Subject: Information From Winifred Barton.
April 7, 2012.

This is from Winifred Barton's website written in 2007. She is my internet friend and her information is very advanced and it is difficult to understand for me at least.

.....
.....

WINIFRED BARTON celebrates her 84th birthday on May 4, 2007

I have pictures of the Light Beings coming to our Madoc Campus at the time of the abduction how they start off as little bubbles then take on form. My inner voice is insisting - "Come clean right cross the whole span of your beliefs..."

Albert Einstein - has been my guardian angel (spirit guide) for decades..

One of my psychic powers is to go into the astral and meet with him - like dialing by looking at this picture and sending loving and appreciative thoughts.

I believe that each of THE CHOSEN has a mission sheet - waiting for completion - and when you connected MAHARISHI MAHESH YOGI and Einstein - my heart and head space exploded in synchrony.

Way back in the 1940's Albert Einstein was involved in the "Philadelphia Experiment" - in which a battleship was transported through space to another location... not all the crew members survived but those who did wrote books on their experience. There are reams of Physics documents - by Tesla and other Physics Masters in this space-time science.

My UN group lived in NY State - one of them at Montauk - where survivors of the Philadelphia Experiment were kept for a while - in conjunction with many ascended Masters - in particular Buckminster Fuller who taught - "Don't try to fix the old model, build the New World and they will come..." This has been the subject of my life's work - helping to build the Utopia of GENESIS II.

Detail on the diskette. Bucky also taught - all you need for success is a prototype.. and we did this with World Citizens... and please check out this opinion-view against your own instinct - we are speaking of the COSMIC CHANGEOVER. sometimes known in Physics as "PHILADELPHIA EXPERIMENT II"

*KNOW - THAT THERE IS A PERFECT PROCESS OF DIVINE RESURRECTION believe that *C-RIST *was/is the Mentor - or PROTOTYPE or WAY SHOWER for our Easter Supplication - and that The Holy Trinity will grant us GRACE - for in the final analysis, and I hope Dr. Robinson will agree, that, as a race, it is by *THE GRACE OF G-D we are saved and by no other factor. **

*Scores of my "Rosicrucian" buddies have been helping to engineer a <http://www.greatdreams.com/poleshift.htm>

poleshift for over two decades... using Ancient Wisdom ... some are Gnostics...I believe that outcome was set in action before the human race - as such began ... ie *"I AM THE ALPHA AND OMEGA."

'I believe *ONE THOUGHT in the DIVINE MIND * was all it took to set this Star Ship going... countless millions of years ago.

I believe in the wisdom of Omar Khayyam . With Earth's first clay they did the last man knead, And there of the last harvest sowed the seed. And the first morning of Creation wrote, What the last dawn of Reckoning shall read. - Omar Khayyam ... and I myself is heaven and hell." Its like a magnetic particle beam - told in the myth of Sinbad the sailor. Check out *12.11 *and see what I want to come right out and tell you THE SCORE ... in my opinion..

Blessings - Winifred

PS "Hal" is our remote computer ... which keeps the "Ships Log."

MAY IS UFO MONTH IN CANADA.
MAY 5, 2007

The UFO COVERUP is the greatest po-itical scandal of this or any other age in human history. In an effort to bring this matter out into the open, the popular CBC Radio host, Jack Farr of Winnipeg, initiated the theme "MAY IS UFO MONTH IN CANADA" and the UFO Community has celebrated ever since. Many newspapers picked up Jack's theme and ran UFO stories in May.

"The burden of proof is on those making the claim" is the Official Global Go-ernment position on the U.F.O. phenomena. This leaves countless thousands of world citizens classified as being babbling nincompoops, when they try to describe their interdimensional experiences. May is the month when we try to blow the lid off this mystery and uncover the facts.

UFO abductees are implanted with a mission. Mine was the be the Executive Director of the Cosmic Changeover. It required accepting the responsibility of collecting, correlating and organizing the proof of Man's extra terrestrial origins and illuminating the good intent involved. Hundreds of thousands of humans have now been lifted into higher planes of consciousness, and MAY is the Month when we share our findings with the world. During my own abduction on 26-27 September, 1973, The EBE's (extra biological entities) lifted me out of normal spacetime restrictions and were able to convey vast amounts of information during a fifteen hour period. I have spent twenty seven years organizing data received in one tachyon light flash of intelligence exchange.

