case when I was indicted 4 times
all nine judges ran for ~~re-election~~ re-election
right after this ^{flavor} case - Every one re-elected
except one who was that loser? The people
let this judge retire to private life and
he wound up with an obscure job in the
att'y general's office and has never been heard
of a gain. He kicked the ass of the Denver Post
all thru the 7 months of that mis-trial case
and they didn't support him in his race
for Judgeship - The Great District att'y Keating
having won his most notorious case
in 30 years in the D.A.'s office was a
couch for the position of Mayor of Denver.
