Thursday night.

Dear Muriel & Edie,

I should have written sooner - We got Dawn away  
off to school today. I've been busy sewing for her,  
but now I shall concentrate on answering your  
two letters.

I am always glad to hear from you - your letters  
excite me when I find one in the mail-box, like  
a small child on Xmas morning.

I'd love to see you folks. - I finally got the  
pictures printed from the negatives you sent me.  
They are wonderful - they came out so good. I had  
- but made up for Helen & Debbie and another  
for Adele & Tom.

By the tone of your letter you have been having  
a busy and exciting time of it. It doesn't seem  
possible Ann is old enough to go to school - time  
has fled.

Everything here is quiet - nothing very exciting  
or unusual. We're all well, which I feel thankful for.  
Now to your first letter.

In reference to the German couple, Adams, -  
who sent them to Ontario.

The only comment I can make about Shelley  
is that I don't think I'd get excited about any  
living he has to say.

Affa doesn't know of any-one being sent any-  
where, nor does he know the space men who  
visit him. <sup>(Shelley)</sup> As far as the tapes are concerned  
Affa doesn't care who you play them to either.

There is a lot that is right <sup>on them</sup> but the ~~brotherhood~~  
one is cock-eyed. Affa has told us of a very  
different system. Possibly it is the way that  
other outfit operates.

By the way, did you know the space-men  
& groups are going to run Van Vassel for Pres.  
of the United States in 1960. Those people are  
definitely not of Affa's organization. All this  
seems to frighten me some - I'm not sure  
what will come of it.

As far as your group being monitored - I  
wouldn't stand for it. I'd throw a dipper -  
(large one) of water on it. I told Affa I'd  
like to do it if I saw one & he laughed &  
said to try it - at least they'd know you caught  
them snooping. I'd also tell them to stop  
'riggling' the greenery.

I guess I must be strange but I have talked  
to some of them & I feel they are rather  
'beef'. Ask Shelly if one of them is square  
thick set - that is broad & with steady eyes.

and a small mustache. He doesn't smile much  
I don't like him. He is from one of the Orion  
planets. So you see - I don't believe any of these  
people very much "who are sent" special.

Affa's group doesn't work that way.

I'm glad you found out about Pilley -  
anyone who writes a bible of Golden Scripts  
and upholds it as being greater than our  
own Holy Bible is in my opinion very self-  
conceited. At best he could only receive  
them from the Astral world - the place where  
all cranks go. I must sound bitter, but I've  
seen too many people taken in by them.

Affa never allows me to talk to spirits  
for that very reason.

I am beginning to be able to remember some  
of my past lives, and in fact the past lives  
of others. It surprises me and believe me I  
am far from being flattered by my fact.

Isn't it wonderful the Stedman's have a  
little girl now. I'm glad for Bertie. It will  
give her something to live for. How are they

feeling better now.

Affa will write a note now.

Alfa, Hello folks - Don't become  
disturbed by the words of  
others - Always remember to do  
not look through any forces  
like spurs or feelings or compulsion  
in the part of anyone - If they  
resent to you - remember that  
those wholly unknown  
to me - I am trying to disconnect  
the words - Now I am doing -  
never fear - do as you please  
all I ask is that you stand  
by - All is the same as it has  
been - Now off - Love Affa  
So there we are - I will write later on  
about other subjects, Love, Frances, write soon
