

Dr. Stringer Jellbell (my treasurer) and
Gail and other were there - Stringer
and Newton if you take less than \$250,000
for a permanent commit me off your
committee. I excused my self and went
to the bank where Flader banked, it was
my bank also. When I walked in the
2 V.P.'s greeting me and said "Flader was
here en his way to see you and told us
he had a quoter in Meyarung", I said
"The well has not been drilled in, we are
looking for casing - (This is a strong in its
own right.) Flader had lied about his casing"
I said "can he give me a check for \$250,000?"
They said we doubt it. He has a lot of
debt. He owes us \$280,000 all secured.
\$150,000 would be about his limit even
for cash - I went back to office and there

artemany homed in with 15 students.
