Subject: Something About Easter. Part 2 of 2.
May 6, 2012.

This shows how you can erase you past bad karma.

.....

 We see Paul with the girl still. She is trying to help him work through things and is very caring of him. She is a pretty, Hispanic girl with long, black hair. This girl is named Tina, and she will be your girlfriend in this life. Though she endures much abuse, both physically and verbally, she loves him and tries to stand by him, hoping he will change. She treats him differently than his mother treated his father, always trying to encourage him to be a better person, and letting him know that he is loved and someone cares for him. He does not have to be like his father. She does not want him to follow the same path as his father and end up in jail.

We now see Paul at age 22. The mom had died from a stomach ailment called dysentery. Although she herself was brought up in a very loving family, and has not experienced what he has, she has made a conscious decision to stay with him based on how much she loves him, because she believes in him. She dotes on him and tries to keep him busy and involved in positive activities. They are living in the farm house where he grew up.

Paul is working on the farm and is happier and more caring now. He is no longer abusive and tries hard to be involved in every aspect of Tina's life. He cares for the animals and no longer plays with his guns, using them only when necessary to defend against wild animals or when necessary to butcher animals for food. Paul no longer uses the guns for sport. He stops setting fires, and no longer needs excitement from risky behaviors. He is learning to become a loving, kind and contributing person.

Paul is now 25 and they get married. They have no children. At this time, Paul is one of your guides.

Intervention results

We see Paul when he is six years old. His parents are arguing, but he seems happy. When they tell him to get away, he tells them he loves them and he doesn't let what they are doing bother him.

We see Paul now at age 11. Instead of going out by himself, he stays around the farm. He is keeping busy, taking care of and being kind to the animals. He also has friends that are playing with him.

At 13, Paul is still telling his mom and dad that he loves them. He wished things were better for them. He is playing and working around the farm.

Paul doesn't set fires or go near guns before he was 17. At that time, he taught himself how to use a gun so he could defend himself, and kill for food if necessary. He respected the guns and used them appropriately. He also did not use any kind of herbs or drugs, nor did he know they were available or existed.

Paul loved himself despite the problems at his home. He was a very

strong willed, confident person who excelled in all areas. He met his girlfriend who encouraged him, knowing that he had the opportunity to be the same as his father. She loved him and doted on him, so there was no chance he would become like his father. His father never changed and went to jail. Paul married Tina and their farm became a lucrative endeavor for cattle. They were very happy together.

#### Special Products and Services for Spiritual Growth

Ego Program Removal - Eliminate five aspects of Ego programming holding you back spiritually. These include Pride, Selfishness, Victimization, Inferiority-Superiority, and Separateness from God. The Ego program was installed in our DNA thousands of years ago. It's a way to control humans from making progress in their spiritual development.

Implant Removal - Free yourself from etheric blockages that hinder your Light. There are five levels of implants, including gear that resembles the Borg, Darth Vader or a deep sea diver. These are a means of control, and are specifically used to hinder your spiritual mission, keep your frequency down and limit your access to the Light.

Kundalini Activation - For those who are ready, their Kundalini can be activated to help prepare them for Ascension more quickly than otherwise. The purpose of this energy is to spread it around creation.

Negative Program Removal - Removing them frees us up to pursue our life purpose. Many people have been handicapped with thousands of negative programs controlling their lives. A person can have up to 3,500 negative programs running at one time. These programs bog down our frequency and spiritual development, much like computer viruses and spyware tie up our computers.

Past Life Intervention - Now available for the first time due to recent advances in Lightwork technology. We can now resolve and re-write negative past life experiences to remove nagging issues in our current life, involving our behavior, finances, health, relationships and self-esteem. Rather than just help us "process" whatever horror occurred to us, we completely remove it and rework the energies so it never happened.
