Shallow valley
like narrow dirt roads

chain link fence compound

+5

Have him scan through the fenced area
oversized barracks type building

two things

huge dish type antenna pointed skyward
very close to ground
big building on the left side

+08

Have him search the area for activity

4-5 small buildings in the fence
kind of along the perimeter

+11

Okay, let him go inside (the big building)

Darkness inside

console with beeping lights yellow/green/red
beeping flashing
supposedly shaded.

Small group 20-25 or more people
slightly

+14

Have him back off, move up to several hundred
feet and look down at the area.

desolate uninhabited outside the compound
few trucks, for a few bldgs, trucks,
in compound.

Antennas point skyward

+17

Okay, lets move to our next time
long big steel tower w/ light on top
for like radio x-men/reception.

5 Feb 1981

double personnel great deal activity/
excitement

Tracking of something outgoing
sense of success; exhilaration

Changes lot of light like exceptionally
bright sunlight.

+22

Have him move to the center of activity

light coming from the center:
big hole in the ground is source of
light.

+25

Earlier he mentioned trucks, have him look
for trucks and access to tell what
inside.

Have him find one of the trucks now

Truck:

snub nose, 00, long low flat trailer
2 sets double wheels

+30

Put him in the rear of the truck and
describe what he finds or would find

just carrying
specifically designed to carry a missile
or something like that

+32

Okay, that's all I have, ask him if he has
anything more to add.
