OSTP FOIA CASE NO. 97-13

Samuel M. Sherman
President
Independent-International Pictures Corp.
400 Perrine Road
Old Bridge, NJ 08857

Dear Mr. Sherman:

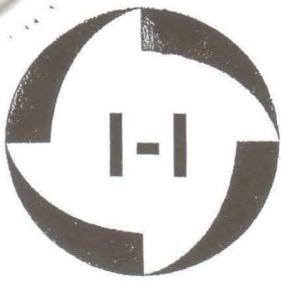

I have reviewed your April 22, 1997 letter to the Office of Science and Technology Policy (OSTP) appealing our no records response to your March 18, 1997 letter (FOIA Case No. 97-08) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. I have determined that OSTP's response to you was mistaken. I have enclosed documents received in this office from January 1995 to present.

If you are not satisfied with the results of your appeal, you have the right to seek judicial review of this determination under 5 U.S.C. § 552 (a) (4).

Sincerely,

Jonathan Foster

FOIA APPEAL

'97 APR 28 A10:48

As per the attached letter to me by Barbara Ann Ferguson, please consider this letter as an appeal of your no records response.

The reason for this appeal follows:

- 1- Some time back under FOIA I was sent an extensive file of correspondence TO your agency regarding the UFO subject.
- 2- Since about 2 years there must be a voluminous file of correspondence TO your agency. I would appreciate a list of that material for us to decide which to order.
- 3- Since this office has clear and documented proof from the Department of Defense agencies that High Technology Spacecraft (NEV- non earth vehicles) have interfaced with our military - your department must be studying this technology to report to President Clinton. It would be a severe omission not to have you studying this phenomena.
- 4- Since this company is pro-government and pro-military in its media projects, produced in the public interest, we should be given materials to present/show, to show our government in a good light.
- 5- Since by information and belief, the Clinton administration wishes to start informing the American public on this subject, we offer a friendly medium through which to present this information.
- 6- Since a large part of the media is hostile to President Clinton (we are not) and on the UFO subject attacks our military, we offer a good resource through which to present information.
- 7- Since our docu-drama feature film "BEYOND THIS EARTH" is being finished now and is going to major buyers, so that at least 100 Million people will see it- we should be given serious consideration for assistance in this production.

Thank you for considering our request.

Very truly yours,

Samuel M. Sherman, president
