Press Release

March 8, 2004

Washington, DC - PRG announces the **Paradigm Clock** has been reset to 11:58:45 pm (1 minute and 15 seconds from midnight). Based upon recent developments the clock has been moved forward a net 15 seconds.

The **Paradigm Clock** was last reset on November 13, 2002 and resides at the PRG website: www.paradigmclock.com. It is a metaphor representing the proximity to formal acknowledgment by the U.S. government of an extraterrestrial presence engaging the planet. It is modeled after the "Doomsday Clock" first published in 1947 by the Bulletin of Atomic Scientists. Midnight on the Doomsday Clock meant nuclear war had begun. Midnight on the Paradigm Clock will mean formal disclosure of the extraterrestrial presence has taken place. [Note: these issues and much more will be presented at the X-Conference, April 16-18, at the Hilton Washington, DC/Gaithersburg www.x-conference.com .

Basis for new time. Expanded explanations can be found at: www.paradigmclock.com/timechangechronicle.html

3/2/04 - John Kerry locks up the Democratic Party nomination, thus creating the prospect of two alumni of Yale University based secret society, Skull and Bones, facing each other on the November presidential ballot. This serves to place the issue of government and cabalistic secrecy as a societal detriment more prominently on the nation's radar.

Nov-Jan 2004 - A political firestorm develops over the quality, source and veracity of U.S. intelligence regarding weapons of mass destruction in Iraq. The matter of government propaganda and possible misrepresentation of facts to the America people regarding major issues is elevated to a degree not seen since Iran Contra in the mid 1980's.

December 2003 - For the first time an orbiter circled the planet Mars (the Mars Express) which was not under United States control (European Space Agency). Consequently, barring secret side agreements, the matter of Martian exoarcheology is now not solely in the control of NASA, JPL and the U.S. government.

October 2003 - Numerous newspaper articles covering the opening of the **Center for American Progress** mention millions of dollars of financial backing from George Soros, thus placing the billionaire financier just one degree of separation from the issues of extraterrestrial phenomena and disclosure.

10/28/03 - Just seven days after the Sci Fi Channel/CFI second NPC press conference, a new liberal think tank headed by John Podesta, **Center for American Progress**, opens it doors.

10/21/03 - The Sci Fi Channel and the **Coalition for Freedom of Information** hold a second press conference at the National Press Club announcing their intentions to file law suits to pressure the Department of Defense and National Aeronautics and Space Administration over documents pertaining to the 1965 Kecksburg, PA events.

9/17/03 - President George W. Bush issues an order under **Executive Order 12958 of April 17, 1995, as Amended** extending "Top Secret" classification authority to the Director of the Office of Science and Technology Policy.

9/16/03 - President Bush issues **Presidential Determination No. 2003-39**, which continues to "exempt the Air Force's operating location near Groom Lake, NV from any Federal, State, interstate or local provision respecting control and abatement of solid waste or hazardous waste disposal that would require the disclosure of classified

http://mail01.mail.com/scripts/mail/msg.mail?folder=INBOX&popup=1&msg_uid=10787... 3/8/2004

information concerning the operating location to any unauthorized person."

11/01/01 - President Bush issues **Executive Order 13233** altering the Presidential Records Act and placing the disposition of Ronald Reagan's Presidential papers and George H. W. Bush's Vice Presidential papers under his control

PRG is dedicated to ending the government imposed truth embargo and convening comprehensive congressional hearings to take the testimony of government witnesses as regards extraterrestrial-related phenomena.

Operation White: Official UFO Disclosure Program, Early 1950s to late 1980s ?

Please see, [Home Page](#) for further information.

Operation White: Official UFO Disclosure Program, Early 1950s to late 1980s ?

It has been reported that Operation White was a program to release information on the UFO story to the public. It was created back in the early 50s. "The Day the Earth Stood Still" was the first movie made for this purpose. Over the years, the program involved movies, books and newspaper articles. Both "The Day The Earth Stood" and "Close Encounters Of The Third Kind" were based on real contact events that reportedly occurred in the early 1950s with Truman and Einstein the principle players (there was also another reported contact at Edwards AFB, CA in 1954 between Ike and tall blondes as well) and again in 1964 under the Johnson administration. Einstein we are told was instrumental in setting up those first contacts between Truman and the aliens. The first contact took place in the desert having the contact site surrounded by army troops with looming clouds that rolled in (no bells or whistles like in the movies) just before the "craft" landed and a tall blonde stepped out. All the army troops could see supposedly was a pin point of light but none of the contact parties. In 1983, one of my sources was briefed into a special compartmentalized program that involved the dissemination of information to the public. The slow "official" release of information continued as of the late 80s when it was cancelled by we think the elder Bush. We believe that part of the reasoning for canceling the "official" disclosure program and then proceeding to plug "leaks" reference Mj12 was to allow certain corporations and individuals to gain monetarily from all the reverse engineering efforts and that any type of "official" disclosure has been put off to 2006.....

Rusty,
He really SHOULD make that announcement. It would go a long
way towards restoring faith in government and towards taking
attention away from the Paula Jones case.

 UFOTruth - <http://UFOTruth.listbot.com>

"Z", one of the highest-level informants in the U.S. National Security network, contacted me the other day with a new disclosure.

He prefaced it by commenting on how the pace has accelerated of sanctioned presentation of UFO material on respected TV channels, such as presentations on Roswell and on crop circles as anomalous.

Then he went on to say, "Do you know, Rich, we'll be seeing [real] ETs on television by 2006."

This is the first time I have heard an intelligence insider peg a date on ETs-on-television, unequivocally the official End of the Cover-Up.

This also means that preparing the public for such a broadcast will require even more intense and frank information-sharing over the next five years.

Dear Grant,

July 13 - 88

Apologies for not answering, more promptly, yours concerning ~~the~~ President Reagan remarks on "Space Threats". In your probe for more on his "innuendos", did you get any responses? I find his comments to be of great significance considering the crescendo of recent events and rumors of some kind of disclosure by world governments on the UFO problem, maybe soon.

Dick Hall told me last week that Shandera talked about disclosures as soon as September at the MITON conference in Lincoln and said that his com patriot, Moore, was in Wash DC negotiating with somebody(?) about the coming events. No details.

Concurrent with the Moore activity, I have been getting a steady flow of info from various reliable sources that something BIG is going on behind-scenes. One source commented several months ago that the "Shat's going to hit the fan soon." Another source, a high-ranking officer told me that certain "initiatives" are underway ~~and~~ which ties in with info

from a British source in the Intelligence Community. Also, of interest is recent info concerning interference with our satellites, causing many to explode. De Russos, Jim told, also have experienced similar interferences, one very recently. Also, strengthening my position; one a member of "mouse" sources emerging to confirm parts of my crash/retrieval research. Nothing in writing, of course, but good testimonial.

Amid all these emergencies, I got a call last week from the long-time elusive, Bill English of "Project Gudge 13" exposé fame. Remember his tapes, recorded by Wendell Steven back in the 1970's. The report, he claims to have memo-ryed while at US Intelligence post in Chiswick, England, caused quite a stir but nobody was willing to believe it. In fact I wasn't sure that English even ~~existed~~ existed. Nonetheless, when we chatted by phone on two occasions, he said his report is true. I then requested a notaryed statement to that effect - and got it!

Until something more comes in with more substance, I can only conjecture what it all means — unless, of course, all of it is disinformation. I doubt this, too much from too many diverse sources.

Stay well and happy hunting.

Sincerely
Len Humphreys

WORRIED PENTAGON BENDS OVER BACKWARDS TO HIDE SAUCER EVIDENCE:

1954's new look was the sky-look. More people of all races became sky and space conscious . . . and many thousands, looking skyward, saw something incredible! Others, scoffers back in 1948 or 1953 watched and waited, some fearfully. Most all, however, were convinced; something or someone was watching, something materially existed, and, someone of high intelligence had a purpose. While many could read something serious between the lines of official denials and double-talk, others, perhaps a handful knew the real meaning of it all. Of course, a few having made contacts with space-men, also said they knew, but most of us just guessed. Whatever the purpose, the hard core of bona fide evidence remained sealed under official lock and key, and as 1955 ushered in, most all world governments were "seriously" investigating saucers and were bending over backwards to keep the truth from the public.

THE O'MARA INCIDENT: During early 1954 with the Pentagon still smarting from the wallop of Major Keyhoe's best-seller, saucer sightings in the USA were increasing. While the Office of Public Information (AF) dismissed these with a ho-hum, representatives of major airlines met in Los Angeles (Feb. 17) with intelligence officers of the Military Air Transport Service to speed up saucer reporting procedures. According to Jim Lucas, Scripps-Howard reporter, the idea was to get the reports in the quickest way so that the Air Force could speed jet intercept.

With the public more confused than ever came the revelations of Col. John O'Mara, Deputy Commander, Intelligence, Wright-Patterson Field. Most remember his statement through CRIFO of "700 sightings a week" -- a news shot that was heard around the world. But this admission was just a part of the O'Mara Incident. It all started last June when Truman Bethurum and George H. Williamson, both having alleged contacts with interplanetary intelligences, were lecturing in Cincinnati. Challenging their stories in his effort to separate fact from fiction was Cincinnati's Thomas Eickhoff. In forcing a showdown, Eickhoff visited Dayton June 7, and, gained an interview with Col. O'Mara. Here, O'Mara implied to Eickhoff that the lecturers were fraudulent, and among other topics, said that Major D. E. Keyhoe's late book, Flying Saucers From Outer Space, was based on material not officially cleared and that the remainder of this book was a product of his imagination. The next morning this writer phoned Col. O'Mara and got similar statements, and others of significance which I conveyed in the July Newsletter.

In the months following, unknown to CRIFO readership, "inside" forces were at work. In question now was the veracity of the material used in Keyhoe's book. Keyhoe, desiring his name cleared of the calumny, asked Eickhoff and myself for affidavits of the O'Mara statements. These he would use in Federal Court, if necessary, to stand as evidence, along with other letters in his possession which proved that the material used in his book was officially cleared by the OPI and/or the Directorate of Intelligence.

On Sept. 21, this writer learned in a second interview with a cordial O'Mara that flying saucers "do exist". He said that a pronouncement would be made soon, explaining the phenomena. Then following his suggestion I asked the

Defense Dept. by letter for clearance on several cases. Meanwhile, the O'Mara admissions (see Oct. Newsletter) made the world circuit and for the first time in seven years, the AF appeared ready to take the public into its confidence. However, on Sept. 29, Major Keyhoe wrote me and said that he had called OPI and asked for "details" of the forthcoming release. He was told that they had my letter regarding sightings O'Mara promised, and, "had turned it over to Intelligence". Then Keyhoe wrote: "They said they didn't know what O'Mara was up to

On Oct. 9 came the official word in rebuttal to the O'Mara statement. In brief it said that saucers exist only in people's imaginations. Chagrined, I wrote to the office of General Samford, explaining that I could prove certain saucer evidence, and asked again for clearances on cases previously requested. Nothing happened.

Early in Nov., Major Keyhoe wrote the Defense Dept. demanding that O'Mara retract his statements or face law suit. Meanwhile, certain evidence had reached Eickhoff indicating that saucers were devices not of an interplanetary origin. Having heard nothing more on the O'Mara action from Keyhoe, Eickhoff then decided on some legal action of his own. He, in a letter to Lt. Col. Bloomer at the Pentagon chose to contest the authenticity of the cases in Keyhoe's book and the letter on Defense Dept. stationery by Albert Chop which appeared on the jacket of the book. What Eickhoff wanted to know, essentially, was who was telling the truth. On one side was Col. O'Mara who in June said that Keyhoe's material was not officially cleared; on the other, was Keyhoe who claimed the cases were cleared. For the Air Force to admit the latter was, in a sense, admitting much, and to admit less meant that Eickhoff would take the case to Federal Courts -- involving everybody in a real showdown. The Air Force could not allow this to happen. Frantically, somebody high up had to do something fast.

Following is what happened. Quoted in part is the O'Mara letter of retraction to Tom Eickhoff, copies to Keyhoe and this writer.

"Dear Mr. Eickhoff: Nov. 30, 1954

"I have been informed by the Office of the Directorate of Intelligence, Hq., USAF of a letter which you wrote on Nov. 22 to Lt. Col. Bloomer . . .

" . . . First of all, as you will recall, the stated purpose of your visit to me in Dayton was to request my assistance in challenging the expressed opinions of certain organizations and private individuals regarding unidentified flying objects. . . it is not now, and never has been a policy of the Air Force to comment on the theories or conclusions of private individuals or organizations on the factual data which has been released as a result of Air Force investigations in this field.

" . . . This book (Flying Saucers from Outer Space) does contain among other things a number of officially released reports by the Air Force related to unidentified flying objects. It also contains the opinions of the author regarding the observations reported and the right to such expression is guaranteed to him and to any other citizen . . . I did indicate to you that I as an individual might hold different opinions than those attributed to Major Keyhoe and others, but certainly not that he or others were frauds and liars . . ."

Signed Col. John O'Mara, USAF

"Farsight Professional 1: The ET Event

" NOTE: All SRV sessions are conducted blind. The viewer does not know what the target is until the session is over."

"The target cue for this session was "U.S. President/Post Election ET Announcement."

[The subject of this viewing session was a Presidential Press Conference, to be held after the 1996 election, in which the President would make an announcement concerning E.T.'s]

"Soon into the [SRV] session, the viewer heard windy sounds, and smelled smoke and fumes. The viewer perceived heavy, tense emotions at the site, and sensed a central person who was a leader. The viewer perceived that this person had something to do on a galactic level that involved the coming arrival of something from space."

"The viewer heard clapping and the sliding of chairs. The viewer perceived that "someone has had it - they have reached their limit." The viewer sensed that this event had a Presidential quality. The emotions at the site were overwhelming fear and anxiety."

"The viewer focused on the target person, and perceived that this person was interacting in a meeting. The target person was male, and was doing something "necessary." The viewer perceived that the person was directed towards a specific goal. The person was

charismatic and involved in the government. He held a sense of duty which was associated with fear. The viewer sensed that the person was not sure that what he was doing was right. "

"The viewer focused on the target event and sensed the concept of "starting over." In the viewer's words, the event is "a painful experience which brings to issue "survival" and coping and decisions that need to be made. It's going to be an upheaval."

"The viewer perceived "lots of entities rushing around trying to fix things. This has to do with moving a large group of people to safety. This feels like the Earth's future and what needs to be done in order to survive. This is on a large scale."

"The viewer sensed that the event had a devastating effect on the economy. "This takes people's breath away. They are hushed as an initial reaction."

Let us briefly recap what we have learned thus far:

- 1) a key government leader, identified in the heading as the President, is holding a meeting to discuss the "coming arrival of something from space", something from outer galactic space.
- 2) Emotions are running very high and very strong at this meeting, i.e., "overwhelming fear and anxiety" In other words, the peoples of the world are in high turmoil and fear; a crisis exists, of the highest degree!
- 3) The President is not sure he is taking the correct steps in solving this crisis but he feels that his actions will amount to "starting over". Perhaps this insecurity about the quality of Presidential leadership are contributing to this sense of panic and fear!
- 4) The peoples of the Earth are in danger of being killed, and possibly, our civilization is endangered. The President is talking about "moving people to safety" during this time of "upheaval". The "survival" of the Earth must be in doubt.

Strangely enough, Ruth Montgomery, prominent New Age author, speaks so much of the coming "upheavals" in the world that I have wondered aloud whether I am reading Ruth Montgomery or the Book of Revelation.

Remember, Antichrist will come through the flames and destruction of the Third World War, between Israel and her immediate Arab neighbors; but to ensure that the peoples of the world will fully accept him, the planners of the New World Order have included global crises of great magnitude, to panic the people so they will accept the Divine claims of the Antichrist, so they will turn to him in desperation, hoping and believing he can solve the world's crises.

- 5) The crisis has taken Wall Street down, as the losses mount so significantly and so fast that their "breath is taken away" by the losses, and the speed with which they occurred.

Make no mistake about it: this Scientific Remote Viewing (SRV) is foretelling of a global crisis, in which the American President is taking the lead in the Earth's response. Not knowing for sure if the action he is taking is the correct action, the President,

nevertheless, confirms that Aliens and UFO's exist and are now on the Earth. Can you imagine the intensity of this Presidential News Conference? Can you imagine the questions that panicked reporters might be asking? Weak Presidential leadership at this point might just make the people more hungry for the strong leadership which Antichrist will provide when he arises! Weak Presidential leadership at this critical juncture in world history might provide just the sort of leadership vacuum which will propel Antichrist onto the world scene with the kind of synergistic propulsion desired.

The most important scenario the world has ever seen will be under way, and you and I will have front row seats. But, you will know what is truly going on, and you will be able to "look up, and lift up your heads; for your redemption draweth nigh." (Luke 21:28)

Now, let us examine the next Scientific Remote Viewing (SRV), which is an account of another psychic "viewing" the same future scene as the first psychic viewed it in the account, above. While you read it, you will notice much the same information, and in approximately the same sequence. This "phenomenon" is intended to lead the reader into more of an acceptance of this occult technique because, we have already been told, the individual psychics performing the SRV did their work "independently" of one another.

