\*Please Share this wonderful & very Powerful, Realistic-"Symbolic" image of both the Imminent Official Announcement & Implimentation of both N.-.S.A.R.A. (the National E-onomic Security and Reformation Act) & St. Germain's World Trust/"Prosperity Packets" being made Available/Delivered on a mass planetary scale, Official E.T. Disclosure, and the open Mass Landings of Galactic Federation of Light Ships all over the Earth in the days ahead. Also interesting enough, from what I have also found out, right now, on the White House lawn--and this is for real--they are actually constructing a huge platform right there which is to be used by one of these Light Ships to land on right after these Announcents do, in fact, take place--So in one sense, this image is actually quite prophetic in more ways than one. So Get Ready! Or as with the title of my book, "Prepare For The Landings!...Are YOU\*\* \*\*Ready?" ( PrepareForthelandings.com ). And "Keep Your Eyes On the Skies...until YOUR Ship Comes In!"\*

\*It is suggested, as in the Practice (and "Scientifically proven") of Visualization, of Imagining and Focusing on what we both individually & Collectively want for ourselves and all Earth's Humanity, that it is suggested that by Focusing & Concentrating upon this wonderful and colorful image of NE ARA/E.T. Disclosure & Open Mass Landings of Galactic Federation Light Ships, and we also share this image with as many other people as possible, and ask for them to do the same thing, and for their friends to do the same, etc., that this powerful Focus, Concentration, in Alignment with the "NES-RSA Consciousness that has recently been manifesting upon this planet, and by asking our "Friends Upstairs", of our "Cosmic Extended Family", of the Federation, and of G-d/D-vine Intelligence & the Agarthians/Hollow Earth Beings all together, helping Overshadow this powerful Focus, all together, we will, definitely, most certainly, very s-on, Manifest this image into physical Reality as a near future event already ocured, and it is a "Sa-red Promise" & "Cosmic Done Deal"!  
Amen!! Amen!!!, and So It Is!!!!\*

\*Blessings to Everyone of the Light!!!! Please share this wih as many other people as you can, to help manifest ASAP! Thanks!\*

This most recent update by Benjamin F-lford is also Confirming what the m-litary insider, named D-ake, who is being interviewed in the radio show in the other forwarded e-mail, has stated is about to occur. Of the fact that the U.S. mi-itary, probably sometime as early within the next few weeks, or next few months, will be helping the Federal M-rshals round up & arrest all of the many thousands of corrupt c-bal members. That we should not be concerned about seeing many mil-tary personnel walking around; that they are NOT coming to round up the civilians, as many used to worry would occur when the cab-l had planned for ma-tial law and the rounding up of the civilian population, who had opposed these plans, to be thrown into all of those many hundreds of F-MA camps. Instead, the majority of the U.S. mi-itary are actually in support of these very important upcoming changes of the new economic system to replace the corrupt fed-ral reserve, etc. Now, these FEM- camps are to be used for all of these corrupt members of the cab-l. I was given a Vision about how the -EMA camps will be turned or transformed into large Rehabilitation Centers, which will include huge beautiful gardens, where these former very corrupt ca-al members will suddenly be forced to work in & care for these gardens and learn about LOVE and COMPASSION; to learn to Love the Mother, that is, Mother Earth, to care for her and all creation, and those who cannot learn this, who stay in their ego-corrupt selves, will probably be Recycled thru the G-dHead,

Weekly Geopolitical News and Analysis 20120326: Over 200 senior ba-kers arrested last week as new financial system goes online  
\*The new financial system is online now and abundant financing is either already or soon to be made available, according to dragon family representatives. The final take down of the criminal cab-l has also begun in earnest with over 200 senior ban-ers arrested and 450 resigned last week alone, these sources say. Japan is also now doing the final paperwork needed to set up an international economic planning agency with an initial funding facility of \$10 trillion or about 200 times what the World B-nk lends every year, according to Japanese go-ernment sources. There will be some sort of announcement about this and other things on Tuesday evening, March 27th, 2012 Japan Standard Time according to il-uminati and W-ite Dragon Society sources. The arrest of some very high profile individuals is imminent.\*

Subject: ELECTION FRAUD?  
To:

This is ongoing criminal activity throughout our election process that really never has existed as all elections are decided for and counted by the cabal. The election process is just to keep you believing that your voice and vote matters. The entire political system needs to be dismantled.  
Ron Paul has selectively been drowned out and not allowed air time because he knows what changes are needed to the system, big changes are needed.....P.

Sheldan N-dle's Update from the Galactic Federation of Light and S-iritual H-erarchy The d-vine grace and mercy of H-aven have brought us all to the prophesied point where we return to who we truly are..... .An exquisite future is forming, which we will all partake of in joy and in harmony with all of Creation.

12 Chiccan, 18 Ceh, 8 Manik

Dratzo! We return! Progress continues to be made by our Earth allies and especially by Earth's many s-cret s-cred societies. Many nations in Europe, and many others that are sympathetic to the cause of the new economic system now stand in defiance of the status quo. Meanwhile, a group of unprincipled speculators and their energy-corporation co-conspirators continue to put pressure on global o-l prices. To counter this massive chicanery, those who are ready to overthrow the major dark regimes are busy approving the use of various devices that can quickly take your planet off dependence on crude oi- and petroleum. This is one of many projects that will refocus the basic direction of your global societies. A new financial system accompanied by new govern-nce will free you from the daily burdens of artificially created scarcity. It is time to begin a new epoch based on true sovereignty and a natural global abundance founded on zero-point and solar energies. There is also the matter of your duties to Mother Earth to attend to. Your precious planet needs to be resuscitated and supported by all of you.

