Subject: What The Space People Are Planning To Do.  
4, 2012.

April

Please be aware of this is what the space people are trying to do and many times they plan to do something but change their minds and not do it.

.....  
.....

I know that some of you have already had a chance in the last few days to have heard the awesome interview between David W-lcock and the retired m-litary W-istleblower, D-ake, (and a few of you have already forwarded a copy of this 3 hour interview to me in the last few days). But I am sure that there may be others of you who may not have heard about this wonderful exciting news of what Dr-e has shared. I have been told by our Friends Upstairs, in the Galactic Federation of Light, that what he has shared is definitely, truly going to occur.

In actuality, a few years ago, it had become very clear to me, shortly after I had first published my book, \*Prepare For The Landings! Are YOU Ready!

\* (PrepareFortheLandings.com) in late 2008/early 2009, of the fact that we were experiencing the full manifesting of what I and the Federation have referred to as a New, more harmonious, Time Line that began to more fully replace or merge with the old destructive time line. What I had been told by our Friends Upstairs, our Cosmic Extended Family, was that for a number of years earlier, since the Harmonic Convergence of 1987, that two main time lines, one very destructive and this newer, more harmonious one, had run parallel with each other. But that now the outcome was to now be much better than most people had hoped for, and that this would allow instead of only alittle more than a third of Earth's humanity being able to survive, now with this new Time Line, most of humanity (at least 90 to 95%) would not only survive, but would NOT have to go through so much of the trauma that had occurred in the first time line. This information also totally dovetailed with and Confirmed what the other recent Whistleblower, Bill W-od (Project Camelot on the Internet) had specifically shared. Of how he had also been specifically shown through his remote viewing abilities back in the 1900's, of the fact that we would indeed experience a wonderful planetary Ascension at the end of 2012 (with Dec. 21, 2012 being a very important date that would officially be the moment that this would occur). This was going to happen as verses the other very destructive time line that allowed the c-bal or power e-ite to have fulfilled their agenda for total world control (which had included, of course, martial law & total human genocide, with the rest of humanity being thrown into those dreaded F-MA camps, etc.)

So it had become very apparent to those of us who were really plugged into the Cosmic Circuit that the forces of Light here on Earth, or the good guys in the mi-itary which according to Dr-ke, as well as our Friends Upstairs, in more recent months, number in the majority, as compared to the bad guys who are part of or have been a part of the ca-al.

And I was specifically told that instead of the cab-l succeeding with their plans, now that we were manifesting this new time line, that we would definitely see mass resignations and arrests, with many of them ultimately being televised. More recently, several months ago (right before these recent mass resignations really started up in full force), I was again told that this was going to begin to happen in the coming weeks and months. And sure enough, within a short time, information began to come out that this was indeed, beginning to occur, mostly through the alternative media, which has not been controlled as the mainstream media has been. But this control will soon also change, as many of those who are about to be arrested here in the U.S. are these corporate heads of the major m-dia,

who have manipulated the news, and covered up the Truth about so many important things that threatened their agenda of world control.

Now we all know more of the complete details of how it will occur. I know that there are many out there who are very skeptical and cynical regarding this plan that D-ake has shared is actually going to occur as he has described it. But I have been given a very strong and clear message from our Friends Upstairs that this is the REAL DEAL, and that Drake is truly being totally honest and sincere with all that he has shared.

Also, I have forwarded another e-mail, from E-gle, that very excellently summarizes most of the major points that Dr-ke shared with David Wi-cock in the three hour interview (of the three links in this e-mail). I would suggest also forwarding this other e-mail and/or at least copy these main points and share these with your family members and as many other people as possible, and ask that they do the same, as it is very important that as many people as possible know about this before it occurs.

Yes, with all these imminent arrests about to occur in the coming days and weeks, it is important for people to stay calm and know that this is NOT martial law, but truly the fact that the good guys in our military (who are also being backed up, helped and supported by the good guys off the planet of the Galactic Federation of Light, as well as the A-arthians from the Hollow Earth, and the Ascended Masters), are truly acting upon humanity's behalf, to quickly and efficiently arrest all of the many corrupt individuals who are either part of the cabal or have helped the cabal take away all of our Rights and Freedoms.

As Drake, himself, emphasized, that it is very important for those of us who DO know about what is about to occur, to share this information with as many others as possible who are not help to what is about to occur in the coming days or weeks, to help calm down anyone who may misinterpret what is actually occurring. That as was already stated, that when we see many military personnel appearing, that they will only be there, in case they are needed, to help back up and support the Federal Marshals and local law enforcement. That this is definitely NOT martial law or of them coming to throw civilians into those dreaded FE-A camps, but actually the final taking down of all of the illuminati members who have been blocking all of the wonderful things that will help bring us into the long overdue Golden Age as we begin to merge into a 5D reality.

I have been told that there will probably be many \*hundreds of thousands\* of people arrested, and that the reason that this whole Operation Cabal take down will be able to occur without any major incident to stop or screw it up (which so often could occur even with the best laid plans) is because of all of the total number of our allies which were already mentioned earlier, which will be very closely monitoring and Overshadowing this whole Operation to make sure that it will be very successful & go off without a hitch, and in as short of a period of time as possible.

Also, I wanted to quote just one of the many individuals who commented upon Drake and what he was sharing regarding this upcoming Operation Cabal take down, because these statements also really emphasized the Truth of these plans:

Hi David -

This morning was the first time I was compelled to listen to an interview (S-irit demanded that I do so), and your conversation with D-AKE was enpointe. Everything he said is true. And it's here and the time is now.

I would encourage everyone who is looking ahead to participate in the creation of Heaven on Earth to remain focused on the now. The now is all we have. Begin your creation now.

If you like what David and D-AKE discussed, do your part and stay in the present and know that things are happening NOW in perfectly synchronized D-vine Timing.

Have faith dear ones.

You and everything you envision has already been accounted for. Don't wait for it - live it and know it is happening now and the more you embrace now, the more it will become real. Right now.

So get Ready for some VERY EXCITING and WONDERFUL events to begin to occur in these coming days, and weeks, as we then will experience the Announcements & Implementation of N-SARA and E.T. Disclosure within a short time after that!

Michael

\*UPDATE 2:59 PM  
INTERVIEW WITH TOP INSIDER ABOUT IMMINENT MASS ARRESTS  
\*

I am on the plane to this weekend's conference in Austin. You are about to hear a stunning interview with Dr-ke, an insider specifically asked by the Pe-tagon good guys to come forward and explain what is going to be done.

I was blown away by the information he was giving. If you didn't already believe this was really going to happen, this may very well change your mind.

I ran Drake through an extensive validation process with one of my top insiders and he passed with flying colors. He is the real deal.

We have an urgent-status rush transcription order for our Div-ne Cosmos Transcription Team on this, and will get it posted ASAP.

These are ZIP files. All you have to do is download them, open them and tell them where you want your MP3 to go. It's that simple just like our downloadable products. Here they are:
