Quip in his book, "The pendulum does not lie"

With the foregoing, I trust I can now get on with the immediate subject matter of this epistle:-

First I know I can talk to them-

Second I know I can get yes and no replies-

Third, I know that many times they refuse to answer, and I had to struggle to rephrase my questions to the point where they will answer.

You are well aware of all that I have had to contend with, in getting this oil and gas and mining business on the high road to success. Evil forces or my mistakes cost a stagnation to our oil program where in fact 5
