 men what the bank had told me. I said
 Glader give me your check for \$150,000
 and drill me 3 wells 1 after each completion
 and he deed you a 1/4 in in this way
 for my entire property of 2000 acres.
 He said, I will have to sell some wheat
 to pay you \$150,000 but I can do that
 in a week. - I had already found him
 a bar about time, I said give me
 50,000 in a week \$10,000 now and he in
 30 days. Finish present well now and get
 another rig as this old rig won't do
 this test. He said OK. I turned to Gall and
 said Gall draw the contracts. Stronizer
 got up and said Newton you are a damn
 fool. Commit me out. you are giving
 this property away at that price, and he
 walked out of meeting
