Re: FOIA 2011-06267-F

Dear Mr. Graham;

This is our response to your July 31, 2011, Freedom of Information Act (FOIA) request for five (5) items of records from the Headquarters Air Force. As it pertains to the following item 1;

1. I respectfully request that section of the Security Classification Guide (SCG) on the DSP Satellite wherein it is indicated that one of the Missions of the DSP Satellite, is to detect the UFO Phenomena.

We conducted a comprehensive search of files within the Secretary of the Air Force Administrative Assistant (SAF/AA) office for records that would be responsive to item one (1) of your request. Unfortunately, we were unable to locate or identify any responsive records, therefore we have no records. As it pertains to items 2 thru 5 of your request, we have transferred this portion(s) to Headquarters Air Force Space Command (AFSPC), FOIA Manager for direct response to you. You may contact the AFSPC in writing at HQ AFSPC/A6NXI, 150 Vandenberg Street, Suite 1105, Peterson AFB CO 80914-4340.

If you interpret this "no records" response as an adverse action, you may appeal our decision by writing to the Secretary of the Air Force Thru: HAF/IMIO (FOIA), 1000 Air Force Pentagon Washington DC 20330-1000, within 60 days from the date of this letter. If no appeal is received, or if the appeal is postmarked after the conclusion of this 60-day period, the appeal may be considered closed. Include your reasons for reconsideration along with a copy of this letter.

Department of Defense Regulation 5400.7/Air Force Manual 33-302 indicates fees be assessed for processing this request; however, there are no applicable fees in this instance.

Please direct questions to the undersigned at 703-692-9981, reference **FOIA 2011-06267-F**.

Dear Mr. Graham,

(U) Reference your letter dated 21 September 2010. A declassification review cannot be accomplished in response to this MDR request because specific classified Air Force (AF) records have not been identified for review. In your letter, you asked if the AF considers whether Aliens of extraterrestrial origin are now, and will continue to be a threat to our National Security and wanted a copy of the record that states so. The AF has not found any records to support this theory.

(U) In addition, you requested a declassification review of Defense Support Program (DSP) satellite records that would indicate the presence of an Unidentified Flying Object of intelligent extraterrestrial origin. The AF has not found any evidence of the existence of any DSP detections which were determined to be vehicles of extraterrestrial origin. This was previously stated in a response to you concerning MDR case 11-MDR-073, dated 1 March 2011.

(U) Address any questions concerning this review to the undersigned at (703) 693-2260 and refer to our case number 11-MDR-015.

Dear Mr. Lee,

(U) Reference your letter dated 31 March 2011. The appropriate Air Force Agency has reviewed your request and determined the request does not warrant a declassification review because you are not soliciting the review of any actual classified Air Force documents. Instead, you are probing for multiple alleged records that could be better petitioned through the official Freedom of Information Act (FOIA) process. Therefore, a MDR in accordance with Executive Order 13526, Section 3.6 cannot be accomplished.

Dear Mr. Graham:

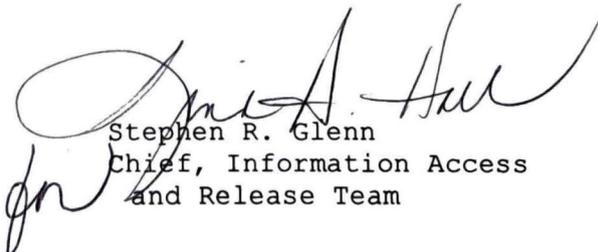

This is in response to your e-mail dated 13 October 2010, received in the Information Management Services Center of the National Reconnaissance Office (NRO) on 14 October 2010. Pursuant to the Freedom of Information Act (FOIA), you requested "...the detection of any ufo by the DSP-Augmentaion (sic) satellite that has been determined to be of extraterrestrial origin and under intelligent control."

In NRO FOIA case #F10-0036, we responded to a request from you for "... a copy of any record wherein one of the DSP-A satellites has detected a UFO that has been determined to be of extraterrestrial origin and under intelligent control." That response to you, dated 28 October 2009, informed you that we have no NRO-originated responsive records pertaining to your request. Additional correspondence with regard to this subject was sent to you on 2 August 2010. Copies of the 28 October 2009 and 2 August 2010 letters are provided herewith for your reference.

For internal tracking purposes, we have assigned NRO case #F11-0007 to your 13 October 2010 request; however, as your new request is essentially identical to the request to which we responded in case #F10-0036, we are administratively closing your 13 October 2010 request with no further action.

If you have any questions, please call the Requester Service Center at (703) 227-9326, and reference case numbers F10-0036 and F11-0007.

