Subject: Booo Hollywood. Part 2 of 2.  
2012.

June 18,

This says we should pay attention to our light.

CONCLUSION:

We, The people, especially in the West, have allowed Hollywood hype to distort our sense of reality. None of this is by accident. All has been carefully planned.

Our world is held hostage by an illusion run by a Sa-anic cult.

The classic Faustian Deal with the De-il is real. See this:

. This contract made by many in the entertainment industry, allows something horrible to possess the individual sp-ritually, physically, emotionally and s-xually. One's entire being is consumed by dark energy and personal free will is extinguished. Many artists take the deal. I don't think it ever works out well for any of them; as there is no honor among thieves.

.

Our insider-actress says, she was saved by her light. She intrinsically knew who to stay away from. I positively know that my own light and inner knowing kept me safe.

All of us, citizens of this 3D, earthly plane, those who are rightfully meant to be here, we all need to stop being complicit in our own destruction!. We can do that by continuing to wake up.

We need to grasp the fundamentals of this reality! Just Say No to the false Illusion.

We are being Preyed Upon by a preternatural force that deals in the grandest of illusions and pushes forth, the Great Work of the Ages. Look it up.

Our only hope to escape this e-il/dark reality is to shed the Reptilian scales from our eyes, disengage from the lie and stop feeding the beast.

I'd say Sarah J-ssica is looking a bit Reptilian don't you think? And she is endorsing someone from the "down-low club", and the sec-et society, Le B-ule.
