CD20	#11	a. Target coordinates	Facilitator was provided	None.	23 May 80	23 May 80	a. Long valley between hills w/river down center.	Information provided was not very good as it was not specific enough and general description of area was quite different from the way it actually is.
		b. Viewer requested to describe the area.	the same information as the Remote Viewer.					
		c. ITAC requested targeting of this area to ascertain if the # of submarines could be determined in order to ascertain military build-up & or hostile intent.					b. Pt. of interest a constriction at one end of valley like two "V"s.	
		d. Requested target time/day was 26 May 1980/1000 hrs.					c. What flows through valley is constricted there.	
							d. Some object there with flow around it; like a ship w/bow waves.	
							e. This object was also described as a pointed object in a wind tunnel.	
							f. Two two-dimensional "V" shaped objects, w/apex or point at 90° almost touching. Flow is right to left in valley as river flows left to right.