Dear Mr. Graham:

This is in response to your letter dated 17 March 2011, received in the Information Management Services Center of the National Reconnaissance Office (NRO) on 25 March 2011. You cited Executive Order 13526 and asked for a Mandatory Declassification Review. However, you did not specify a document in such a way that it could be identified and located (by date, title, subject, etc.). Therefore, we processed your request pursuant to the Freedom of Information Act (FOIA). You are requesting "that record of the first NRO Satellite, that was employed specifically as one of its missions to detect objects that are determined to be Extraterrestrial Origin . . ."

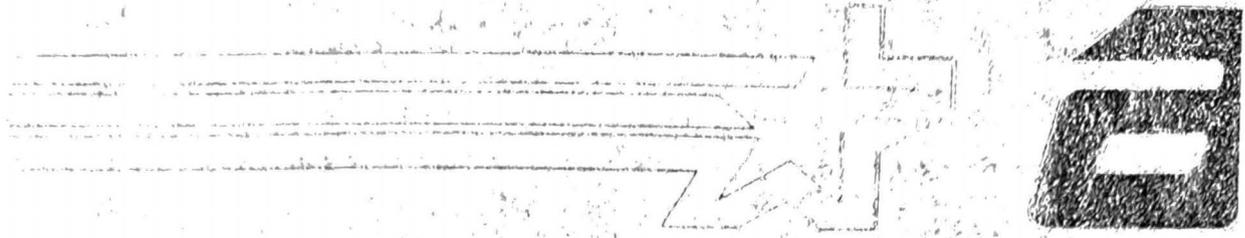

The NRO is a joint organization engaged in the **research and development, acquisition, launch and operation** of overhead reconnaissance systems necessary to meet the needs of the Intelligence Community and of the Department of Defense. In this capacity, the product of NRO systems is provided to other government organizations. Once this product is turned over to those organizations, they make determinations as to the further use and dissemination.

However, the NRO has conducted numerous searches relating to UFOs in the past, including your case numbers F10-0036 and F08-0036, and we have located no records. Since this topic is outside of the scope of NRO responsibilities as outlined in the paragraph above, and previous searches have located no records in the NRO, we are administratively closing your FOIA request.

If you have any questions, please call the Requester Service Center at (703) 227-9326 and reference case number F11-0059.

Where in I have enclosed a "Certificate of Retirement" to Ben R. Rich, which lists a number famous Lockheed Aircraft Project on which Mr. Rich worked.

In this list the are three Aircraft Projects-

MODEL A
MODEL D
MODEL R

That are indicated as "SECRET", ergo my MDR request to Mr. Storer.

However, in the enclosed response from Mr. Storer, he lists may requests as-

6 March 2011
14 March 2011
1 April 2011
8 April 2011
23 April 2011
And-
24 April 2011

But not my enclosed MDR request dated 4 March 2011.

Assuming these three Aircraft Projects belong to the United States Air Force-

1. Under the provision of the Mandatory Declassification Review, Executive Order 13526, Section 3.6, I respectfully request for review a photograph of each of the Aircraft Project, and the purpose for their existence.

In addition, on 29 December 1980, Betty Cash, Vickie Landrum, and her grandson Colby Landrum witnessed a large diamond shaped aircraft spouting flames from its bottom, hovering near Huffman, Texas, and accompanied by banana shaped (CH-46?) helicopters. This aircraft was blocking the road on which they were traveling so they had to stop to watch it. Betty went out to get a closer look. She spent a long time gazing at it, but then her skin began to burn because of the heat from the flames. Perhaps the flames came from an air-cooled nuclear reactor and/or from radiation of Doppler shifting of a anti-gravity field, ergo-

2. Under the provision of the Mandatory Declassification Review, Executive Order 13526, Section 3.6, I respectfully request for review a photograph of said "Diamond shaped aircraft" and the reason for its existence.

Thank you for your time Ms. Wright.

Dear Mr. Graham,

(U) Reference your letter dated 30 June 2011. The appropriate Air Force agency conducted a review and determined an MDR cannot be accomplished because specific classified AF records have not been identified for review. You requested photographs of three aircraft projects that were listed on the "Certificate of Retirement" of Mr. Ben R. Rich, formally employed by Lockheed Martin. Since we do not maintain Mr. Rich's retirement certificate, we are unable to properly identify these aircraft. Additionally, you requested a photograph of a "Diamond shaped aircraft" that some individuals witnessed seeing hovering near Huffman, Texas on 29 December 1980. These are also not identifiable official AF classified records. Therefore, an MDR in accordance with Executive Order 13526, Section 3.6 is not warranted.

(U) Address any questions concerning this review to the undersigned at (703) 693-2260 and refer to our case number 11-MDR-344.

