Subject: Are You Ready For Somethng Blissful?
2012.

May 27,

This makes me think of what they say prior to Monday Night Football, which is, "Are Ready For Some Football"?

An environment filled with blissful encounters
and excitements awaits your awakening
by John Smallman
All is on schedule for your grand awakening,
and ever larger numbers of you are beginning to get a sense of
the great changes that will shortly be put into effect. The
assistance that you are receiving from the s-iritual realms
continues to intensify to match your strengthening intent to
awaken. And to awaken has become totally inevitable, as has
been d-ivinely promised and guaranteed.

The energies that are presently flowing across
the planet to help you on your journey are like the strong,
steady winds that enable sailing-ships to cross the high seas,
and they will continue to blow steadily until you reach your
h-avenly destination. All has been prepared to ensure that the
ship proceeds smoothly, swiftly, and directly to bring you
Home. And when you arrive at the harbor you will be greeted
by a grand welcoming ceremony of waving flags, and there
will be cheering crowds of those you have always known
and loved.

To awaken is something you have longed to
do, even though mostly you have been unable to identify that
that is what it is you long for. What occurred is that you have
yearned for something in the physical world, and when you
found it, received it, and enjoyed it, you discovered you were
still unsatisfied and confused, because what you had desired
satisfied you for only a moment. It was of course but a
substitute for what you really desired, which is to awaken,
and there is no substitute for that.

You have continued to desire . . . and have
searched for different things at different times to give true
meaning to your lives, but lasting satisfaction has always
escaped you, because within the illusion there is nothing
that can truly satisfy a child of G-d. You were created to
inhabit and enjoy the d-vine and spi-ritual realms where your
potential is limitless, whereas in the illusion you are severely
limited, not only by the illusion itself but also by the form you
have chosen as a vehicle to experience it in.

When you awaken, the limitations that
your choice to inhabit bodies has imposed upon you will
dissolve, and you will start once more to engage in further
creatively developing your G-d-given potential for the joy
and benefit of all of Go-'s di-vine progeny. The possibilities
on offer and that appear before you, and which you will
feel encouraged to explore, will fill you with an intense
sense of satisfaction unlike anything you have ever
experienced within the illusion. And you will know that
these possibilities will continue to provide you with an
unending kaleidoscope of enchanting opportunities.

Indeed, as you will see, opportunities for limitless enchantment are an essential part of -od's Reality, forever tempting you and encouraging your creative talents and capabilities. They will lead you from ecstasy to ecstasy in an endless succession of cooperative endeavors with your loved ones, which will produce spectacles of enthralling beauty far beyond anything you have seen or imagined with your human eyes.

An environment filled with perfect and blissful encounters and excitements awaits your awakening with the freshness and brilliance of a beautiful spring day. Nothing that you could wish for will be missing because Go- has foreseen your every desire and has provided for it abundantly.

Your loving brother, J--us.
