Korean Scientists - "I'll acquire for this
deal in my own way 30 to 40 thousand
acres. I don't need an acre of the holier
than thou Potlatch people's lands. Through
my associate Mr. Conner who has loaned me
\$400,000 in the past year I could tell
you many things about the Potlatch set
up but as the weather this year I've
become ~~violently~~ violently ill at times. I
know I've had to go through horrible things
the past 4 years but its part of my training
to be in a position to handle a hundred
million and more by reason of our present