THE FOUNDERS

On March 20 1942, these men incorporated AEROJET ENGINEERING CORPORATION with \$250 each or a total of \$1250. Their vision resulted in the establishment of

AEROJET GENERAL CORPORATION

a company which grew to employ greater than thirty thousand people and have annual sales in excess of ONE BILLION dollars.

one contractor for Full Scale Engineering Development and Low Rate Initial Production. Two things became clear. The Aerojet design and performance were clearly superior and the down select award would go to Alliant because ARRADCOM believed they had a better history with armament production. Aerojet had little production experience except for electronics production on the DSP infrared sensor. It was decided that a thoroughly modern, clean, automated facility would be built to support the SADARM program aspirations. The result was a multi-million dollar overhaul of Building 57 at the Azusa facility. The then Executive VP Bob Coogan conducted an in depth transcontinental survey of potential production sites, finally settling on Azusa.

As the competitive "shoot off" was drawing to a close, with mixed test results by both companies, Aerojet and Alliant agreed to form a joint venture and to collectively bid the subsequent phases of the program by dividing up the production responsibilities on an approximate 50/50 basis through assigning subsystems to each company. Eventually the Army rejected the joint venture approach and Aerojet became the prime with Alliant as the subcontractor.

The main reason was that the Aerojet sensor and electronics were to be the baseline design. The 50/50 split was maintained. The two companies worked well as a team and the relationship continues to this day.

Based on successful field tests the program has gone into production of the first 600 projectiles. The main mission for SADARM is to attack self propelled artillery by using radar backtracking of enemy shells to provide an aimpoint for prompt counter attacks. It has other potential applications as an anti-tank weapon in the Army's multiple launch rocket system or deployed from aircraft. (See Endnote 7).

C. Aerojet Infrared Programs

1. Airborne Sensors and Measurements Programs (Dick Newton)

During the 1950s, Aerojet was clearly the pioneer and leader in infrared technology, systems, and phenomenology. It was a relatively new field, but we were the leaders. Folklore says we got in the game by developing instruments to monitor rocket firings. This activity was resident in the Electronics and Guidance Division. (Later Avionics Division and then Astrionics Division).

Infrared radiometry was (and still is) a tough job. Techniques to separate target from background was a continuing challenge. Aerojet was the leader in developing these techniques. One of the first successful units built by Aerojet was the R1 radiometer in the early 1950s for a classified customer. The purpose was for field use to measure foreign aircraft plume radiation. As the Division lead phenomenologist, Chuck Dunning was in charge, and he was the reason we got the contract. This system was successfully deployed throughout the world and did provide valuable data for infrared aircraft detection and targeting. An interesting sidelight was when two Aerojet engineers accompanied an Air Force Lieutenant (Dick Newton who later joined Aerojet), to Europe to train field agents in R1 operation. The Aerojet people asked what form to carry money for the trip. Assuming they would take a few hundred dollars, they were told to bring

Chief, Records and Declassification Division
Department of Defense
Washington Headquarters Services

Washington, DC 20301-1155

Daer Mr. Storere:

Sir, please not the enclosed MDR response dated 19 April 2011 from-

John M. Espinal
HAF/IMIO (FOIA)
1000 Air Force Pentagon
Washington DV 20330-1000

That states, in part-

“The Security, CounterIntel and Special Programs office indicated the records requested in this FOIA are not authentic Air Force records. The Air Force does not have or maintain any records to this request. Therefore, a “no records” determination was made.”

This was in response to the attached 27 March 2011 FOIA, in which, in part, I had requested-

“As you can see, from the enclosed DIS file the UNCLASSIFIED documents are not the originals, but copies thereof, the originalsl, must have ben stamped UNCLASSIFIED, in RED LETTERS, Ergo-“

“1. Under the FOIA (5 U. S. C. 552) I respectfully request copies of the original stamped in red UNCLASSIFIED, the dated they were stamped UNCLASSIFIED, the Authority that stamped them as such, and that record by which they were rendered as being “authentic.”

This being an MDR request and not a FOIA, I request the very same red UNCLASSIFIED, BRIEFING DOCUMENT: OPERATION MAJESTIC 12, a copy of which is enclosed as an integral part of Defense Investigative Service (DIS) file number 89311-DK1-3408-1W9, but without the red UNCLASSIFIED stamps.

It is to be noted that also as an integral part of this enclosed DIS file, there is an UNCLASSIFIED stamp on both the PROJECT SNOWBIRD document and an UNCLASSIFIED stamp on the To whom it may concern letter from John J. Andrews, dated 17 March 1989. It is obvious, from the enclosed MDR response, dated 13 Dec 2010, to my MDR request attached, dated 23 November 2010, that the PROJECT SNOWBIRD document is in the possession of the Air Force. And from the UNCLASSIFIED letter, dated 17 March 1989, that the designation F-117 in association with the codename SENIOR TREND is also in Air Force possession, just as the enclosed C E R T I F I C A T E, attached to the enclosed, A T T A C H M E N T 1, attached to the enclosed MEMORANDUM FOR DISTRIBUTION, signed by-

JOHN B. HENNESSEY, Colonel, USAF
Special Projects Security Director
Assistant Secretary
of the Air Force-

is in possession of the Air Force-

This being the case- I respectfully make an MDR request for the red lettered UNCLASSIFIED stamped copy of the BRIEFING DOCUMENT: OPERATION MAJESTIC 12.

