to those who design and build this, as well as other, universes. Your efforts here will not soon be forgotten, and each of you is owed such a large debt of gratitude for your service in this regard. We of the councils thank you and applaud your efforts, and we wish to assure you at this time that this will all be over for you very soon and you will be returned to full consciousness and your Star Families, wherever they may be from, very soon in the days ahead. What a joyous moment this will be for you as well as your brothers and sisters from the stars.

You have been promised that your lives would change for the better very soon, and this promise will not ever be broken. Many of you left lives of great abundance and beauty before leaving it all behind to journey here, and all that you have said goodbye to will be returned to you just as it was left by you. There is nothing of your past that you will lose due to your time away and this includes all your fond memories of your friends and family.

Part 1.
