Below are the List of questions asked By the Galactic Free Press Staff Members.
Thank you Cobra We Love You, Love The Earth Allies

*GFP: *What are your thoughts about justice?
COBRA: Justice is an instrument of divine intervention to bring back balance to planet Earth and its inhabitants.

GFP: How do see the new freedom?
COBRA: New freedom will be in full consciousness, with conscious use of free will infused with love, with advanced technologies in harmony with nature.

GFP: What is your timeline?
*COBRA: *Things are already happening with two peaks of culmination of events, one in May/June , the second peak is October to December 2012.

GFP: What is your opinion on O-ama and his great changeless & struggles in the office of the C-bal?..
COBRA: All intel about Ob-ma is classified information.

* GFP: *What do you feel about manipulation of Informations for benefits of few, and our present general population programming state of mind?..
COBRA: It has to be stopped and the Cab-l removed immediatelly.

*GFP: *Do you feel that most of 'lightworkers' and freedom fighters will come together under the same flag of Unity and Love?..
*COBRA: *At a certain point, yes.

GFP: Do you see [your]self as Deceived or Deceiver in this process of Humanity Conciseness rising?..
COBRA: Neither of these. I am awake.

GFP: Are You familiar with Keenan Leans on FR, Central B-nks... and what is your part in this mass arrests 'play'?..
*COBRA: *Yes, I am familiar with these. I am involved in Resistance Movement special operations.

GFP: Are some of these arrests already happened, but not fully disclosed to wide public knowledge and why these events are kept s-cret and by whom?..
COBRA: Some arrests that do not include top members of the Caba- have already happened. Many top members of the -abal have been detained, questioned and released. All this is being kept suppressed by the mainstream m-dia under R-thschild control.

*GFP: *How much surprise, truth exposure and anonymity of players plays in these games with c-bal?...

*COBRA: *We are in information w-r against the Cab-1. They suppress the truth and we reveal it. Those of us that reveal sensitive intel must remain anonymous.

*GFP: * What are your thoughts about the concept of e-il?

*COBRA: * Ev-1 is free will that chooses to harm, to act against Love and Light on purpose.

*GFP: * Should we be fighting against darkness?

*COBRA: * We should become aware of it and then remove it and then refocus into the Light.

*GFP: * If you could say one thing to all of the people right now whose lives are impacted by pharmaceuticals, what would that be?

*COBRA: *Use natural medicine, live your life in love and balance and you will be healthy regardless of all p-isons in food, water, air and pharmaceuticals.

*GFP: *To those whose deeds have created chaos and darkness for Mother Earth and Humanity, what is your message to them?

*COBRA: * The game is over. You have been defeated. You need to surrender now.

*GFP: * Did you experience a personal moment when you suddenly understood and remembered your light mission? Can you describe your experience albeit this one can wait for the time when you are safely public?

*COBRA: *I will not disclose any personal information before the Event.

*GFP: * Are you excited about what is coming next?

*COBRA: *Yes, for sure. It is 2012, isn't it?

*GFP: * What thought thrills you the most? Thank you.

*COBRA: * To liberate the planet.

*GFP: *Where are your sources located? What institutions are they working in?

*COBRA: * The Pleiadians (direct intel-no c-anneling), the Resistance Movement, information agents around the world with connections deep within the o-cult economy and alphabet agencies.