In addition, please note the enclosed article titled History of Satellites, Chronology that states, in part-

Project 949 (early DSP), first- the first Project 949 satellite was launched on August 6, 1968. It resembled a 10 foot oil drum from which drooped a nose-like 12 foot Schmidt infrared telescope. The satellite was inserted into a geosynchronous orbit over Singapore---

I believe that this was one of a number of satellites that were built for the specific purpose of tracking the UFO Phenomena, ergo-

2. Under the provision of the Mandatory Declassification Review Executive Order 13526, Section 3.6, if and only if one of these satellites was used to track the UFO Phenomena, I respectfully request a photograph of this satellite, the date the Satellite detected a UFO, and the designation of the detected UFO.

Also there is another satellite associated with the codename COBRA BRASS, that I also believe was deployed to track the UFO Phenomena, ergo-

3. Under the provision of the Mandatory Declassification Review Executive Order 13526, Section 3.6, if and only if the COBRA BRASS satellite was deployed in which to detect and track the UFO Phenomena, I respectfully request a photograph of this satellite, the date it detected a UFO, and the code name of the detected UFO.

In conclusion, since this is Easter-

4. Under the provision of the Mandatory Declassification Review Executive Order 13526, Section 3.6, I respectfully request the review for declassification a DVD of The Resurrection of the Lord Jesus Christ.

Thank you for your time Mr. Storer.

RESPONSE
L

Dear Sirs,

The other day while cleaning out my closet I chanced to find some old documentation that has been sent to me by the Government Accounting Office (GAO). Among this documentation were several pages of interests to me namely pages 044, 045, and 056 (see same enclosed), the first page titled-

REVIEW OF GOVERNMENT RECORDS ACCOUNTABILITY
JOB CODE 701034

Dated, March 22, 1994.

On page 045 there is in part a statement attributed to a Col Richard Weaver which reads as follows-

"I then asked about the ""Majestic 12"" document and whether the Air Force believed it to be an authentic document. Col. Weaver stated that the Air Force's position is that the document is bogus and therefore not classified. Col. Weaver said that when that document was first sent to Internal Security Office for review they stamped it unclassified before they reviewed it for authenticity. After they had studied it and determined that it was not authentic, they returned it to the sender, however, they had already put the unclassified mark on it which to the sender meant that it was an authentic document. Col. Weaver said that because of that blunder the government has had to deny the authenticity of the document ever since. Mr. Boesch stated that in the early 1980's the document was sent to the Information and Security Oversight Office for review and they sent a memo stating that the document was bogus. He stated that the files would have to be reviewed to find it but that they would furnish me a copy of the memo if it can be located."

If I might reiterate the above quoted statement as-

"...the document was sent to the Information Security Oversight Office for review and they sent a memo stating that the document was bogus. Ergo-

1. Under the Freedom of Information Act (5 U.S.C. 552) I respectfully request a copy of said "memo".

The problem?-

Please note the "UNCLASSIFIED" copy of the BRIEFING DOCUMENT: OPERATION MAJESTIC-12" (see enclosure H) an intrinsic part of my Defense Investigative Service (DIS) file number 89311-DK1—3408-1W9 dated 19 APR 90, which I had sent the still classified copy to Vice President Dan Quayle to on "6 August 1989, requesting-

"5b. Am I permitted to circulate copies of the BRIEFING DOCUMENT: OPERATION MAJESTIC-12 as an authentic copy of real events and indicate to others the document HAS been properly declassified?"

My question was answered in a letter from the Air Force Office of Special Investigations (AFOSI) see the enclosed response dated, FEB 14 2002, wherein they (in part) state-

"AFOSI does not possess any records that would prohibit you from circulating the copies of the unclassified briefing."

The Briefing Document Operation Majestic-12 became unclassified in the following manner-

Please note page 5 of Mr. William L. Moore's speech given in Las Vegas, Nevada on July 1, 1989, where it is (in part) stated-

"In early September, 1980, I was approached by a well-placed individual in the intelligence community who claimed to be directly connected to a high-level government project dealing with UFOs. This individual, who subsequently came to be known as "'the Falcon'", told me that he spoke for a small group of similar individuals who were uncomfortable with the government's continuing cover-up of the truth and indicated that he and his group would like to help me with my research into the subject in the hope and expectation that I might be able to help them find a way to change the prevailing policy and get the facts to the public without breaking any laws in the process. I knew that I was being recruited, but at that point I had no idea for what. In any case, I was told that if I was interested in cooperating with their group, I would be further contacted by a liaison man and that future meetings between me and "'the Falcon'" would be arranged by this person. The liaison person who subsequently made contact with me was AFOSI agent Richard Doty-- a man who has since become quite controversial in his own right and who many people have mistakenly assumed is "'the Falcon'" himself."

