D-97	#08	Prior to the ses- sion the source was shown three photographs. He was told that these photos were of an US Embassy somewhere in the world. During the session the source was asked to go to this Embassy and examine the fire- wall between the Embassy and the adjacent building. He was asked to identify anything about this wall that is of concern to security. It was stressed by the interviewer that	The interviewer was provided the same know- ledge as was provided the source.		30 Oct 80 4 Nov 80	a. Source reported that a portion of the wall on the second floor was a part of a steel plated vault. He had the impress- ion of someone try- ing to see through it. b. Source reported street level floor was clean. c. Source reported finding two "black dots" in wall on second floor. He felt that there was a black line on the opposite wall that runs from the rear to the front of the building. When ques- tioned, source stated
