City of Light Sedona Message

Genii Embassy Visit

July 9, 2012

A HOT BED OF ACTIVITY!

Leaving my daily world in the 3rd dimension of my Sedona, Arizona USA home, I mentally and visually enter into the nonphysical of space & time. I slip out to spend some quality non-time in the Embassy of Peace within the City of Light location.

Visual meditations get me there quickly with no car to drive, plane to fly, or even gas to be concerned about. Ah, advanced inner technology at my service. I am just there at one of the usual Gates of entrance trying to get past zillions of people also wanting to enter. Looks like Disneyland on a normal day.

I spot my City Guide La-Luke, signaling to me once again and using his light-magic to part the people-seas. We connect. now on our way through the Park of Relaxation. We have no time for a bench massage as we hop on the driver-less trolley that dumps us off at the Embassy door. Entering this mammoth sized building we see Ooo-lon at his usual stage place. This building is huge and filled with love, honor, and truth.

Ooo-lon holds court with hundreds of E.T. Light Beings. It makes one feel they are in ascension ... it is that powerful.

What am I to ask I wondered? I have asked so many questions since all these visits started. Wow, before I could think any more, Ooo-lon said, "Welcome student of truth, we are here to serve. How may we do that?"

Genii: "Living in the physical of the Sedona, Arizona vortex belt of the City birthing, what may I report to people who are asking me questions, even from across the planet in the United Kingdom? People are frustrated at just about everything, I hear. I understand I am even to meet a sp-ritual leader, Michael Mir-ad, who leads the Unity C-urch here, regarding what is going on behind the scenes so to speak."

Ooo-lon: Ah, we have now reached the home base of interest. The home of the first City birthing. This is good you have asked. The Sedona area is, in the unseen, a hot bed of activity as the puzzle pieces come together with the lights of those you see in the audience here.

Hundreds of Entitles of Light from all over the cosmos, are like swarms of bees gathering at the honey hive, doing what they do best, such as bringing in space technology never before used on this planet for healing, and putting it in place with finishing touches. These pieces have to be in correct divi-e alignment as G-d pulls the switch, as this monumental Di-ine design moves into your local sight and entrance.

Now then, when sharing with people, let them know first of all that they are loved enough by Go- to end suffering on this planet. In doing so, the City of He-aling Light is about to be Div-nely shown. Arizona itself will feel the impact as well as several states around. The energy brought in from the universe through the High Towers is mammoth in its scope.

One can only imagine how having several more Cities like this one activated on the planet grid, will make this planet shine in the hea-ens not unlike the brightest star, or even a moon. Share with the Michael of Mir-ad, who incidentally is in your area for this particular reason, even if at this point he is unaware of the impact he will make to his people coming up, for he is a light within a light, like not many on your planet and should be made aware of what is going on right in his current world.

Many are beginning to feel the horrendous changes as the vortexes spin in their capacity of totality, as the City uses this power station to birth itself into sight physically. The under-Cities also are marking the days of disclosure and the energy spreads far and wide.

Report to the people that all is well and on course. Of course -od declares this to be so! The upheaval across the planet looks to be not much fun, but in realty is is cleansing and the end results will find each one experiencing light and love like never before could even be imagined. Even the courts will have to take time out for no one is suing anyone. ..no need!

Out with the old and in with the new. Several of your planets web reporters are doing much good, for all such as the Michael Qu-nsy, the Russ Mi-hael, and the Steven Be-kow all of which have been kind to you and your sharing, and others who are tuned in.

The word spreads, lives change, and all comes to pass as the first City of Light demonstrates dramatically and div-nely, knowingly or not. That is just the way it is, period! Precious are these days of countdown, for all are to be blessed with advanced hea-ings not even thought of, but ready to be received be it in Sedona, the Uni-ed Nations or Australia or?

Keep the message going out so many can incorporate this Di-ine Design in the knowing that all is well and in due Divi-e course will be divi-ely demonstrated.

Take a deep breath and just know that your current area is prime, for G-d knows what Go- is doing Di-inely. Got the picture?"

Genii: "Quite so."

Ooo-lon: "Then spread the word be it through meetings, The 4 Keys to Light, your next book or just in knowing. The City of Light is about to birth! Have a good day!"

And with this I am back home giving thanks for being so blessed to be this female love-spreader.

So light it be! Thanks Go-!