Mr. Moore further states-

"In any case, it was "'Falcon'" who sought me out in September 1980, and it was Richard Doty, then with AFOSI at Kirtland AFB, who soon came into play as the middle-man in that process. Shortly thereafter, it became apparent to me that my supplying information to the government, through Doty, on the activities of Paul Bennewitz, APRO, and to a lesser extent, several other individuals, was to be a part of this equation. ..."

And on page 13 of his speech Mr. Moore further states-

“Earlier in this paper I told you of how I was recruited to supply information on Mr. Bennewitz. The exact wording of my statement was “”Bennewitz... and to a lesser extent, several other individuals.”” One of these “”other individuals”” was Lee Graham. This began in 1983 if memory serves.”

Thus, Mr. Moore approached me to circulate documents about UFOs that had been “leaked” to him.

As is indicated on one of the pages of the “Q & A FORUM” of Mr. Moore’s FOCUS Magazine, (see a copy of same enclosed) my wife and I were shown a copy of the Briefing Document Operation Majestic-12 “... early October 1985...”,

and-

“According to Bill Moore, the first person to have been provided with copies without restrictions as to how they could be used, was Lee Graham in the latter part of April, 1987,”

I, thus, informed the DIS (see my letter dated 5 May 1987) that I had an still classified copy of the Briefing Document Operation Masjestic-12.

I got into trouble with the Air Force, because in my letter to Vice President Dan Quayle I had mentioned the designation of F-1117 in connection with the code word SENIOR TREND which I had signed a “CERTIFICATE” (see a copy of same enclosed) that I would not disclose. Because of this the Air Force asked the DIS to investigate me resulting in the creation of the enclosed DIS file.

The association of the designation F-117 in connection with the code word SENIOR TREND was declassified on 17 APR 1990 (see the enclosed letter bearing that date) and two days later my file was closed on 19 APR 90. I, Thus made a FOIA for a copy of my DIS file and when it was sent to me I found the “UNCLASSIFIED” copy of the “BRIEFING DOCUMENT: OPERATION MAJESTIC-12” as well as other material which as you can see is also now “UNCLASSIFIED”.

There exist yet another document that mentions MJ-12, the Project Aquarius document, a copy of which I have enclosed for your perusal. In order to find out if the Project Aquarius document is genuine I made a FOIA request for a unclassified copy of same to that Agency that I holds the original document (see the enclosed letter dated July 23, 2007) While my FOIA requests dated July 23, 2007 and 1 December 2007 seem to have been received, (see the Air Force response dated 7 Mar 08) the FOIA have yet to be responded to. My request to President Jimmy Carter (see the enclosed letter dated 4 December 2007) asking him to repudiate the content of the Project Aquarius document has also gone unanswered.

I found the address of the of the NSC/MJ-12 Special Studies Project in a letter from Mr. John Andrews (see same enclosed dated 19 Oct 1987) to "Ron".

There exists an authenticated document found in the National Archives the "Cutler Memo" (see same enclosed dated July 14, 1954) which indicated that there is (or was) an NSC/MJ-12 Special Studies Project.

That "Flying Discs" and there occupants are real would seem obvious from the statements made by Ben Rich (see same enclosed attached to a copy of his photograph).

I would appreciate your comments.

Thank you for your time, Sir.

Sincerely,

Lee M. Graham

Dear Ms. Wright:

Thank you for your most recent responses to my many MDR requests.

This is to confirm an MDR request of Monday 28, 2011 after to-
mdr.workflow@pentagon.af.mil

If I have not already made these MDR requests I do so now.

1. Under the provision of the Mandatory Declassification Review, Executive Order 13526, Section 3.6, if still classified, I respectfully request the review for declassification of the basic planet and/or of the planets (there may be more than one of them) from which the Extraterrestrial Presence is coming from, supposed from a planet in the Zeta Reticuli Star System.
2. Under the provision of the provision of the Mandatory Declassification Review, Executive Order 113526, Section 3.6, if still classified, I respectfully request the review of a photograph, form close space of the planet, or planets from which the Extraterrestrial Presence originates, and a photograph from that planet's surface of it's two Suns.

According to the late Mr. Ben Rich of Lockheed ADP, the Air Force has given him a contract to take ET back home. This means that the United States is in possession of a Spaceship that is capable of "Faster than Light" velocity, and the Extraterrestrial Presence also has Spaceships, in order to reach our Earth, ergo-

3. Under the provision of the Mandatory Declassification Review, Executive Order 13526, Section 3,6 if still classified, I respectfully request for review of the Spaceship that our Government is in possession of, a brief description of how it is propelled, and a photograph of one of the Extraterrestrial Presence Spaceships, and a brief description of how it is propelled, and a copy of that record for the amount of time that it take for the Extraterrestrial Presence to travel from their source of origin to our plant Earth.

