Here is something about Adama, a very nice man from inside Mt. Shasta who sometime makes his appearance in physical form to people. I just got this off of goggle.com by putting in the word Adama and got the following information. This is old information and some of these web sites and people may have passed away. You'll know you have the right information if it shows a painting of Adama looking he like he is 17 years old but is over 600 years old.

Greetings from Adama of Telos

c-anneled by L-ilel

Greetings from Telos! I AM ADAMA, Ascended Master and High Priest of Telos, a subterranean City beneath Mt. Shasta in California (USA).

I am dictating this message to you from my home beneath the Earth, where over a million of us live in perpetual peace and prosperity.

We are human and physical just as you, except for the fact that our mass consciousness holds thoughts of only Immortality and Perfect Health.

Therefore, we can live hundreds and even thousands of years in the same body. I, myself, have been in the same body now for over 600 years.

We came here over 12,000 years ago before a thermonuclear war took place that destroyed the Earth's surface. We faced such hardships and calamities above ground, that we decided to continue our evolution underground - We had hoped to save all our Lemurian people, but there was only time to save 25 thousand souls. The remainder of our race perished in the blast.

For the past 12,000 years, we have been able to rapidly evolve in consciousness due to our isolation from the marauding bands of extraterrestrials and other hostile races that prey on the surface population. The surface population has been experiencing great leaps of consciousness in preparation for humanity to move through the photon belt.

It is for this reason that we have begun to contact surface dwellers to make our existence known. For in order for the Earth and Humanity to continue to ascend in consciousness, the whole planet must be united and merged into ONE Light from below and ONE Light from above.

It is for this reason that we are contacting you to make you aware of our underground existence, so you can bring the fact of our existence to the attention of our fellow brothers and sisters above ground.

We broadcast to you from beneath Mt. Shasta in California where over a million of us dwell. We are very evolved beings, living many lifetimes in one. We go about our business in harmony and love, and reap many benefits that accrue during our long life spans. Our lives span many centuries of your time on the surface, therefore, we're able to accomplish much more in our lives. We can use all our lives to our benefit because we are able to go back to our previous lives through our amino based computer system to recall the past.. This is a technology that we, from the underground, will be bringing to your surface when we emerge. Connecting to your past lives and learning from your life's lessons is necessary to this current incarnation. So be prepared for this great adventure of tapping into you past lives.

You, too, will be living long lives when you enter the photon belt of Light and receive its life rays of health and longevity. There is nothing to prepare for, since you will be aided fully before this time of entry arrives. Know that you are on Earth at this time to assist all of humanity with its entry into the Photon Belt. All souls incarnating at this time have done so with full understanding of what is to happen. That's why there are so many people on Earth today, more than there ever was, because all souls want to be involved in these "End Times". Also souls who ever incarnated in Earth have returned. You are one such soul.

These End Times can be met with harmony and joy, or fear and chaos. The choice is yours.

We recommend that you view this with your eyes turned to God, while your feet walk the Earth; for God is in full command of everything and you are all in His hands. There is nothing to fear, only joy and immense well-being will be the result of Earth's transition into the Light.

It is I, ADAMA, here to speak to you about TWIN FLAMES. Know that your twin flames are near, as near to you as your heart, and they wait patiently for you to contact them, for you to connect consciously with them on the Earth plane. You have come to Earth with a purpose and with a mission to complete. The purpose is not an individualized one, but rather one in which your Twin Flame is an integral part. You and your twin flame contracted for this particular mission at this particular incarnation in time. You both have a part to play, a role to carry out, and at this time it is necessary for both you and your Twin Flame to consciously connect with one another for the dual purpose of reuniting and completing this mission. For this is the way you work best.. Most of your Twin Flames are in the fifth dimension, guiding you from above. It is your advantage to channel your Twin Flame for instructions and guidance specifically for you.. You already know your Twin Flame on the Inner Planes. Now is the time to bring that consciousness into your present reality.

The time is coming when our two great civilizations will merge. Where all technology will be ONE peaceful technology of life-giving substance - holding together the fabric of form necessary to create and satisfy our needs... If you are interested in coming to Telos at night during your sleep state, just call on Adama before you go to sleep and request admission to Telos, and Adama will receive you. You are all Telepathic Beings, so when you center your thoughts on Adama and call to Adama, Adama hears you. Know this for a certainty, as our channel is just integrating this into her consciousness with a certainty. (JW I can't say that this really can be done. I've tried it I can't say that anything happened but I wasn't aware of it in my present mind if it did happen. I say give a try you have nothing to lose.)

In Telos, we are all Spiritual Warriors, as you on the surface must become. A Spiritual Warrior is one who acknowledges the light within, and knows that he/she is here for the purpose of bringing in more light to the Earth. So you are all here to bring in the Light. You do this by focusing on the Light, always, and never letting it drift away from you.

Visualize the light as waves from the ocean, always coming in to you, and washing out the darkness. You are all great Light Beings who have come to Earth, just as Adama has, to reunite all humanity into ONE

Adama.

HUMAN FAMILY.

Adama has gained much wisdom from his extended life in Telos, and would like to impart this wisdom to others who wish to learn from him.

Adama is currently conducting classes on the Inner Planes at night. If you'd like to register for these classes, just petition Adama before you go to bed at night asking to be his student. Adama will teach you mastery of yourself on all levels of existence.

Adonai my Beloved.
