Correspondence Office of the White House
Room Number 94
The Executive Office Building
Washington, D.C. 20500

Ms. Linda Frick:

Last Friday, July 20, 1984, marked the fifteenth anniversary of America's first men on the moon. To mark this historic day, the President signed a proclamation, I believe the title was "Space Exploration Day."

We talked Friday morning and you said that I should put my request in writing for "Ceremonial Proclamation" copies with the Gold Presidential Seal and Blue Borders---herewith is that request.

I had a lot of calls on Friday while I was at NASA celebrating and have averaged about five a day yesterday and today---please save me at least fifteen of these special "Ceremonial" copies as I would like to have them framed and ready to present to my friends and some of the astronauts who asked for them at a reception on Friday night.

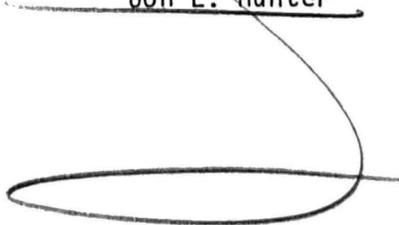

I would appreciate being called at 382-2333 and I will come for the "Ceremonial Proclamations" myself---I do not trust the mail.

Your assistance in this matter is very much appreciated.

Sincerely yours,

Jon L. Hunter