It is my understanding by the Internet that President Obama will reveal the existence of the Extraterrestrial Presence in the Month of June, perhaps the 14th. There is already a Government sponsored Science Fiction Film- "Event" by Steven, due to be out 4 March 2011, in order to prepare the American Public for the release of the fact that there is an Extraterrestrial Presence visiting our Earth. I hope that the documentation that proves that fact will be sent to me before the Month of June this year 2011.

Thank you much, again Ms. Wright, for your kind cooperation.

Most Sincerely,

Dear Mr. Cameron:

Sir as is indicated I received you letter this Morning 23 April 2011.

To answer you questions-

No, I never found out why John Alexander paid for one night's stay at the Chollar Mansion, in Virginia City Nevada. I have never met him and know nothing about him. The Proprietor, Kay Benton informed me of his stay there, sent me his cashed check. Said that he asked all kinds of questions about me and asked Kay if she had any ghosts there. I don't know how he came to learn of my wife and my vacations at the Chollar Mansion, perhaps by our association with Bill Moore. I did not tell Bill about his visit at the Chollar Mansion. Perhaps it is because of my relationship to Rosa May (Rose Elizabeth White) who arrived in Virginia City on Friday 25 July 1873, when she was 17 years of age. Very interesting association- told Bill the story, it involves time travel- you can find her photograph on the Internet.

I am convinced that Col Barry Hennessey is the Falcon- see the enclosed C E R T I F I C A T E, and MEMORANDUM FOR DISTRIBUTION that led to the UNCLASSIFIED (making it to be Authentic) copy of the BRIEFING DOCUMENT: OPERATION MAJESTIC 12.

Just this morning I sent a lot of documentation to Gary Bekkum, like that enclosed, dated, 21 Mar 2011- ask him to see the documentation. I am very disappointed in him not telling the truth about the enclosed AFOSI response dated FEB 14 2002.

I welcome your comments Mr. Cameron.

Thank you for your time, Sir.

Dear Lee,

I was reading your material that has been posted by Gary Beckum.

I have a couple questions,

- Did you ever find out why John Alexander paid for one of the nights for your stay at the Virginia City Mansion?
- What did Bill Moore say when you told him this?
- Did you have other experiences with John Alexander?

Thanks

Best Wishes

Grant

PS. Did Mr. Alexander investigate any of your books such as a witness to the Blue Room at WPAFB?

HC

PS#2 Some researchers such as Greg Bishop have figured out the identity of the CIA agent in Washington code named "Falcon". Did you ever know who he was?

MEMORANDUM FOR DISTRIBUTION

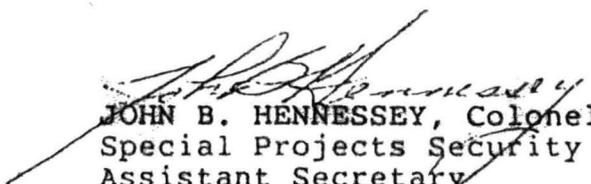

17 APR 1990

SUBJECT: Declassification of Association between F-117A and
the SENIOR TREND Nickname

This memorandum constitutes a "letter change" to the SENIOR TREND Security Guide, 1 October 1989. Effective immediately, the association of the nickname "SENIOR TREND" and the F-117A aircraft is declassified. Each holder of the SENIOR TREND Security Guide should post this memorandum to their copy of the Guide. Documents classified solely because of the former classification of this association are now unclassified; and may be handled and stored accordingly. Each document should be reviewed to assure that there is no classified information other than the association.

Documents declassified under the provisions of this change should have their classification marked through, show the initials of the individual reviewing the document; and reference this memorandum as authority for the declassification. On bulky documents, it will only be necessary to re-mark the cover and title page, first two pages, and the back of the document. Post a copy of this memorandum inside the cover of the document.

The Air Force will continue a review of the classification of SENIOR TREND information, and will notify program participants of changes. I enjoin each organization and participant to remember that much information remains classified and to redouble efforts to protect this vital program.

Freedom of Information Act Request
(5 U.S.C. 552)
Air Force Office of Special Investigations

Dear Sirs;

Please note this Freedom of Information Act request 5 U.S.C. 552 (see enclosure A) dated 12/23/99 to the-

Inspector General
Department of Defense
400 Army Navy Drive
Arlington, Virginia 22202-2884

which was responded to by the United States Air Force (see enclosure B-3) dated 3 March 2000 wherein they state-

"The Security and Special Oversight office conducted a search for records responsive to your request, no records were found."

With regard to the authenticity of the Briefing Document Operation Majestic 12 the FBI however responded (see enclosure C-5, page 7) by stating-

"THE OFFICE OF SPECIAL INVESTIGATIONS, U. S. AIR FORCE, ADVISED ON NOVEMBER 30, 1988, THAT THE DOCUMENT WAS FABRICATED. COPIES OF THAT DOCUMENT HAVE BEEN DISTRIBUTED TO VARIOUS PARTS OF THE UNITED STATES. THE DOCUMENT IS COMPLETELY BOGUS."

