

The did not even know what instruments
to turn on, I said "Get me out opened the
door and crawled out", He said
Newton, they got in the air, but I doubt
if they ever made it. That night at
10 P.M. Flader called and said you
have a good property, Dr says "Drill it"
I said, Talking over with my people I
don't think we want to do anything now, He
said "you can't do this to me, you offered
me a 25% int in this well and I'm
going to hold you to it-" I then said
Come to our office in the Equitable Bldg
at 10 am and my ~~company~~ men and
attys will be there - He came with his
Dr. and Gall, ^{our attys} drew the contract, they
were all signed, and Flader said "See
me up in 2 days." I took off for
