

Q: And this fellow was from who, from what?

4 A: I have his name at home. He's just takes reports of UFO's,
but he's, like you got to be careful talking to these people
cause you know, you don't know who they are so like he's all
excited about this, right, I'm just yeah okay, how many times
8 have I told the story now, you know. As the time goes on,
this vision seems to be fading but it's still there, like when
I look at the sky, I can see this thing but the vision is
like, the thing is you know in my mind, it's kind of.

12 Q: Uhm hmm.

A: I was telling [REDACTED] the other day it's kind of like it
happened but it didn't.

16 Q: Right.

A: Yeah, so,

20 Q: Okay.

A: But it's still very clear to me, you know, when I talk about
it.

24 Q: Okay, we'll conclude this statement after 1119 hours on the
7th of OCTOBER 1994.