Quite obviously if the Air Force knows that the Briefing Document Operation Majestic 12 is a fabrication and bogus they would possess records of proof for same and this response (see enclosure B-3) would be incorrect.

Further, there is no explanation as to why I was provided an UNCLASSIFIED copy (see enclosure D) of the document.

I had sent a copy of the still classified Briefing Document Operation Majestic 12 to Vice President Dan Quayle requesting its classification and authenticity status. The document was returned to me in its UNCLASSIFIED form as a part of a Defense Investigative Service File number 89311-DKI-3488-1W9 I had received under the Freedom of Information Act. I had been investigated by the Defense Investigative Service because in my letter to Vice President Dan Quayle I had included the designation of F-117 in connection with SENIOR TREND which was at the time still classified information.

My original requests were-

1. Under the FOIA (5 U.S.C. 552) I respectfully request a copy

of that record which prohibits me from circulating copies of the UNCLASSIFIED Briefing Document Operation Majestic 12 as genuine and properly UNCLASSIFIED.

I am sure that you recognize that if this document is genuine it will change some 32 years of history. However, if the document is bogus, then the Air Force Office Special Investigations (AFOSI) is guilty of breaking the law, most specifically Title 18, 1001 which states-

Whoever in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes or uses any false writing or fraudulent document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than five years or both."

Ergo-

If the Briefing Document Operation Majestic 12 is bogus-

2. I respectfully request a copy of that record wherein the Office of the Inspector General has taken action against the AFOSI for breaking the law (Title 18, 1001).

Also, if the Briefing Document Operation Majestic 12 was fabricated and bogus-

3. Under the Freedom of Information Act 5 U.S.C. I respectfully request a copy of that record that proves such a fact.

I will pay up to 15 dollars for a copy of the requested records.

Thank you for your time Sirs.

Dear Mr. Graham

This is in response to your 4 December 2000 request to the 11 CS/SCS. We received your request and the documents in question on 27 December 2000. AFOSI FOIA #182 has been assigned to your request.

We currently have a backlog of Freedom of Information and Privacy Act requests pending processing. In addition to our administrative backlog, the actual processing time of your request depends on its complexity and the time necessary to review the responsive file. Presently, our average processing time, from receipt of request to response to the requester is approximately 60 - 90 days.

I regret the necessity of this delay, but I assure you that your request will be processed as soon as possible. Meanwhile, if you have any questions you may contact me at (301) 870-1106. Your patience in this matter is appreciated.

Sincerely

Dear Mr. Graham

This is in response to your 4 December 2000 Freedom of Information Act (FOIA) request for information. Your request was received 27 December 2000. AFOSI FOIA #182 was assigned to this request. We apologize for the delay in responding to you.

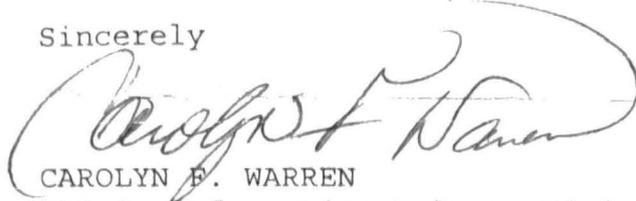

A Search of the Defense Clearance and Investigations Index (DCII), using the identifying data furnished in your letter, has disclosed that the Air Force Office of Special Investigations is not maintaining any files identifiable with your request. The DCII is a consolidated listing of files held by the investigative components of the Department of Defense.

We also consulted with other AFOSI offices to determine if the responsive documents existed. AFOSI does not possess any documentation that gave the Air Force permission to circulate the reference documents. AFOSI does not possess any records that would prohibit you from circulating the copies of the unclassified briefing. We have searched our files and cannot locate any records relating to Operation Majestic 12.

If you interpret this "no records" response as an adverse action, you may appeal it to the Secretary of the Air Force within 60 days from the date of this letter. Include in the appeal your reasons for reconsideration, and attach a copy of this letter. Address your letter as follows:

Secretary of the Air Force

PROJECT [REDACTED] (PROWORD: [REDACTED]) Originally established as part of Project [REDACTED] in 1964. Became a separate project in 1976. Its mission was to establish communication with Aliens. This Project met with positive success when in 1984 the United States established primitive communications with the Aliens. In April 1984, a USAF intelligence Officer met two Aliens at a pre-arranged location in the desert of New Mexico. The contact lasted for approximately three hours. [REDACTED] the Air Force officer managed to exchange basic information with the two Aliens (Atch 7). This project is continuing at an Air Force Base in New Mexico. (OPK: [REDACTED])

PROJECT [REDACTED] (PROWORD: [REDACTED]) Originally established in 1972. Its mission was to test fly a recovered Alien aircraft. This project is continuing in Nevada. [REDACTED]

PROJECT [REDACTED] (PROWORD: [REDACTED]) Originally established in 1974. Its mission was to evaluate all [REDACTED] information pertaining to space technology. PROJECT [REDACTED] continues [REDACTED]

TO WHOM IT MAY CONCERN:

AT THE REQUEST OF LEE M. GRAHAM I AM WRITING THIS.

