The TV show that the space people suggested we watch called "Being Human" is going to be on the Sci/fi channel but it is not on Channel 3 as announced. I made a mistake in saying that. It will be on channel 61 which is the actual Sci/fi channel and it will on at 9:00 pm, on Monday, Mar. 12, 2012, as I stated.

One person said it will be on channel 72 in his/he area.
