and Geophysicists to China - for a 3 year
job - In July 1987, Dennis had given me
£250,000 of the \$575,000. The stock market had
gone to hell and he couldn't pay off - so I
said "well I'll have to finish the refinery
to have a place for my oil - I built that
refinery and moved to Denver to do it.

My brother in law John James of Pisco
Huaco arranged a million dollar loan
with his group in Boston - I finished
that refinery and the framework of my company.
Now that refinery still this very day - I
had won 30 golf tournaments in the 20 ties
back East, and you made a 10 minute
stop at one of my babies back there "the
Pecos Tree Club" so in Denver I moved