OVER THE COURSE OF MANY YEARS I HAVE EXCHANGED CORRESPONDENCE WITH LEE ON NUMEROUS TOPICS. THESE INCLUDE BITS AND PIECES - "TIDBITS" - OF DATA ON STEALTH, UFOs, AERONAUTICAL RUMORS, ETC. AT THE SAME TIME THESE WERE PROVIDED TO LEE I ALSO MADE IT A POINT TO PROVIDE THE SAME DATA TO BEN RICH AT LOCKHEED ADP. BEN, IN TURN, PROVIDES THE MATERIAL TO AFOSI. THAT IS THE WAY IT WORKS AND HAS WORKED FOR MORE YEARS THAN I CARE TO REMEMBER. NO SURPRISES HERE.

I PROVIDED LEE WITH THE LOCKHEED STEALTH DESIGNATOR (F-117), CODENAME (SENIOR TREND) ALL BEFORE SEPTEMBER 1987. RECENTLY I PROVIDED LEE WITH PHOTOS OF PATCHES SAID TO BE SYMBOLIC OF THE STEALTH SQUADRONS.

COL. BARRY HENNESSEY HAS BEEN MY AFOSI CONTACT. (PRIOR TO HENNESSEY WAS COL. TROYER AND PRIOR WAS COL. LEO OLSEN OF LATE 1970'S). I SHOULD POINT OUT FOIA REQUESTS TO AFOSI, FBI, CIA HAVE ALL INDICATED I HAVE NEVER BEEN "INVESTIGATED."

LEE:

YOUR'S WITH "SNOWBIRD" COPY HERE.

FIRST, GRACE ROWE SAYS, "THE U.S. AIR FORCE DOES NOT HAVE AN AIRCRAFT AS DESCRIBED IN YOUR LETTER IN ITS INVENTORY, NOR IS THE AIR FORCE WORKING TOWARD BUILDING SUCH AN AIRCRAFT."

THAT MAY BE TOTALLY TRUE, LEE. DON'T FORGET THE U-2 WAS NOT AN AIR FORCE AIRPLANE IN THE BEGINNING NOR WAS THE A-12 PREDESSOR TO THE SR-71. THERE ARE OTHER AIRCRAFT OPERATING AGENCIES: CIA, DARPA, NSA, NASA, ETC. EVEN DOE OPERATES AIRCRAFT. ROWE DID NOT DENY ITS EXISTENCE, SHE MERELY SAID IT WASN'T AIR FORCE. I THINK SHE TOLD YOU THE TRUTH.

I DON'T THINK I WOULD SEND YOUR STUFF TO THE NATIONAL INQUIRER ... YET.

I SEE 2 POSSIBLE USES FOR THE TONOPAH.

A. IT IS THE STEALTH PREPARATION FACILITY.

B. IT IS THE TACTICAL AIR COMMAND / USAF RAPID DEPLOYMENT FORCE MATERIALS / PREPARATION CENTER. (THAT IS, SPECIAL ANTI-TERRORIST FORCES POINT.)

HONESTLY, I'M NOT SURE WHICH.

DEAR LEE:

COL. HENNESSEY (BARRY) WAS IN MY OFFICE YESTERDAY — PERHAPS AT SAME TIME FBI WAS TALKING WITH YOU.

HE OPENED CONVERSATION SAYING, "I DON'T KNOW ANYTHING ABOUT UFOs." I WROTE HIM A LETTER — COPY ATTACHED.

HE THEN GOT ON TOPIC OF A LOCKHEED AIR-PLANE. INSTRUCTING ME TO NOT USE ITS "F" NUMBER IN FURTHER WRITING NOR ITS CODENAME. HE DID NOT ASK ME HOW^I LEARNED SUCH THINGS AND I DIDN'T OFFER.

- I, JUST GUESSING, FEEL YOUR FBI TALK MAY BE RELATED.

HENNESSEY SAID, "I WON'T LIE TO YOU." BUT HIS COMMENT ABOUT HIS NOT KNOWING ANYTHING ABOUT UFOs WAS ALREADY A LIE. HE PROFESSED TO NOT EVEN KNOW WHAT NICAP WAS.

I THINK, BASICALLY, HE IS AN ALRIGHT GUY, DOING HIS JOB, IN A GOVERNMENTAL SYSTEM SO FILLED WITH LIARS THAT THAT KIND OF CONDUCT IS NOW A GIVEN.

'DIDN'T WANT TO TALK ABOUT THIS OVER THE PHONE.

Regards,

NOTE!