A fellow abductee, David H-mel, of Gilmour, Ontario, (613) 474 2379, had a parallel experience in 1976. His life has since been consumed in building the model of a Star Ship. When his first craft was launched in Maple Ridge, B.C., Ca. it was well written up in local newspapers but officialdom turned a blind eye.

We have been shown how "Time" is "Light" and that once we reach a certain point of enlightenment we become like chicks breaking out of our cosmic egg, in our final transition to i-carnate g-d-men. The process is all very natural and simple, like the story of the caterpillar and the butterfly.

The laws governing the Universe are known to global scientists, and indeed to all discerning people, to be exquisitely harmonic.

In May, for example, new signs of life are all around us.

Spring flowers with glorious colors come to greet us.

In May it is easy to understand the harmonics of Love and Life.

No society, whether terrestrial or extra terrestrial can defy the perfection of synergetic harmonics. It merely breaks itself against the inevitable conclusion of being out of step with life, and is condemned by the evolutionary command of NGO-NGI, no garbage out no garbage in is the cyclical rule of transcendence.

Space Ships carry time travelers down the time tunnels, and not a moment is wasted.

We get right back to our roots. In the Egyptian thesis May is celebrated as the month of Our Lady, ISIS, that which presents the Universe as a series of perfectly balanced wheels, which when understood, run all dimensions like a Swiss watch movement. These run in tiers.

Like many others, my UFO encounter caused major financial and business losses. These amounted to over \$5 million in capital shares and all future revenues. The RCMP and CSIS were involved. Lives were lost. But in the Supreme Court of Ontario this could not be settled by any normal forms of justice due to the "invisibility factor" of the whole phenomena, which allows for no legitimate frame of reference. It was easier to label me insane.

My lawyer, Thomas Vi-cent, advised me to "spill the beans" in public.

For there is nothing in existing legal systems to cover the U.F.O. situation. This leaves the victims vulnerable to many forms of exploitation and very real social abuse. This situation needs immediate correction.

The reason that World Leaders are unwilling to admit UFO's exist is because the hope to gain added power by milking UFO information to put to their own capitalist goals. All gove-nments have investigated and applied paran-rmal and mind control tactics.

Some of the worlds best scientific minds are employed in UFO research to use for personal gain. The barriers of r-ligious superstition, that teaches that dark d-monic forces are behind par-normal experiences is nonsensical. The true reason of the coverup mystery is simple.

UFO's represent the end of the old world order. Genesis I represented man's upward mind-journey to the "promised land" of Genesis II, where high technology, harnessed to

positive solutions, by light-transformed people, will make life in Genesis II a leisurely affair.

The E-ohim come to bring mankind the key to the bottomless pit of a mammalian domination society. No mature person can continue to turn a blind eye to the mess our world is in. "The New Democracy" has meant putting real decision making in The Commonality.

It will end the closed doors systems, which run/have run this planet for the benefit of the e-ite few, since the beginning of time. The illusion of democracy crumbles when govern-ents have no sec-ets, or secr-t agents to perform abominable functions which have no place in an open society. These turn the wheel of the mighty transnational oligarchy which gov-rns all nations, regardless of their overt poli-ical affiliations.

Knowing this, EBE, has handed out technological tidbits, to dazzle the power hungry imagination. But their true aim is to enlighten the common people, and to establish land bases, on which to complete our transformation.

This process has occupied many decades. The CSIS & RCMP hold 87 pages of Top Sec-et National Se-urity documents on this subject. All such closed UFO files should be open as a matter of protecting our national and global se-urity. Silence and invisibility is a two way street. Lots of room for skulduggery on all sides. While world leaders have been held in fascination with the idea of more power via EBE technology, millions of caring people have had the barricades between their inner and outer worlds broken down by "The Ho-y Sp-rit" which is now happily ensconced in multiple physical forms.