Scientific Remote Viewing (SRV) -- Session Two

"Farsight Professional 2: The ET Event

"NOTE: All SRV sessions are conducted blind. The viewer does not know what the target is until the session is over. "

"The target cue for this session was "U.S. President/Post Election ET Announcement."

"Soon into the session, the viewer heard whirring and whooshing sounds. The colors associated with the site were red, white and blue. The viewer perceived people at the site, and the concept of "blowing your socks off!"

"The viewer then perceived a meeting within a structure, involving a leader. The viewer drew a sketch of a group of people watching some central event. After focusing on the target person, the viewer deducted that this was the next U.S. President. The viewer sensed that the event was important, and that 'many things are shifting, moving, and changing in a spectacular way.' The

viewer perceived that people were gathered around the central person, and that decisions determining the future would be made.

"

"In the viewer's words, 'this person seems to be on stage in front of a large crowd. There's a lot of energy and movement. The target person is a high person. He stands apart from the crowd. People are watching this person.'"

"The viewer focused on the target event's effect on society and sensed 'society still has its comfort zone and wants to maintain that - it resists change. People are bewildered and

angry and want to keep everything the same.' "

"The viewer perceived that the economy shifts and changes. "There are worldwide effects. This was all planned and worked out ahead of time - it is falling into place now.

[Isn't this amazing, that the occultic psychic would reveal to you, the reader, that "This was all planned and worked out ahead of time". Why, that sounds like a conspiracy, doesn't it to you? This revelation is exactly what we have been saying for many years now, and is exactly what the Bible predicted!]

[But, now, the entire, carefully planned scenario "is falling into place now". Antichrist is about to appear! This Presidential News Conference is just one of the first planned scenes.]

Now, let us examine the third SRV interview with yet another psychic.

Scientific Remote Viewing (SRV) -- Session Three

"Farsight Professional 3: The ET Event

"NOTE: All SRV sessions are conducted blind. The viewer does not

know what the target is until the session is over.

The target cue for this session was "U.S. President/Post Election ET Announcement."

"Soon into the session, the viewer perceived the emotions of fear, amusement, and terror at the target site, and sensed that the event involved an organized mission. There were people at the location, and the viewer perceived that a rescue attempt was

underway. The viewer deduced that the event involved Martians and a volcano. " [Again, we have the issue of Mars introduced into the scene. As we revealed in NEWS1029, "Life On Mars!? Technological Delusions Designed To Deceive", New World Order Planners have been conditioning people to believe there is life on Mars for many decades now. A belief on life on Mars is critical to this lying scenario being played out before our eyes.]

"The viewer drew a sketch of a central figure surrounded by energy. In the viewer's words, the person "is a leader, and has a focused intensity of concentration, awareness, and alertness. This person is on the lookout." The viewer deduced that the person was President Clinton." [The psychic viewer names Clinton specifically in their occultic Remote Viewing]

"The viewer perceived that this event was historical and a turning point. "People are agitated, yelling, and milling around. Something pivotal is happening, but there is little

coherence. There is a lot of confusion and movement. Something new is emerging, of which little is known." The viewer deduced that the event was related to grey extraterrestrials appearing in public." [The world is at an historic 'turning point' and a lot of people are very, very upset. Then, the viewer begins to understand that this confusion is caused by the appearance of 'grey extraterrestrials', from Mars.]

"The viewer sensed that the leader of the government was being besieged and almost attacked. There was a division of people into separate camps of diverse interests. 'A nation divided.' " [Our national leadership is definitely not handling this unique situation well, or with aplomb; as a result, a leadership vacuum is beginning to be seen and felt, leaving the way open for the REAL leader to appear and fill the vacuum -- Antichrist.]

"The viewer perceived that 'primitive emotions are stirred.' ['Primitive emotions' is code word for

'violence' or 'force'] There is a sense of trying to control the society. There is

chaos. There is mistrust of the entire economic system. Panic leads to goods and services becoming scarce." [Again, we are told that economic forces are going to be unleashed which will be very destructive]

"The viewer continued: 'There is a lot of spin doctoring, bending information and misleading people.' The military is tempted to use more force than is needed, and there are some regrettable events. The government has some difficulty controlling the military." [Chaos in the streets is getting so bad that the military steps in to seize control back, causing some 'regrettable events'. Is this when our guns are confiscated and Patriots and Fundamental Christians rounded up?]

