It looks like they are going to try to start another one.

It was only a matter of time before NA-O's hired k-llers were tasked with carrying out a m-ssacre in Syria that NA-O stooges at the UN could then attempt to blame on the Syrian go-ernment. This time however, the con job isn't going quite according to plan.

On Monday 28th May 2012 ('Memorial Day' in the US, for those who enjoy irony) the world's public received a full frontal pro-aganda attack by the Western and other duplicitous m-dia outlets parroting NATO and UN Se-urity Council condemnations of a "mas-acre by Syrian troops" in the Syrian village of Houla on Friday 25th May.

Although the Houla victims were Assad supporters, the me-ia has been primed to unleash a torrent of abuse against the Syrian gov-rnment in the hope that it will carry enough weight to justify precision-strike democratization in the very near future.

Flashback: Revealed: 1957 C-A-M-6 plot to terro-ise Syria, spark fake re-olution and as-assinate leadership Ben Fenton

Documents show Wh-te House and No 10 conspired over oil-fuelled inv-sion plan Nearly 50 years before the -ar in Iraq, Britain and A-erica sought a secr-tive "regime change" in another Arab country they accused of spreading t-rror and threatening the west's o-l supplies, by planning the in-asion of Syria and the assassi-ation of leading figures.

Newly discovered documents show how in 1957 Harold M-cmillan and P-esident Dwight E-senhower approved a CI--MI6 plan to stage fake border incidents as an excuse for an inv-sion by Syria's pro-western neighbours, and then to "eliminate" the most influential triumvirate in Damascus.

The plans, frighteningly frank in their discussion, were discovered in the private papers of Duncan S-ndys, Mr Macm-llan's defen-e secretary, by Matthew Jo-es, a reader in international history at Royal Holloway, University of London.
Comment: 'The plan' may not have been used back then, but we see something eerily similar happening against Syria today.

Maybe Syrian Pr-sident Bashar al-Ass-d isn't so crazy after all when he says there's a foreign co-spiracy ranged against him...

Keep in mind that the -IA's "fear of the spread of co-munism" was total B-, of course, just as today's Global W-r on Terr-r is.

As explained by former CI-- St-tion Chief John S-ockwell, the real goal was to keep Third World countries as Third World countries by fighting a prolonged Third World -ar.

What If We Called A W-r And Nobody Showed Up?

They knew the Soviets were no threat. But the rise of socialist policies (that is, policies that actually raised people out of poverty) threatened US global hegemony and its insatiable need for slave labor.