These various activities are part of the plan to remove the dark from power and to permit us to carry out our first contact mission with you. We dearly wish to complete this mission at the right di-ine time. Before we can arrive, all of you need to become aware of the foul nature of your current reality and why it desperately needs a complete and thorough makeover! The good news is, the dark ca-al is on its last legs and its members deeply f-ar what is to happen to them. We observe how those working in the Light have been courageously moving a much-needed new economic system into place. The abundance that is to flow from this system is only the start of a huge agenda of change. The first of the coming changes can be thought of as a fun run-up to first contact when you will experience the magnificence of He-ven and a return to your spi-itual roots. As we have often told you, our part is to mentor you back into your natural state of full consciousness, at which point you will become our associates in unfolding the div-ne plan throughout physicality.

These changes are to convert the very nature of your reality into something quite different. It is rare for Heav-n to condone such an immense alteration in such a short space of time. Normally, this amount of change is made over centuries, not in a span of less than a decade. This sanction is by way of being a divi-e compensation because the dark cab-l openly defied the sacre- decrees governing the makeover of this reality. The -abal took upon itself the astonishing hubris of attempting to evict the forces of He-ven from one of Her especially administered physical realities. Such defiance is of course ridiculous! The Galactic Federation of Light is here as one of the physical components of -eaven to carry out the di-ine agenda in physicality, and it is thus that your freedom is ensured. Also dedicated to the Light are various on-planet resources which have joined together to direct a H-aven-sponsored removal of the -abal and its arrogant adherents. This strategy is in its final phases and the ca-al's power is ebbing fast. As the dark cab-lists prepare to step down, we closely monitor those who are poised to succeed them. It is vital that the designated caretaker gove-nments set up a form of representative go-ernance that supports your present and future development. The prosperity programs and the many beneficent projects that these interim regimes will instigate need to be in synch with one another. Further, these regimes require new rules which enable each of you to be a participant in gove-nment, as these will be the first, primitive steps toward your galactic society. This brief period will be an interregnum between your present gove-nmental morass and your return to full consciousness. Nevertheless, its activities will need to anticipate the vast transformations that lie ahead, and must represent more than just a return to the eloquent goals of your forefathers. It is a time to acknowledge who you are becoming and the grand responsibilities that you are to undertake which will forge a marvelous future for all of surface humanity!

\*Namaste! We are your As-ended Ma-ters!\* We come on this glorious day to welcome each of you into the new realm of full consciousness which is being materialized as we speak. Below you lie the sac-ed lands of Inner Earth, where each city of the Agarthans is doing its part to assist us in morphing the remaining darkness that riddles your surface societies. We are in fact moving our associates into position to successfully complete the final moves that will sweep away the detritus made by millennia of dark misrule. Your freedom comes with certain responsibilities to Mother Earth and to the magi-ally complex and diverse life chain so badly disturbed and laid waste to by the dark. We are at the time specified by H-aven to appear before you and explain the many aspects of sa-red wisdom that we have acquired over the millennia, as this knowledge can help you understand more precisely

what Gaia expects of you.

You are entering a brief period in your history that is to expand your consciousness as well as your overall awareness of the nature and function of your reality. This will act as a wakeup call to your innate wisdom, which has lain dormant within you from the suppression of nearly 13 millennia of limited consciousness. This state was imposed on you with certain severe restrictions mandated by He-ven, and at first these standards were only trifled with by the dark. Then, during the past eight millennia the Anunnaki and their appointed minions ran roughshod over these various rules. It is these violations that have led to the special dispensations which resulted first in our presence (the Asc-nded Mas-ers) and then in the first-contact mission of the Galactic Federation. Using Agartha as our appointed refuge on Earth, we journeyed out each day to guide and prepare you for the Great Shift in consciousness. The di-ine grace and mercy of Hea-en have brought us all to the prophesied point where we return to who we truly are. Our task at that point becomes increasingly one of guiding you to your full potential within your life contract. We have taken on with joy what is next in line for us all and for this marvelous living entity upon whom we dwell. Our Agarthan family is very ready to celebrate their reunion with Earth's surface humanity, and thereafter, our activities will expand to include all the water worlds that make up this solar system. This newly formed star-nation has a series of special tasks to help the galaxy return to the Light and join a multitude of nearby galaxies to spread the Light throughout this sector of physicality. An exquisite future is forming, which we will all partake of in joy and in harmony with all of Creation.

Today, we continued our message about what is happening on your world. A new sense of selfhood is spreading rapidly within humanity. With the assistance of many from Hea-en and from the Galactic Federation, you are readying yourselves for the consciousness shift decreed by Heav-n and by AEON. Know, dear Ones, that the countless Supply and never-ending Prosperity of Hea-en are indeed Yours! So Be It! Selamat Gajun! Selamat Ja! (Sirian for Be One! and Be in Joy!)