Now, let us review the fourth SRV, which will deliver the final punch to this future scene. In this fourth SRV, we are told more bluntly what is truly going to happen.

Scientific Remote Viewing (SRV) -- Session Four

"Farsight Professional 4: The ET Event

"NOTE: All SRV sessions are conducted blind. The viewer does not know what the target is until the session is over. "

"The target cue for this session was 'U.S. President/Post Election ET Announcement.' "

"Soon into the session, the viewer heard whooshing sounds. The smells associated with the site were smoky and sweet. The viewer immediately drew a sketch showing swirling energy and people. The viewer perceived that the event involved a group of people

who were hurried. The emotions at the site were those of acceptance, self deception, and resignation ..."

"The viewer then drew a sketch showing people watching a central figure, with a radio telescope in the background. (See sketch 1 below.) The viewer sensed that 'somebody doesn't know why something is happening. It is mysterious.' There were very

emotional people at the target site and in the viewer's words, they were 'going through the emotions without reasoning. People are outside, but something they need is hidden inside.'

"The viewer then deduced that the target event involved President Clinton and the government announcement that ETs were real. [Now, the true goal of this entire lying scenario is boldly stated: the objective of this Presidential News Conference was to convince people that ET's are real, that they are friendly, and to have them visibly appear]

The viewer perceived voices, clapping hands, and loud banging. There was a central figure at the site who was a leader. The emotions surrounding the event were terror, fear, excitement, and sorrow. There is a unity of some, and sorrow for the disruption of the lives of others. There is a great distraction due to changes which are inevitable. The central figure will emerge as a strong, vibrant leader due to necessity and destiny."

"The viewer perceived concepts of tolerance, solidarity, unity, purpose, destiny, and guidance. In the viewer's words, 'The surrounding people are supportive because they must have a leader. The leader is a good person and rises to the needs and desperation of the people. There are subspace beings involved and watching the unfolding of the events. They are in communication with the leader and he is aware that they are communicating. These beings are not the target, but are very intricately involved in shaping the leader's opinion, thoughts, and ultimate actions. They are influencing because it is crucial, not out of any selfish motivation. All communication is mutually beneficial and symbiotic.' " [Isn't this sweet? Now that the Aliens are here on Earth, and are exerting their influence upon our society, we now will experience a new Garden of Eden! But, wait, what is that still, small voice I hear? It is the voice of Biblical prophecy warning about Antichrist and his claims, "he shall magnify himself in his heart, and by peace shall destroy many:" Daniel 8:25. Remember this warning: by peace he {Antichrist} shall destroy many".]

"The viewer then focused on the target event, and perceived a group of people experiencing chaos and unrest. There was

division and uncertainty associated at the target site, and the emotions were those of terror and excitement. 'The event is not bad or negative, but is perceived so by many due to lack of vision and true understanding of what is happening. Many are too fearful to open their eyes and hearts.' "[Could this group of people possibly be us, the Fundamentalist Christians, who have been too often charged with having no proper vision and no understanding, and of being too filled with fear? Are these the people of whom Bill Lambert stated in his seminar, that will be snatched into another dimension because we could never accept the claims of The Christ? Read NEWS1052, "Seminar Notes: House of Theosophy, 8/18/91". This might be the Rapture of the Church!!]

"The viewer perceived a sense of loss and gain. 'The event has great and far reaching results in the evolution of the planet than any of the immediate participants feel. Evolution is at stake. A window has opened and the event is seen through it by all.' "[As we stated in our article on Mars, the real objective in conditioning people to believe on life on Mars is to convince them that Christianity is false when it teaches a uniqueness of creation on Planet Earth, and when it teaches Creation rather than Evolution]

"The viewer deduced that the event involved the government, the greys, and the Martians. The viewer sensed the target person would 'do what is necessary for the betterment of all.' There was a strong female influencing and assisting the target person. [Mrs. Clinton?] In the viewer's words, there is a 'male/female balance in leadership that brings strength.' "

"The viewer then drew a sketch showing many spaceships above a group of people on the ground. (See sketch 2 below.) [This scene sounds suspiciously like the scene reported in New Age author, William Cooper's book, "Behold A Pale Horse", where he said UFO's and Aliens would physically manifest themselves to aid the Christ in his appearing.] The viewer perceived that there was 'activity and celebration of the event in both the physical and subspace realms.' "[Subspace realms" refers to the minds and inner being of people. In other words, just like Bill Lambert said, when Antichrist arises, people will sense him with all five of their physical senses, plus their souls will receive some kind of 'psychic shock' that will reverberate their souls like a tuning fork reverberates!]

