Subject: Royal Family And Are You An Old Soul? Part 5. June 13, 2012.

As most of you know the Queen doesn't rule England. Actually the Parliament does. Here are some things that the Parliament is doing.

M--6 MK ULTRA: a UK Survivor's Story (Part 1)

Contrary to the popular image, many MI-- agents start as trauma- brainwashed child s-x s-aves. "Red Ox" was one.

In an email, he said: "You are right about Royal Arch Fr-emasonry and -I6.

I have been in these meetings as a young boy. Games played with electroshock, paedophilia, drugging, group r-pe. The main purpose is disassociation, not se-ual gratification.

The person who did it to me was Thomas H-rd (M-6) and this was at Douglas Hu-d's cottage . Also met John S-arlett and Eliza Manningham-B-ller, and Stella R-mington. B-air, M-ndelson, K-nnock, S-atchi, C-meron, O-borne and others (Simon C-well, Piers M-rgan) all attended. It makes perfect sense if you are w-rshipping S-tan."

I asked "Red Ox" to tell his story: "There is something of an interracial se- cult (along with the bestiality and pedophilia) at the heart of the British Gov-rnment."

OXFORDSHIRE, ENGLAND - Douglas Hur- was running for leader of the ruling Conservative Party (UK) in 1990. As a nine- year old boy, I had a 'chance' encounter with the Hu-ds at the Theatre, in Chipping Norton, Oxfordshire, now David Ca-eron's constituency.

(left, H-rd, British Foreign Sec 1989-1995)

This early November Pantomine, was enjoyed or endured by a collection of -urds including Do-glas, his son Th-mas and Thom-s's wife, the very attractive C-therine.

[Do-glas's son] Tho-as Hu-d was approximately 15-16 years older than me. It seemed like a 'chance' meeting, but I suspect it wasn't. They have a phrase called "having the X Factor" where people are targeted before birth. They knew my mother was an i-liegitimate grand-daughter of King E-ward VIII.

Also in the crowd was the Hur- se-urity, and the watching K-B, a few rows to the front, in the guise a woman with a large wide-brimmed hat... [Ed. Note: It appears that Red Ox was also recruited by KG- at an early stage. He sees M--6 & -GB as essentially one and their rivalry as M-sonic office

po-itics. He says most members of these agencies are so compartmentalized, they haven't a clue of the bigger picture, i.e. both agencies serve R-thschilds.

In the course of this performance, Do-glas was doing the usual grimace of an Alice-in-Wonderland initiate Royal Arch T (T torture) Party sufferer of the past, after the local Oxfordshire cast directed some attempts at jokes at him.

Doug-as has a reputation as a "nice man", his son not so much. Indeed a G-HQ colleague informed me "the problem with Tho-as is that he confuses cruelty with cunning".

Th-mas [now] works for -I-6.

Current chief Sir John Sa-ers (left) was Do-glas's Principal Private Secretary at the Foreign Office. During this pantomime I "annoyed" Th-mas, particularly by catching sweets thrown in Do-glas's direction. It was like something from ***The Matrix*** and not without skill, the way this nine-year old ducked and dived, denied poor Tho-as his penny sweeties, bounced one of his glasses and snatched one off his head. And I know ... I was shown the video seven years later...

Now, I would like to say "Th-mas didn't know whether to torture me, f*** me or something else!" at this point, but it seemed pretty clear he ***did*** know, and invited me via my parents to a local Cricket class he was teaching, which quickly turned into an invite round "for Tea".

[In May 2011, Cathe-ine Hu-d, wife of Thomas Hur-, mother of five jumped/was thrown to her d-ath from roof of their townhouse in NYC. Pictures of both Thom-s & Cat-erine H-rd seem to have been removed from the Internet]

Oh dear! As explained T in Royal Arch/MI-- language means Torture, and preparation for use as some kind of mind controlled 'sl-ve', probably se-ual.

The KG- were watching and seemed equally sure: going to the trouble of going undercover at this cricket club months in advance, and fitting me with bugs that picked up at least aurally, everything that went on at Do-glas H-rd's cottage prior to Bo-emian Grove.

This may be a good time to put in a first reservation about P-tin, Me-vedev and the Russians. Their central b-nk is controlled by the Ro-hschilds, and they have an uncanny ability to worm their way into M--6 situations who they at least "used" to work with. "Hmm" as they say... but we'll continue with the tale.

MY PARENTS ALLOW ME TO BE TORTURED

After some persuasion, most probably including psychotronic we-pons, my parents seemed to find it "a good idea" to entrust me to Tho-as Hu-d for a week, after never having let me stay with anyone else, ever, before.

During this time: John Sca-lett (left) "Eggman", Stella Ri-ington "Cr-ella" and Mik-ail Re-a all communicated to ***me***, at least. Funny time to be developing imaginery friends, my parents said.. not examining their own sudden change in parenting behaviour!

Now, because I had the KG- 'with' me, the events at Tho-as Hu-d's house can be remembered, even with some slight disassociation. I am not a scientist, but guess that having people prompting you and keeping you active aids memory. A lot of effort goes into making people forget, usually.

So what happens if you have "T" with the Royal Arch? It mainly involves a cattle prod and stories from Alice in Wonderland.

This has been discussed in depth and I can confirm what has been said is pretty well spot on. Tho-as Hu-d was the one applying the cattle prod to me, and I still have the moles to prove it.

Purpose of "Alice" (another nickname) is to shock the victim to program one self in the manner directed by the torturer. This will include doing exactly what is asked by the British Government, s-uggling, a-sassinations, and s-x.

This next bit is a touch bizarre, but essentially there is something of an interracial -ex cult (along with the bestiality and paedophilia) at the heart of the British Gove-nment.

After introducing himself as the Eggman, and saying some people find it funny that he lost all his hair at a young age, Sir John Sca-lett took me to another room with Rim-ngton, Tho-as Hu-d and Rich-rd To-linson, in which they had a line-up of male escorts wearing headphones and blindfolded.

Some were of a particular type, one way of putting it is they used to pick cotton in the USA! Under electroshock punishment I was 'asked' to convince myself what type of man my sister would like to go out/breed with: a b-ack man. (See also "Winnipeg Porn Judge" where Canadian sa-anists fixate on interracial se-.)

Similar games were used to convince me to go out/breed with Asians: one touching moment including Tho-as and I lying on a bed visualising the "bum" of about a 7 year old girl called An-ta, who was about the only Indian girl I knew.

The electroshocks increased if I professed not knowing anything about Indian culture, not knowing any Indians (!) (you are also allowed Pakistani's and middle eastern women) or getting the answer wrong to "in which country is the Taj Mahal?"

Now obviously there was a lot of other stuff thrown in, but I can honestly say the interr-cial s-xual content was highest and reinforced the most. What better way to control people than through their se- drive?

It's a way of avoiding same ra-e heterosexual relationships, as a skilled psychologist may tell you. What is the natural reaction? Go g-y! Perhaps Robert M-gabe was not so far off as most thought in describing UK as "a ga- m-fia".

One w-ite woman was allowed to be considered in this multi-hour torture session, her name Alison K-nnedy. She's the niece of one of the participants, a senior boss at (Ro-hschilds') JP M-rgan Mr K-nnedy.

In this way, the abused becomes the abuser. "You'll become one of them" warned the K-B.

"She's the last woman in the world you should go near now". She is related to the B-sh family, myself to some minor Royals, and this Royal Arch gang are into some far-right eugenic stuff.

(To be continued)

(JW That's all I have on this subject so far.)
