

KEN SESSION: # 159 (MAP # etc. 13HL)

0800 4 April 1980.

> <sup>200 ft. +</sup> Very tall scaffolding, at base is peculiar... thing... like an X shape on the ground... or V shape... Supported on pilings,

60 ft. open culvert.   
 Scuffolding was not painted but it was coated with a white material.

undug ground in places (object) and elevated in other places. goes over a small cut away cement ditch a lined shallow ~~source~~ <sup>source</sup>. On Pilings: feeling down in a cement type work - domed rivine. (don't see water). to left is high town and scuffolding that's elongated.

(MOVE OVER TARGET) (Describe terrain)

> feeling of, on distant horizon, humps - Sunrise. Looking at Sun rise - more terrain features to back side - right side low hill (Snow capped.)

Scuffolding was not painted but it was coated with a white material.   
 But coated with a white material.   
 Within context.

at back - 30 miles back - a mountain... essentially.

away from town - official structure - about 4 stories. Surrounding area has people and structures - but (no big city) more like an outpost or a - like a little town - small city - stretches away in a recent slope on right which would be in the mountain on right.

(FOCUS ON ACTIVITY)

> Attracted to and impressed by rugged jagged concrete blocks elevated off ends of scaffolding. Very square & stark. - supports vehicles - which can drive up on rocks on this very deep cut or gorge. As we supporting scaffolding or suspended in folding. Some ~~angles~~ angles - cement round bases

earlier wanted to say the cut is a large rounded conduit - mouth or hole - flush with the wall.

MOVE AHEAD IN TIME 20 APRIL 1980 0800hrs.  
REPORT ACTIVITY.

Getting a feeling that the thing is ~~over~~ over...  
that it is done... blankness to scaffolding &  
emptiness - what was there is now gone.

LOTS OF NOISE.

Large exposure of cement is now exposed.

No activity, feeling of vacantness... party  
is over... quiet. Nothing in there...  
Very Quiet.

\* Trucks going & coming on ramps.

elaborate type of open cage ~~in~~ moving up  
very high up feeling!

two ~~more~~ higher ~~than~~ open ~~above~~ above, much  
noisy.
