SUBJECT: Request Under The Freedom Of Information Act

to: Mr. William Moore
P. O. Box 189
Dewey, AZ 86327

1. We received your 30 December 1980 request for data on Project "Blue Room" from the HQ FTD/DADF on 9 January 1981.
2. We do not have records of Project "Blue Room" at this headquarters.
3. The AF Form 1350 you provided helped us identify the organization at Wright-Patterson that was apparently responsible for "Blue Room". We reviewed the inventory of records that were retired by the organization but we found no mention of the project.
4. We also asked our historians to conduct a search of the records in the Archives hoping to at least find a monograph that contains the start and finish of the project. Unfortunately the official histories do not show the Code word "Blue Room".
5. We must conclude that records of the project were destroyed.

Dear Mr. Graham:

First, let me tell you that I have long ago given up acquiring access to the so-called blue room at Wright-Patterson, as I have had one long string of denials from chief after chief, so I have given up.

In answer to your questions, one is essentially correct. I don't know of anyone who has access to the blue room, nor am I aware of its contents and I am not aware of anything having been relocated. I can't answer your question six, in fact, I can't find anyone who would answer it.

To tell you the truth, Mr. Graham, this thing has gotten so highly classified, even though I will admit there is a lot of it that has been released, it is just impossible to get anything on it.

I am returning your papers because I know they are of value to you.

Sincerely,

Barry Goldwater

No other projects exist -
 This location does not exist
 in our system. Its an old
 Wright Patterson location,
 and as you can see the picture
 was destroyed in 65, but the
 negative still exists, but in a
 location we dont have, and
 no one knows anything -
