Subject: Some Words From Mother Earth.

April 5, 2012.

I've also wondered how long Mother Earth has been with her.

.....  
.....

I love this from Suzan C-roll and Mother Earth/Gaia. Twenty-six thousand years ago, I, your Mother Earth/Gaia, was in front of the Galactic Center, just as we are today. However, then i didn't have the added boast of the many cycles that are closing now to assist me with my/our ascension. Furthermore,my humans were too young and had not learned all the necessary lessons to be able to awaken in the manner that you have now. Yes, in many ways my world was more e-olved, but we were not ready for ascension.

My humans and my planetary body had to fall into the great depths of darkness from which we are now arising in order to have the maturity and tenacity to focus our consciousness in the extremely disciplined manner that is necessary for a Planet Ascension. Twenty-six thousand years ago I, Gaia,was also too young. I was not ready to release my form into the ONE, and my inhabitants were not ready to end their game of pysicality.

However, after the long dark night, which we have survived, releasing our physicality is a joyful thought. The game of being physical has not been very enjoyable for millennia, and the last millennia has been abhorrent to our pristine S-irits, Dear human ones, you can release the Game now and return to your true SELF. The process of ascension has begun and at long last we, person and planet,are returning to the higher expressions of our human planetary SELF.

Nonetheless, we are not leaving our physical world, we are transmuting it into its higher and original frequency of the fifth dimension and beyond. Do you remember, dear humans how we chose to band together to create the form of my physical Earth body many millions of years ago? Some of you chose to be components of my earthen form, where as others chose to live within my form, on my surface, in my waters and/or in my atmosphere.

Subject: Letter To All Ministers.  
April 5, 2012.

Here is some information that a person wants to share with all ministers.

Subject: Rev. Nancy Detweiler: A One-Time Letter to Ministers of All R-ligions.

<http://the2012scenario.com/2012/04/rev-nancy-detweiler-a-one-time-letter-to-ministers-of-all-religions/nancy-detweiler-5>

\*Rev. Nancy D-wteiler has taken upon herself the task of informing all ministers of the truth of the mass arreests that are expected soon. Hopefully they will pass the information on to their congregations in turn. She asks you to pass the letter along to any ministers you know or repost it on your blogs. We may repost this article on the weekend to make sure everyone sees it. Thank you, Nancy.\*

**\*NOTE TO 2012 SCENARIO READERS\***

Please copy and send this letter to ministers of all re-igions. Rel-gious

leaders are in contact with one another and they can be an excellent means of spreading the word regarding the forthcoming mass arrests. The more people who know ahead of time, the less threat of violence by the people shocked to learn how badly they have been mistreated. You might also send a copy to your local radio/TV stations. Major media is tightly controlled by the dark c-bal who are to be arrested all major media in America is controlled by only 5 entities.

At this point, it does not matter whether or not you or they believe the news. What matters is that as many people as possible have heard the news and will recognize what is happening when it does. Much d-sinformation is rampant in the major media and on the internet. People need to know that the result of these mass arrests will be the release of the people from the enslavement of the dark ca-al.

The news is good the people are being freed! Violent acts will do nothing but slow the process. The arrests will be made by Fe-eral Agents, backed by the p-lice. The milita-y's role is to be present if needed to help the Agents.

Please listen to the 3 hour audio indicated in the letter it will answer your myriad questions and concerns.

**\*A ONE-TIME LETTER TO MINISTERS OF ALL RELI-IONS\***

Rev. Nancy B. Det-eiler, M.Ed., M.Div.

Unbeknown to the majority of Americans, much very positive work has taken place for decades in an effort to right the wrongs presently being perpetrated on the people. We live in a world of l-es and cover-ups. Working to correct these problems is dangerous and can easily result in being k-lled and/or having your family t-rtured and ki-led. For that reason, much of the work has been done behind the scenes. The advent of the internet has served to allow those Americans interested in finding the truth to do so.

The news media is tightly controlled and therefore the individuals depending on our major media outlets for information know very little about what is really going on in A-erica. Now, this is about to change.

This change means that the people will be shocked, extremely angry, and maybe even violent as they learn of the horrors inflicted upon them. We have not recognized the ways in which we have been manipulated and e-slaved because Americans have accepted them as **\*this is life\***.

I am writing ministers asking you to listen to the 3 hour audio I am referencing and join in helping to explain and calm people as they learn of all that has been done to them. All 3 hours contain valuable information, so please take time from your busy schedule to listen to it all. That the information get to the people is the request made by the Pen-agon as explained in the audio.

The introductory article The Pent-gon Wants This Information To Go Viral and the audio may be found on my blog:  
<http://pathwaytoascension.wordpress.com/2012/03/30/the-pentagon-wants-this-information-to-go-viral/>  
I am sending you to my blog because there you may find additional information relating to this time of major transition. My ministry is Bridging the Gap Ministries and takes place via my website and blog.

David W-lcock, the man doing the interview, is internationally known for his filmmaking, lectures, books, conferences, and his appearances on such TV programs as the History C-annel's series entitled Ancient Aliens.

David's best selling new book is Source Field Investigations: The Hidden Science & Lost Civilizations Behind the 2012 Prophecies. This is an excellent book to bring you up to date on these prophecies.

An outstanding website for learning more is Fred B-rks  
<http://www.wanttoknow.info/>  
Fred is a former US State De-artment language interpreter for top level Wh-te House meetings under C-inton/G-re and Bu-h/Ch-ney. He resigned due to the increased sec-ecy he witnessed in our gov-rnment and has since dedicated his

life to getting the truth out to the people.

I appreciate how busy you, as a minister, are; but also know that you can play a key role in the life of your congregation and local community by being prepared for the major events about to take place. It will be most helpful if you will share this information with ministers in your area. I am sending this letter to at least one minister in every capital city of the 50 states.

Receiving this letter does NOT mean you are on my mailing list. However, I will be glad to answer any questions I can. I have been actively involved in this area of research and writing for the past 11 years.

Thank you for any help you can be in spreading this information. The goal is to avoid violence and for people to know that a better world for all will be the end result.
