Subject: Don't Panic, Man.
April 2, 2012.

Here is a person who thinks that lot of big things are going to happen to us and he doesn't want people to panic. I don't know if this is true or not but you never can tell.

What is Collective Compassion? and more...A very important message from Steve B-ckow with an embedded video at the end. I hope you read it. Things are starting to really gear up now. Do not go into a panic if things suddenly shut down - this will be a short-lived time period. Simply be prepared to operate without the convenience of cell phones, tv and perhaps auto travel. I repeat - DO NOT GO INTO PANIC MODE! Things will be back in operation as quickly as possible. This will all take place as quickly as possible.

Gregg P-escott: Imminent Mass Arrests of Glo-alists, B-nkers and P-litical E-ite

Steve: Note that the flow of these events is exactly as has been predicted for the introduction of N-SARA. Although Gregg does not bring that side of it out, it's most likely that all these events are those predicted by our galactic and other sources as leading to the start-up of NE-ARA.

Imminent Mass Arrests of Gl-balists, B-nkers and Po-itical E-ite

In a recent interview with David Wi-cock, Insider D-ake stated a comprehensive plan to arrest all corrupt glo-alist, ban-sters and the pol-tical el-te within a 72 hour period involving the closing down of U.S. borders and satellite communications to prevent and out of country money transfers. Dr-ke added that a transition plan is already in place to convert the U.S. dollar to one that is not based on fiat currency.

Additionally, we can expect to see the release of many suppressed technologies that will make our modern life seem like the Stone Age.

Dra-e mentioned that other countries and non-aligned nations have already stepped outside of the financial control of the G5 and G20 in a new financial system that was implemented on Monday.

The insider also stated that JP M-rgan, B-nk of America and Cit-bank are on the verge of collapse adding that the Euro is set to collapse, which in turn, would collapse the dollar. To finance this changeover in currency, Drak- stated that there are old funds held by patriotic entities that have enough money and valued assets to pay for our national debt 4x over, adding, This is not collateral accounts, this is private accounting. The end result will be the end of taxation, the release of suppressed technology and prosperity for all.

Continuity of goods and services should still remain in tact, and while there may be a few short discontinuations of services, they should occur for any long periods of time. It may be a good idea to have a small stockpile of basic

necessities, such as water, canned food, toilet paper, etc.

In recent alternative news, as seen here on in5d, we have shown numerous articles on the plethora of ban-ster resignations in the past several months. According to -rake, many of these people gathered their families and a large quantity of money and moved overseas. D-ake added that these people will be hunted down no matter where they are on this planet. In regard to the eli-e, Dr-ke stated that There's gonna be some h-ngings. There's gonna be some people jumping out of windows but added that he does not want to see the riotous l-nch m-bs emanating from our society.

The idea of the p-lice state will not exist as it does now, stated Dra-e. According to this insider, the F-MA camps will not be used for the general population, but for the c-rrupt p-liticians, ban-sters and glo-al el-te.

Dra-e stated that there's gonna be a 72 hour shutdown. no one will be able to fly or use any satellite technology to prevent the crooks from leaving the Un-ted States and from pilfering money electronically. While shutting down the satellites may affect cell phone service, internet connectivity and even possibly the use of automobiles, this will be done as a preventative measure to ensure that the eli-e do not pilfer any money to offshore accounts.

Drak- stated there will be a specific education ch-nnel will be televised for the educating and reeducating of people to our new society, adding there will be county, state and national positions created due to the number of people getting ousted from office as these po-iticians will be temporarily replaced with interim officials appointed on a temporary basis.

At this point in time, it is unclear who will be appointed to any specific position along with who will be the people making these decisions.

The ramifications of this event will lead other countries to follow suit in a gl-bal r-volution.

What can you do?

Once we begin this transition phase, there will be a great need for the reeducation of people. As part of the in5d family, your knowledge in many of these s-iritual and me-aphysical areas will be a great asset to those who have been brainwashed their entire lives.

Imagine being blind your entire life, then by some m-racle, your eyesight was restored. This is what it will be like for those people who have been blinded by a reality that was constructed to keep us subservient, controlled and conformed.

On in5d Connection, we have a ton of groups that can be used in the reeducation of society. In addition, we are going to be adding some software that will enable us to use the Broadcast function as our own online in5d Station! For example, we can schedule broadcasts for Groups or we can do live interviews with people such as George K-vassilas, Jordan M-xwell, Michael T-arion etc or we can use it to schedule reeducation classes. It'll be an awesome alternative to television while being much more informative. Additionally, we can set up schedules for members to air their own broadcasts at in5d Connection on a daily and weekly basis.

I'll need to upgrade the software but this will not affect its functionality at all. I'll also need to upgrade the server to something that will be able to handle this type of software in large numbers. As soon as I'm able to save enough to get this going, it'll come to reality, so start thinking about what stations you'd like to have or see and we can talk about it in my Miscellaneous in5d Group, in5d Suggestions and Ideas.

Our in5d family will be playing a huge role in educating society in many areas of life and we will be looking for leaders and innovators to help us usher in the Golden A-e!

On a local level, you can talk to your neighbors and hold small assemblies to share your knowledge.

As I stated in the past, Once the bottom of the pyramid unites, the rest will collapse.

Get your seat belts on, folks!

(JW On a different topic now, there is a group referred to as a cult, that has about 200,000 members who think that the this world is going to end on or about the end of 2012. They believe that a group of space people are living inside a moutain that has soil on top of the mountain different than the soil at the bottom of the mountain. Anyway this so-called cult thinks the space people from inside the mountain are going to save them by taking them to a different planet before the world is destroyed in 2012. I definently don't believe that this will happen. The authorities over in that country think that there is a great danger in some of these people committing suicide to get off this earth. Sounds to me a lot like the group called Bow and Peep whose group all drank poisoned Cool-aid to kill themselves in the past. In my opinion the world will continue for quite a while but it may end in two seconds from now. Just be ready for what ever happens.)
