AAk/or IKE, born 29 April 1952) is an English writer and public speaker, best known for his views on what he calls "who and what is really controlling the world."

Describing himself as the most controversial speaker in the world, he is the author of 19 books and has attracted a global following that cuts across the p-litical spectrum. His

Green Party, when in 1990 a p-ychic told him he

was a healer who had been placed on Earth for

a purpose, and that the sp-rit world was going to

pass messages to him so he could educate others.

In March 1991 he held a press conference to

announce that he was a "Son of the G-dhead"

a phrase he said later the media had

misunderstood and the following month told the

Subject: Are You And Old Soul? Part 2.

June 7, 2912.

I guess you would say, "Kryon, a very old soul was he".

.....
.....

Dear ones, I am Kryon. I give you information of love about the planet and your own energy. I never give you information that has not already been generated by the potential of Human consciousness. Quite often the predictions are given and then they happen. When they do, you consider that fortune telling. It is not. It is energy in that random, chaotic place you called quantum, weighing the potentials of what could happen regarding your lives and the earth. So the future is driven by the potentials that you have created with your own consciousness as a civilization on the planet - not fortune telling, but a measurement of what you are creating.

Twenty-three years ago, we saw the potentials of today, for you were starting to develop these very things and the seeds were being planted for what you are seeing now. It's beautiful and difficult at the same time. Change is always accompanied with difficulty. Even the most well-balanced Human will say, "I have found my balance and I'm pleased with this balance." Then someone comes along and says, "Well, we're going to change things." That's when that well-balanced Human yells, "No! I'm balanced. Don't change anything!" For change means you're going to put a weight on one side of that balance scale and you're going to have to learn to shift so that you center again. That's always unpleasant and a lot of work. But that's not what you're going to be doing this time. This time it's even harder! We call it recalibration.

Let me tell you what it means by giving you a short review of a message [chan-elling] I gave recently. In an older energy, you went about protecting yourselves from darkness. If you were a healer, you protected yourselves from those who might have imbalance, psychological problems, even disease in their bodies. Then you often did a number of things to make sure you were protected. There was a process, a procedure for that. So I'm telling you right now that this is gone.