"The viewer sensed that the target event involved an announcement, chaos, and upheaval. The event allows 'a minority of

evolved people's views to emerge.' " [What kind of person is described here, the "evolved people"? It is none other than the New Age adherent who has been working and praying and meditating **for this event** for such a very long time. Finally, their occult vision is going to be realized!!

Did Clinton Mess Up The Truth Being Told?

At a recent social function I met a mature titled gent who claimed to be a friend of a British intelligence agent who had visited Area 51. Apparently, this agent had seen parts of extraterrestrial technology being manufactured at the infamous site, 'There are spacecraft there,' I was informed. 'But why then, are they keeping this a secret,' I asked, to which my new friend reported that steps had been taken to inform the public, which was to be announced by President Clinton. However, when Clinton became involved in the sex scandals it was decided that the truth might not be taken seriously, and therefore should be saved until they had a president more capable of dealing with it. The name of the president elected to enlighten the world in the new millennium, is, I am told, George W Bush! Is that foresight? We shall wait and see - but if it transpires, you read it here first!

*Presidential
Release*

Pentagon by a source who claimed that sensitive UFO data originating with the US government was to be turned over to elements of the media. This provoked some concern on the part of the military, and a copy of the letter was made available to the FBI for action. The letter revealed:

In approximately seven months or January, 1972, certain copies of top-secret documents shall be sent to the New York Times as well as two other newspapers. These documents are related to and will be an ostentation of the involvement of the Pentagon in the controversial 'Unidentified Flying Objects' or 'Flying Saucer' subject. It will show that not only the US Air Force was involved in UFO research but the other military branches as well.

Analysis and the actual conclusions of the classic UFO cases shall be revealed. This shall be accomplished by zeroxed documents and photographs that General Wolfe had reviewed when he was head of the Army's UFO support program in the Pentagon during the Eisenhower years.

Sorry, but it is concluded here that this is the best course to take because we feel that the secret UFO investigations are parallel in nature to the Times-Pentagon-Vietnam controversy. If we are wrong in taking this action, time will tell.

With little evidence to go on, the Bureau simply filed the curious letter, but it is worth noting that in the early to mid-1970s, rumours were rife that the American government was contemplating the release of sensational hitherto-unseen UFO data. The investigator Leonard Stringfield recalled one such occasion in 1974:

I knew that a report was quietly circulating among responsible researchers in late 1974 anticipating such an announcement, perhaps jointly by the US and France . . . I was alerted by Walter Andrus, Director of [the Mutual UFO Network], to be prepared as Public Relations Director, to rush to Chicago, joining he and Dr [J. Allen] Hynek of CUFO in a press conference if official word was released.

On the suggestion of Andrus, I prepared a tentative press release, got both his and Hynek's approval, and we waited. In my UFOlog entry for December 16, 1974, I noted, 'Wonder what President Ford and Giscard d'Estaing, President of France, are discussing in Martinique beside the oil problem?'

If UFOs were on the agenda we can only guess. The Martinique meeting ended with nothing said about UFOs. The biggest story ever, was never told.¹³

The 'biggest story ever' may not have been told; however, a decidedly unsettling, even macabre, issue was waiting in the wings to task the FBI, as we will see in the following chapters.

Documentation generated by the Bureau in 1977 suggests at first glance that meaningful involvement in the UFO subject on its part was by that time practically nonexistent.

On 14 June 1977, Jay Cochran Jnr, Assistant Director, FBI, Technical Services Division, was contacted by Stanley Schneider of the Office of Science and Technology at the White House and asked about the Bureau's procedures for handling information received which related to UFOs. In a memorandum generated for internal use, Cochran wrote:

[Schneider] advised that Jody Powell of the President's staff has raised the question as to whether or not there is any coordination within the Executive Branch relating to information concerning [the UFO] subject. He stated that the US Air Force had closed their investigation of these matters several years ago and currently does nothing but refer such information to appropriate local authorities.

I advised him that as far as the FBI is concerned there appears to be no conceivable jurisdiction for us to conduct any inquiries upon receipt of information relating to a UFO sighting and, in the absence of some investigative jurisdiction based upon the information furnished, that information would be referred to the Department of the Air Force without any action being taken by the Bureau.
