Assistant to the President for  
Science & Technology  
Executive Office of the President  
Room 424  
Washington DC 20500

Dear Dr. Gibbons:

*Jack*

As I promised you a while ago, here is the second volume of the Roswell Report entitled: *The Roswell Report: Case Closed*. We plan to release this report on Tuesday afternoon. This final volume sheds additional light on the misunderstandings and rumors surrounding early Air Force research and activities. It is particularly timely as it will be exactly 50 years next month the Roswell Incident is said to have occurred.

I'm also forwarding a copy of the videotape on the same subject.

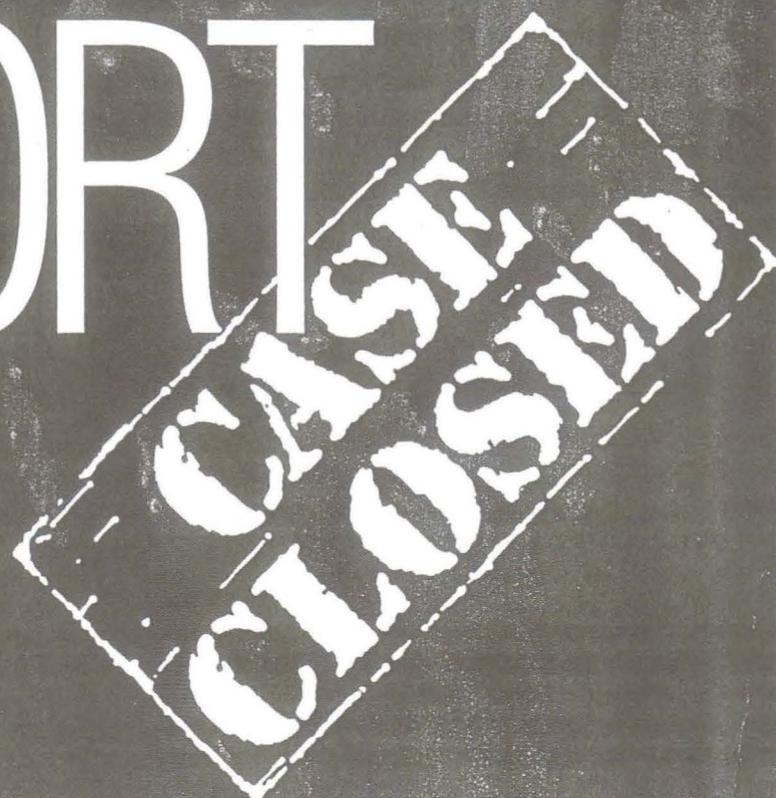

Sincerely,

Atch:
