Subject: More Death Valley.  
April 6, 2012.

We probably should call this Death Valley Part 3 but we'll call it More Death Valley.

.....  
.....

L-onard says: "More than one...r-ce occupies the Moon - Culture traits and technology seen in different parts of the Moon vary considerably ... it appears from the body of reliable data that one or more of the (non-human) ra-es regards us with disdain and values human life cheaply... Rac-s capable of moving between star systems... and existing on the Moon must be capable of wiping us out at will. It is probably this (understandably) which PANICS the m-litary."

Mr. Le-nard, during one of his interviews with an ex-N-SA employee whom he refers to as Dr. Sam Wittcomb (a pseudonym to protect his real identity), at which time he showed 'Whittcomb' the ms. for his book, learned the following disturbing facts:  
"...And Sam Wittcomb read my manuscript in draft and then sat staring into the black night. When he spoke, it was in a hushed voice. I'd never heard him like that before. 'They brought scientists together from many countries in the Spring of 1975. The meeting was in England. They wanted to talk on the quiet about "extraterrestrials" and what they're up to. A lot of people at the top are scared.' A cold spot formed in the small of my back. Sam turned to me.

'They invited a physicist from Colorado, a man named Joachim K-etner, who'd worked on the Moon program and know's what's up there. He could tell them about it first hand. About the frenetic building and digging going on, the spraying of craters and carving up of crater rims and ridges. I don't know exactly what they talked about. But you can bet they know it's not Earth-people's Moon anymore -- if it ever was. It belongs to THEM.'"

As we've said, at least one of the -aces on the Moon is human, or identical to those of us on earth. If this is so, then we might ask ourselves "where on earth did these people come from, and how did they get to the moon before 'we' did?" It is certainly a reasonable question.

There exist several corroborative accounts taken from ancient Hindu scripts (again, as Ripley would say "believe it or not"), which we will quote shortly, stating that the ancient GREEKS had actually developed flying ships thousands of years ago. Is it possible that the Hav-musuv's (which as we've said, may have been a neo-Grecian r-ce because of their dress and their marble-like cities) would have taken the next logical step after developing aerial travel: that is, attempt to land one or more of their kind on the Moon...eventually upon Mars... and possibly even later upon planets in a nearby star system?

The U-ited States has made incredible advances in this area in a period of less than 100 years, thanks to the phenomena known as the technological curve (i.e. that a synchronous effort on the part of many contributing factors eventually leads to a multiplying explosion in technology). If A-erica landed a man on the moon only 70 years after the Wright Brothers opened the skies to aerial travel, then can we expect anything less from the Hav-musuv's or others like them? For instance technology in our society is becoming thousands of times more sophisticated every year. Is it possible that the ancient Greeks or a similar ancient society had a 'technology explosion' thousands of years ago? If so, then it may have been possible for them to establish bases or colonies on the Moon, Mars, and perhaps beyond! We might add that there are some who even claim that the s-cret of "hyper- space" travel was inadvertently discovered only 40 years after the Wright Brothers successfully tested their aircraft at Kitty Hawk - during a super-se-ret Navy experiment called the Rainbow Project which was carried out at the Philadelphia N-val harbor in 1943.

If 'we' can go from the horse-and-buggy to landing men on the moon in LESS than 100 years (or from the horse-and-buggy to "hyperspace" travel in only 40 years!?) then how much exploration and colonization of other planetary bodies might have taken place by a race who three or four THOUSAND years ago possessed aerial craft and technologies equal to or greater than our own?

One 'contactee', incidentally, has stated that a large 'space port' does in fact exist in a network of caverns deep below present-day Death Valley.

In reference to this we will quote from a 'synopsis' of the experiences of Brazilian 'contactee' Jefferson Souza, as it appeared in a catalog put out by the UFO LIBRARY (11684 Ventura Blvd. #708., Studio City, CA 91604).

