Make sure you review the treasure trove of information on  
<http://www.stewwebb.com/>  
and share that site everywhere since Stew We-b had  
over 20 attempts on his life trying to put these satanist  
crooks in p-ison.

Stew has paid his dues and deserves the support of  
anybody that stands against Satan! Help him financially if  
you can!  
He's been destroyed financially fighting to free this country!

UPDATE: 5/31/12  
Hear the full interview with Stew Web- where he talks about  
the C-A hit teams, Ban-ing collapse and his effort to get  
everybody involved at exposing the satanists meeting in  
Colorado on June 21st at Kimball /Cherokee Castle!

We Are Calling All of Go-'s Warriors to Spread the Word!  
Federal Whistle blower Stew W-bb is organizing a world wide  
all night protest of a meeting that is far bigger and more  
important to the I-luminati than the current Bilderberger  
meeting in Virginia!  
Stew has gotten confirmation that on June 21st during the  
summer solstice the top 100 Ill-minati Ban-sters are meeting  
in Colorado at the castle you see at the top of the page.  
Insiders have reported that a new born baby is s-crificed by  
these -vil people during the wee hours of the morning. You'll be  
able to see who these people are by which famous people  
show up in Colorado in the days leading up to the event.

After the party and satanic sa-rifice many in attendance will actually make an appearance at a golf event in the surrounding area! They usually attend the golf tournament at the Cherry Creek Country Club in South Denver.

The castle where all these rich ev-l people will be gathering is called the Kimball / Cherokee Castle. Stew is asking everybody to get involved in this protest whether you are in Colorado or not.

Apparently there are tours available of this castle during parts of the year but you better hurry if you want a tour because after this article hits they probably won't be allowing too many tourists to go see it!  
Do not trespass on the property!

Do not try to be Rambo!  
The last time Stew told somebody in the press about this event, they trespassed, got caught and ended up in a psychiatric facility for 6 months! There is a public road that runs around this castle and a big neighborhood around it.

If you are local and want to help, start looking around the area and meeting neighbors if you can to see if they will tell you anything about it. Apparently Stew has talked to neighbors in the past that have heard screaming coming from the castle but local p-lice never come out and investigate!

Stew -ebb is very familiar with what goes on at this castle because he unwittingly married into the Ill-minati Ba-kers!  
His wife was the daughter of one of the top 13 families in the Ill-minati - Leonard M-llman! You can read about this and much more on Stew's website at  
<http://www.stewwebb.com/>  
<http://www.project.nsearch.com/>  
Project  
<http://www.latenightinthemidlands.com/>  
so we can reach you about this event!

Stew has asked me to get the word out about his protest of the satanic activities at the Kimball / Cherokee Castle and I am going to do my very best at rallying the troops around the world to support this effort.

We absolutely must make a lot of noise against this meeting and get as many people on the ground there as possible! I will updating this article from now until the meeting with any new information and the updates will be at the top. I need the support of the ENTIRE truth community and alternative news network! We will be contacting everybody we can that wants to promote and be a part of this broadcast and worldwide effort to shed light on one of the most sec-et of all new world o-der events!

This is REAL people and this is our chance to catch them sneaking in!

Get your cameras ready! To stay in touch on this effort make sure you have joined

What to Look For on the Ground as We Approach June 21st!

Stew has told me that in one of the earlier years, they lit a forest fire to keep people out of the entire area so anything is possible. Obviously we will be on the lookout for a fire that suddenly breaks out in the area before the event. Stew reports that many of of these Illum-nati ba-ksters will arrive a day or

two before the event.

One year GW Bu-h paid a visit to some little shopping center in the Castle Rock area right before the event! Everybody should post any information they come across in the comments to this page or send it to us for posting.

A little birdie told me somebody might even see a prince in the area.

Would be nice to get a photo of a prince in Colorado around this June 21st time frame.

Check back to this page every day or two as I plan on update it all the time. Use the comments to give your support but if you want to be involved the best thing to do is contact us by the websites and by Skype. We encourage anybody within driving range to start checking out the area and taking pictures during the daytime. See if you can meet neighbors that live around the castle and report what you can as soon as possible.

To pull off this event we need everybody's help. We're all on a mission from -od to shed light on the Illum-nati satanic rituals going on the night of June 21st at the Kimball / Cherokee castle. Contact, press, media, law enforcement and tell everybody to get in place to break the biggest story of 2012! The leaders of the world are Satanists and we'll be proving it on June 21st! Every human being reading this article must now choose between good and evil-. Join us now and inform everybody you know to sign up and be a part of this worldwide effort! Expose the Illumi-ati satanic ceremony at Kimball / Cherokee Castle on June 21st and let's p-ay very hard that G-d will act through men and women everywhere to make this little satanic party something that the ones attending aren't going to like very much!

Note to the Good Guys in the gover-ment and mi-itary  
Note to all "Wh-te Hats" in the N-A, C-A, F-I, local law enforcement and mi-itary! I know that there are many of you that I consider to be the "Good Guys" that know that this event is going to go down soon. I'm asking for everybody that believes in -od and wants to be on the right side of history to call in every favor you have. Call in all your chips and get us proof of this event going down! Give us publicity, give us any hidden support you can possibly give us! We need cameras and other equipment! Photos and videos can always be posted to this website after the event. Do whatever you can do and lets put an end to Satanists running the planet into the ground! It's time that we bring out the f-ee energy that we all know is out there and build a paradise on Earth. We are looking for the forces of good on this planet to stand up and do something. We told you when and where this is all going down. We can truly change the world if everybody does something for this effort! something...do ANYTHING! Thank you!
