

Q: How big were they?

A: The size of my hand about. I never heard them hitting the car.

Q: How many were there?

A: Thousands. On the car and all around.

Q: Did they make any sound at all?

A: Not at all.

Q: How high did they go?

A: Three to four inches.

Q: Was the sky like it is now?

A: Dark like now. I don't know if there were clouds.

Q: Did your car lights stay on?

A: I think so. Just the movement of the car stopped.

Q: Is there anything else you want to add?

A: I wasn't scared at the time, but about 3 miles later I was very nervous.
