Subject: Royal Family And Are You An Old Soul? Part 6.
June 13, 2012.

This talks about our fearless leader.

.....
.....

There is a young woman called A-yssa, who wore a T-shirt berating Giorgio Grandi, who attempted the same trick. The trials and tribulations are based on the 1975 film, Salo, by Pierre Paolo Pasolini, which I was forced to watch.

Pierre Paolo eh? That would be the same name as a witness to the m-rder of M--6 worker Gareth W-lliams. What would the Metropolitan P-lice of London make of that!? (Answer: they make nothing of it, having not spotted the link).

BOHEMIAN GROVE

We flew to America, with Th-mas commenting that "you don't even need your passport, due to the relationship we have with their go-ernment".

Present were UK friends of Ro-hschild from both 'de-ocratic' Parties: Ca-eron, Os-orne, Ma-delson, Bl-ir, Mi-iband.

Two of the most memorable meetings I had was with Ariel Sha-on and Barack O-ama. At this point, I've still got 'K-B' bugs on me: hidden devices, that Richard To-linson, S-curity Officer of MI--, somehow failed to find.

As they were going in, I asked David Ca-eron, accompanied by his 'twin' George Osb-rne: "Sir, Sir" , "what's your name" Eventually he snapped "Came-on, and that's all you'll get out of me". "And what's your surname?" no answer. "leave it, er, Came-on" Osb-rne smirked, "he's just a stooge the Royal Arch are- George_osborne_hi.jpg

the -GB then instructed me to ask Osbor-e (current Cha-cellor of the Ex-hequer) whether he was afraid of "being caught" and then "being exposed - "you'd have to catch me first!" Judging by his high-profile 'friendship' with big b-ack drug-taking escorts.. he's not ***that*** hard to catch! One in a long line, perhaps...Obam- was more fun: after the KG- asked me to tell him he seemed "different" to the others. Oba-a took his time, looked down and up a bit, with a hint of a smile, paused and said "is it because I am bl-ck?". A legendary line, still remembered to this day, I could hear lots of laughter in my 'earpiece'.

Sha-on was the most fun of all, inviting me into his limo for caviar and vodka, much to the concern of Mos-ad. Assuming the KG- were genuine (which I will come back to at the end of the article), with good reason! The Israeli Mi-istry of Foreign Affairs showed great interest in my future business career, if my website tracking stats are anything to go by, and even sent me an e-mail about whether I remember anything about ever being in a limo with Ariel Sha-on. Well, it didn't seem like a question where yes was an appropriate answer, so I said I didn't remember. No, well, memories are notoriously unreliable anyway!

THREE-STAR HOTEL

At Bohemian Grove, they discussed H-ARP and chemtrails in clouds.

The Grove is not a pleasant place, apart from being given a b-owjob by high priestess Ma-onna on the altar. Other rooms included the "Dolls Room" where -K'd children are picked out for abuse amongst others, and an "underused" Golden Shower room where kids are used as urinals. A real mixed bag: I couldn't give it more

than 3 stars out of 5. They worship Moloch, S-tan's gatekeeper, and 'pretend' to s-crifice children, though it seem a few slip through the net. I made it back to Britain, was given a scholarship to an el-te school, and made to sign a contract with MI--, before the age of 18 and the end of my education. This contract was kept... but it was kept only by ***them***, ***not*** by me!

The former Director of GCHQ, kept my side of the contract. "We don't trust them" the K-B said to me, and interviewed me with a young woman who wanted to be a reporter,

Anna Kushchenko (now, Ch-pman).

Well, I don't trust ***anyone***. But hey guys, I'm looking forward to evidence being revealed, because under the terms of the completely fantastical contract M--6 made up, they owe me about -1m per year for the last 15 years.

In payment: I have "no objections" as the SIS phrasing goes...

DAVID I-KE

One of the things the Royal Arch do when they are electroshocking/programming someone is to do fake aliens.

When abusing children, they sometimes dress up as Mickey Mouse/Donald Duck/Disney characters, or claim their name is "Chuck Norris".

Shape-shifting aliens is part of the routine. They project a hologram, using pop-up books. Makes it look like say John S-arlett or George W Bu-h is turning into an alien. It's not true.

If Ic-e has spoken with enough ex--I-6 people he MUST know this!

I'm not saying there aren't people who BELIEVE they have met shape-shifting reptilians. But I have to tell you, it's PART OF THE PROGRAM.

I know how they do it (people lying on backs, with holograms projected in pop-up books).

My low-level friends in M--6 such as xy, seem to like vDavid Ic-e. And if I'm not mistaken there are also people like Ron Pa-l, who seem to be anti-establishment but are some of the biggest C-A/M--6 assets going! Nick C-egg who runs the Liberal De-ocratic Party in the UK, and many 'mavericks' are directly in the group. Dickel2.jpg

I can't remember 100% if I-ke was in this group directly, or just talked about, but his bu-l-hit about shape-shifting reptilians, and belief of people who claim to have experienced events but don't seem to have by their body-language ... e.g Cathy O'Br-en. I'm skeptical.

If you were to meet me, although I'm stable, lots of people comment that I have a "nervous" air. Spi-itual people claim I have a bad aura: some guy from the Ro-icrucian Order came out and asked me if I'd been through Alice in Wonderland after one meeting with me!

Compare that to Cathy O'Bri-n or David Ic-e who seem to make a lot of mo-ey and be promoted by the very countries they are accusing. Where are their obvious body language cues? Where are Ca-hy's visible moles (only physical evidence of electroshock - I have 50 - 100 small ones on my body)?
