

Project 8035

Session ILL-59

#7

#14

220900 May 81

Map - long irregular body of water  
dotted curved line  
curving toward river

mlns to r.

reminded of conduit "flow more"  
by tube

in valley

high ground looking at low ground to N

not many trees  
some complex to L.  
by trucks

6-8 guys  
heralding an body  
drop of some kind  
other equipment

something blew up

people didn't jump

OK, lets get him moving around

repetition of bumps like arctic position

+14  
x\*

Lined entire piece in revetment  
pointing to NE

+20  
\*\* OK, what other perceptions does he have?

Man or cave

To east in ravine on 3 things  
dig back into hill - could be entire

To west 30-40 people in formation  
like training

lot of people w/ umbrellas

\*\* OK, ask him to gain an appreciation for  
the nature of this activity, then  
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a  
protected valley

3-4 troops maintaining vehicles  
Vh all oriented the same way

Vh w/ real tall antennas w/ guy wires

+34  
\*\* Ask him on last time how he would  
describe the urgency of the situation

\*\* +34 Joyed the last question, he just answered  
it

\*\* +34 Approved For Release 2000/08/07 : CIA-RDP96-00788R000500170001-9  
He got no further questions