Many of the individuals referred to in this catalog, which offers taped interviews or lectures describing their encounters, are either 'contactees' who have had friendly encounters with the so-called 'Nordic' or human-like beings who pilot many of the 'alien' craft; or who have been 'abducted' by the more manipulating and predatory 'Gray' or 'saurian' entities. Quoting from their description of Mr. Souza's experiences:

"Reaction to the first sighting of a UFO is unpredictable. Jeff Souza had his first contact in 1979 when he was only 13. The memory of it was tucked away in the recesses of his mind. Twenty alien contacts during the next 10 years never fully restored the image. But those years were filled with excitement that would result in one of the most inspirational stories of alien contact ever recorded.

"The young Brazilian was possessed of intelligence and intuition. He studied and managed to complete one semester of medical school before giving up his formal education.

"In contact with two races of extraterrestrials, Jeff has met them in Brazil, Argentina and the United States. But where they occurred is unimportant when compared to the depth and scope of what he learned.

"The gentle Vegans and the business-like Ummites taught Souza more than he could ever imagine about technology and life on all planets. He was transported aboard a spaceship by LIGHT (anti-gravity rays? - Branton) and taken to other planets and (other) parts of the world. On one such trip he suffered an unusual reaction - all his hair fell out. His watch broke at every contact.

"Jeff Souza has been questioned by experts in the field of alien contact. He has been clinically regressed through hypnotism to the time of his first contact but the answers came only in Portuguese. At that age, Jeff could not speak English.

"The details he has learned are awe inspiring. Answers to questions about time, space, matter, energy, life and spirituality easily rolled from his tongue. All prompted by the alien contacts of his past and present.

"His interview and the recorded details of his many physical contacts PROVIDE HITHERTO UNKNOWN INFORMATION ABOUT SEVERAL ALIEN RACES INCLUDING THE MYSTERIOUS AND THREATENING GRAYS. FROM JEFF SOUZA WE LEARN ABOUT THE SEVEN RACES (possibly humanoid and/or saurian - Branton), THE ALIEN NAME FOR EARTH, A SUBTERRANEAN SPACE STATION IN DEATH VALLEY AND IF A-DIS MIGHT BE CONTROLLED BY ALIENS.

"There is a final precaution from his contacts - we must all learn the lessons given to Jeff Souza because we are destroying our planet and if we don't change, not even the friendly aliens will be able to save us."

We see here then a definite connection between the subterranean of the Death Valley region, which is reportedly inhabited by the neo-Grecian (?) Hav-musuvns and the human societies in 'Vega' and 'Ummo', which as we shall see later on, according to other contactees, are "Federated" with other human colonies or civilizations in Tau Ceti, Epsilon Eridani, Alpha Centauri, the Pleiades and elsewhere.

Although Jefferson Souza claims to have encountered the Ummo People in landed craft, the Vegans are the ones who allowed him to travel on their craft most often. It was also the Vegans who showed him the MASSIVE basing complex below Death Valley, which contained chambers miles in

diameter and numerous compartmentalized sectors which had been adapted to meet the gravitational, atmospheric and environmental needs of the various Federation world representatives who use the base as a way-station for their operations on earth. Apparently the Hav-musuvv have been VERY BUSY for the last few thousand years, if we are to believe S-uza's account.

In addition to the above, So-za learned of two other alien species that are in conflict to some extent with the humanoids with whom he maintained contact.

One of these includes an "Insectoid" type ra-e, while the other is reptilian.

The latter consists of a tall, very reptilian-saurian appearing "m-ster" ra-e to which the shorter reptilian "Grays" are subservient. There are at least three types of "Grays", according to -ouza: those that reproduce via egg-hatcheries, those that reproduce via cloning, and those that reproduce via polyembryony.

One might ask: if some of our ancient ancestors were so intelligent that they could develop aerial craft, then where is all the evidence? The evidence is there, but has been largely ignored by orthodox scientists who cannot fit the existence of advanced prehistoric civilizations into their own theoretical framework. For instance: Ancient sophisticated artifacts discovered imbedded in SOLID ROCK (including ancient 'spark plugs', metal cubes, gold chains, metal vases, nails, screws, and even electric batteries such as those described in Rene N-orbergen's 'SE-RETS OF THE LOST RA-ES' - Bobbs-Merril Co., N.Y.), as well as artifacts found on the ocean floor, give evidence to the fact that our ancient ancestors were FAR more intelligent in the scientific realm than we give them credit for.
