and he is there now) clearing out wells for
the unit. This affidavit shows he drilled 8 wells
on our property and they produced 100,000 bbls
of oil, which Gov state and never accounted to
the Gov for a penny of their Royalty money
I received a notice, in my files now, when
the Gov, cancelled his bond for non payment
of Royalty. What a story! I have before me
his minute^m, open letter of Mr Frank C Dillon
who for 30 years was the head and chief
officer for the Denver District courts. He had a
complete investigation of me and says I never
paid them a penny in the 5 year period, but I
was automatically dismissed, and that I have
continued for 17 years to keep in touch with
him, and "knowing him and talking with him
over these many years, I have come to think
quite well of him as a friend and gentleman"
