February 8, 1954

Dear Mrs. Helms,

I do want you to know how very much the President and I appreciate your kind invitation to visit at your ranch. It sounds most attractive, and the perfect spot to "hide away" for a brief vacation!

We still do not know our plans as yet, but we are certainly keeping our fingers crossed in the hope we may be able to take such a trip.

With warmest thanks for your thoughtful hospitality, and with very best regard,

Mrs. Pearl E. Helms
Smoke Tree Ranch
Palm Springs, California

☞ Smoke Tree Ranch, Palm Springs, California ☞

X

January 26th 1954

Dear Mrs. Eisenhower:-

I was very pleased to learn from my husband and Paul Hoffman, that you and the President, may visit us at Smoke Tree Ranch about Feb. 18th

Our home is small, but I am sure you would find it comfortable. We have three master bedrooms and baths, living room, dining room and enclosed Patio.

I have an English couple who have been with me for

several years.

Paul and I will stay with
the Hoffmans who live close
by.

If you so desire, I assure
you that your visit to the
desert, will be restful and
relaxing.

I hope no unexpected
international affairs will
interfere with your visit.

Sincerely,

Paul C. Hahn

February 25, 1954

Dear Pearl and Paul,

Perhaps by writing this note, I will somehow project myself back to the Springs; in any event, it just makes me feel so good to be thinking of you all there at the Ranch. Yesterday afternoon and evening we kept saying, "It is three hours earlier there now," and continued talking about what we might be doing had we remained on. Rose and I just visualized you moving back into your sweet little house — and I know that "Baby" is glad to be home again — with her little blades of grass.

Our flight home was smooth, but as usual little sleep for me. I looked down on the lights of Denver at 2:30 p.m., and it was all a mass of diamonds — I could almost see home! As soon as I arrived back, I found it necessary to go out again to an Eighty-Second Congress Club luncheon. You can imagine how terribly tired I was. Then, on top of everything, I have developed a sore throat — however, it is better today. A fine way to end a wonderful vacation!

I cannot thank you enough for your many kindnesses to Ike, Mother and me — as well as to the members of our staff — during our stay in Palm Springs. Believe me when I tell you that none of us will ever forget you and Paul — and Smoke Tree Ranch. It was so nice and such fun to have had the opportunity of meeting all of the sons and daughters, in-laws and grandchildren of the Helms and Hoffmans, and I only hope the pictures turn out well. Tell my supper partner hello for me! As I think I told you, I am so pleased to have one of your "official" Bird of Paradise pins, and I shall treasure it always as an expression of your friendship, as I will the lovely silver Smoke Tree Brand pin. Incidentally, the ties made a tremendous hit! It is fun to look at them as they bring back fond memories. How we all envy the peace and quiet of your gracious home at the desert.

Thank you so much for your hospitality and for all the trouble you took in planning such a marvelous holiday for us. The President and I deeply appreciate it. Do give Lucy and John our good wishes.

Affectionately,

Mr. and Mrs. Paul Helms

Handwritten note:
1/11/54
Mrs. Eisenhower
Thank you for letter

Dear Mrs. McCaffree:

Will you please give the enclosed packages
of Anela fingernail cream to Mrs. Eisenhower.

This is the article in which Mrs. Eisenhower
expressed interest but was not available at the
time of her visit in Palm Springs.

As I wrote to Mrs. Whitman, we all at the
Ranch miss the President, Mrs. Eisenhower,
Mrs. Doud and the fine Staff.

Mrs. Helms and I greatly enjoyed meeting you
and send our best wishes.

Sincerely yours,

Mrs. Mary Jane McCaffree

Dear Maurice:-

We were back to
the same Wednesday morning
after breakfast, We are so
downy as a sleep under-

We have never met
such guests, everywhere
guests as the President, for
most all and darling
Mother-

Car Prayers and Hopes

For your return next year on
Mr. President's side, February 13th to
Dec 22nd. we will keep very warm
and our fingers crossed.

Paul was able to locate
the mail and, advised in the
papers and was mailed 4 Bibles
from San Diego. It is called maps
and you might want to see them.
All the same, we will
be happy to take care of it for
you -

Our best love to you and Mother.
Our prayers and Best Wishes to
Mr. President.

Sincerely
Paul E. Helms -

Personal file

March 31, 1954

Dear Mr. Helms,

The enclosed photograph is not an April Fool gift!

Ann Whitman passed along your desire for an autographed picture of The First Lady and of course, Mrs. Eisenhower was delighted to send one to you and Mrs. Helms. It is a favorite photo of mine - and is a reproduction of a painting by Thomas E. Stephens (not our Tom!).

We continue to miss Palm Springs - in spite of the terrific pressure of work here this spring! We have thousands of folks coming into Washington for the cherry blossoms, school vacation, etc. and of course, all want to be received at the Mansion!

Best wishes to you and Mrs. Helms.

Sincerely,

Mary Jane McCaffree
Secretary to Mrs. Eisenhower

INTERPLANETARY DISCS SWARM OVER NATION. PENTAGON JITTERY. IS SHOWDOWN NEAR? These are blatant, but fact-rooted headlines. While the news services noddingly don dark glasses, completely ignoring one major "saucer" incident, and instead gave top billing to the McCarthy-Army hearings, the thunderhead of the coming storm . . . maybe a showdown, loomed over Washington. Perturbed Pentagon officials screwed down the lid of the Pandora's box a little tighter and then gave three wishes . . . 1) that no one on the "inside" would talk to anybody on the outside . . . 2) that the nation's newspapers would not correlate the deluge of recent sightings . . . 3) that our interplanetary visitors would go home for awhile.

Not since July 29, 1952, when General Samford was forced to make a public statement to check the rising tide of alarm and, not since the big brass bedlam over the disposition of the Tremonton film in 1953, has the Pentagon been confronted with such a climax of events. The men of decision were now before the wall of decision . . . the blind alley wall they themselves created through years of ambiguity, contradiction and silence. At this point of no return these men must now face all of us and either 1) tell us all, or 2) deny everything.

Lest we need be reminded, the continued policy of denial is not without its dangers. Most cogent is the unpredictable strategem of Russia. Here, denial serves Russia with the infamous opportunity to claim "saucers" as their own ingenious product. If such a claim were made prior to attack, the results may lead to panic across the nation and stampede from the cities, thus hindering defense and retaliation. Denial also, in effect, would be calling thousands of responsible Americans who sighted objects, schizophrenic liars.

It is this writer's belief that in these days of critical world unrest, we, as a nation, cannot afford to gamble with our national security . . . we cannot belittle the integrities of sighters, nor ignore the plea for truth by Americans everywhere.

THE THUNDERHEAD OF RECENT CRITICAL DEVELOPMENTS . . .

INCIDENT 1: On March 24, 1954, Secretary of the Air Force, Harold E. Talbott, his aides and crew all witnessed a large, silvery, metallic disc follow their aircraft 1000 ft. below and 1000 ft. distant. The incident occurred in daylight over Fresno, California. When the Secretary ordered his crew to challenge the disc, it manuevered in a tight circle, then shot away, disappearing, at tremendous speed. This incident is officially denied: it has been scratched from all flight records. Frank Edwards told this writer by phone, May 14, that Don Keyhoe's announcement of the incident on his program, May 13, was not carried by the news wires. The only cryptic mention was contained in a small UP item where Sec. Talbott was quoted as saying "He has never seen a flying saucer."

Editor's Note: Call it what you like, sir, but Don Keyhoe has signed documented evidence of the occurrence . . . the points of departure and landing (Palm Springs, Cal.) the flight time and all other pertinent data.

(Over . . .)
